1. Plan Description

The following brief description of the Tribune Company 401(k) Savings Plan (the "Plan") is provided for general information purposes. Plan participants should refer to the revised Plan document with amendments for more complete information. As discussed below, on June 12, 2014, the Plan was frozen and participants were no longer able to contribute to the Plan while allowing for certain rollovers. On July 16, 2014, Tribune Company amended and restated its certificate of incorporation and changed its name to Tribune Media Company (the "Company").

General
The Plan is a defined contribution plan that covers eligible salaried and hourly employees of the Company and participating subsidiaries. Separate benefit accounts are maintained for each participant.

Prior to the Freeze Date (as defined below), full-time employees (and part-time employees after one year of service) of the Company and participating subsidiaries were generally eligible to participate if they were at least 21 years of age, except for employees covered by collective bargaining agreements which do not provide for their participation in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Freeze
On December 9, 2013, the Company filed a registration statement on Form 10 with the U.S. Securities and Exchange Commission for the purpose of effecting the separation of its principal publishing operations (the "Publishing Spin-Off") into an independent company, tronc, Inc. ("tronc"). The Publishing Spin-Off was consummated on August 4, 2014. In connection with the Publishing Spin-Off, the Company froze the Plan on June 12, 2014 (the "Freeze Date"), and, effective June 13, 2014, established new, separate plans for each of the Company and tronc (the "New Plans"), including eligible employees of the Plan. After the Freeze Date, Plan participants were no longer able to make additional contributions to the Plan, although the Plan continues to accept repayment of Plan loans. Under the terms of the New Plans, account balances distributed from the Plan are not being transferred, and may not be rolled over, to either of the New Plans.

Because sponsorship of the Plan remains with the Company after the Publishing Spin-Off, the Publishing Spin-Off resulted in a separation from service of tronc participants for Plan purposes. Accordingly, the Publishing Spin-Off resulted in partial termination of the Plan with respect to the tronc participants, who became fully vested. Each tronc participant had to choose to leave his or her account balance in the Plan, roll the account into an Individual Retirement Account ("IRA") or take a distribution from the Plan, according to the rules of the Plan. By contrast, participants who are employees of the Company are not treated as having separated from service with the Company and may not take a distribution or roll the account into an IRA as a result of the Publishing Spin-Off.

Chapter 11 Reorganization
On December 8, 2008, Tribune Company and 110 of its direct and indirect wholly-owned subsidiaries (collectively, the "Debtors"), filed voluntary petitions for relief under chapter 11 of title 11 ("Chapter 11") of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court"). On December 31, 2012, a plan of reorganization for the Debtors became effective and the Debtors emerged from Chapter 11. Pursuant to the Debtors' plan of reorganization, the Plan has been assumed by the applicable reorganized Debtor.

Plan Administration
The Plan is administered by the Tribune Media Company Employee Benefits Committee (the "Committee"), which consists of Company employees who are appointed by the Board of Directors of the Company or by the Chairman of such Committee. Vanguard Fiduciary Trust Company is the Plan's trustee (the "Trustee").The Trustee is responsible for the custody of the Plan's assets and the investment management of some of the Plan's assets.

Contributions
Prior to the Freeze Date, participants could elect to make before-tax contributions of up to 100% of their compensation (as defined in the Plan) subject to Plan and Internal Revenue Service ("IRS") limits. Participants directed the investment of their contributions and continue to direct the investment of their current balances into various investment options offered by the Plan.

Effective January 1, 2004, the Plan was amended to allow the Company to make a retirement contribution to the Plan each payroll period in an amount equal to 4% of an eligible participant's compensation for that payroll period. The Plan also allowed the Company to make an annual profit sharing contribution at the discretion of the Company's board of directors each year. As of December 31, 2007, the Plan was again amended to cease the Company contribution and profit sharing contribution to the Plan except for a specific group of employees.

Effective January 1, 2010, the Plan was amended to include a matching contribution by the Company of up to 4% of an employee's eligible pay. The first 2% of employee contributions are matched dollar-for-dollar, and the next 4% of employee contributions are matched $0.50 for each dollar contributed by the employee. The Plan was also amended to provide for an annual discretionary profit sharing allocation. If a profit sharing allocation is made, all eligible employees will receive it, regardless of whether or not they contribute to the Plan. The Company did not make a profit sharing contribution for the 2016 plan year.

Effective January 1, 2010, the Plan was amended to become a "safe harbor" plan, namely a "qualified automatic contribution arrangement" ("QACA") within the meaning of section 401(k)(13) of the IRC. As a safe harbor plan, employee and employer matching contributions to the Plan are deemed to be nondiscriminatory, and are no longer subject to nondiscrimination testing. Under the Plan's QACA feature, eligible employees who do not make an affirmation election to participate or not to participate, were automatically enrolled in the Plan at 3% of their compensation with 1% annual increases up to 6% (effective January 1, 2012, up to 10%) beginning in the second year after the year in which they are automatically enrolled.

Prior to the Freeze Date, participants could elect to have all or a percentage (in 1% increments) of their contributions and their share of the Company's contributions, if applicable, invested in or transferred among one or more of the investment funds. Company and employee contributions were automatically allocated to the series of Vanguard Target Retirement Funds (selected based on the participant's expected retirement age), unless the eligible participant elected to have them allocated otherwise. Participants could change how contributions were invested at any time, and these changes were effective the next pay period. Participants may make interfund transfers on a daily basis.

Participants' Accounts
Each participant's account is credited with the participant's contribution (through the Freeze Date) and allocations of (a) Company contributions, if applicable and (b) Plan earnings and losses and was charged with an allocation of administrative expenses. Allocations are based on participant

elections or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are, at all times, 100% vested in their own contributions. All participants generally become fully vested in the Company's matching contributions and profit sharing contributions after two years of service. Different vesting schedules apply for other employer contributions. Full vesting is provided in certain instances regardless of a participant's period of service. Participants of tronc became fully vested in the Company's matching contributions on August 4, 2014 as a result of the Publishing Spin-Off.

Forfeited Accounts
Forfeitures of terminated unvested account balances are used to reduce future employer contributions or pay administrative expenses at the Committee's discretion. Unallocated forfeiture balances as of December 31, 2016 and 2015 were $439,173 and $441,029, respectively. The Company used $17,766 of forfeitures during 2016 to pay administrative expenses and plans to use future forfeitures in the same way.

Payment of Benefits
Participants who have attained age 59½ or who are totally and permanently disabled may, in most instances, elect to withdraw their vested account balances through notice to the Company at any time.

Participants may make withdrawals of any part or all of the balance in their before-tax contribution accounts (excluding certain earnings), prior to termination, in order for the participant to meet an immediate and significant financial need for which a withdrawal would be permitted by IRS regulations.

Distributions of account balances are generally made to participants in a lump-sum cash payment.

In connection with the Publishing Spin-Off, effective August 4, 2014, tronc participants had to choose to leave his or her account balance in the Plan, roll the account into an IRA or take a distribution from the Plan, according to the rules of the Plan.

Notes Receivable from Participants
The Plan permits participants to borrow from their accounts. The minimum amount that can be borrowed is set by the Committee at their discretion. The maximum amount is equal to the lesser of (a) $50,000 less the highest outstanding loan balance during the most recent 12 month period or (b) 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's outstanding loan balance. Loan terms range from one to five years. Participants are eligible for a second loan, including a loan related to the purchase of a principal residence. Principal residence loan terms range from 5 to 30 years. The loans are secured by the balance in the participant's account. The interest rate for a loan is the prime rate on the last business day of the month prior to loan inception and is fixed for the life of the loan. Principal and interest are paid ratably through payroll deductions. The interest rates on notes receivable from participants outstanding at December 31, 2016 and 2015 ranged from 3.25% to 10%.

In connection with the Publishing Spin-Off, tronc participants who had outstanding loans could not continue to make loan payments through payroll deductions after the Publishing Spin-Off date of August 4, 2014. Participants of tronc had to arrange repayment directly with the Trustee within 60

days of the Publishing Spin-Off. If tronc participants did not arrange repayment of his or her loan with the Trustee within 60 days of the Publishing Spin-Off, the loans defaulted and the outstanding balance was treated as a distribution and subject to regular income tax and a corresponding penalty (if applicable). No future loans are permitted for tronc participants, but tronc participants may take a lump sum distribution of the full account balance from the Plan anytime on or after the Publishing Spin-Off date, or roll the account into an IRA, subject to terms and conditions of the Plan and applicable taxes and penalties.

Plan Amendment or Termination
The Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer contributions and distributions will be made in accordance with the provisions of ERISA.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
The Plan's investments in the Tribune Company Master Retirement Savings Trust are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The fair value of the Plan's interest in the Tribune Company Master Retirement Savings Trust is based on the specific interest that each plan has in the underlying investments of the master trust.

Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold and unrealized gains and losses on investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Distributions are recorded when paid. There were no benefit claims that have been processed and approved for payment prior to December 31, 2016, but not yet distributed as of that date.

Administrative Expenses
Substantially all of the administrative and recordkeeping expenses incurred in connection with the Plan are paid by the Plan and allocated per capita to each participant. The amount is reflected on each participant's quarterly statement. Administrative expenses paid to Vanguard for trustee and record keeping services were $462,818 in 2016. Investment related expenses are included in Plan interest in net investment income (loss) of Tribune Company Master Retirement Savings Trust.

New Accounting Pronouncements
In February 2017, the FASB issued ASU No. 2017-06, "Employee Benefit Plan Master Trust Reporting". ASU 2017-06 clarifies the presentation requirements of a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The amendments in ASU 2017-06 are effective for fiscal years beginning after December 15, 2018, with early adoption permitted. Application of these amendments require retrospective application for all periods presented. The Plan is currently evaluating the impact of adopting ASU 2017-06 on its financial statements.

In May 2015, the FASB issued ASU No. 2015-07, "Fair Value Measurement (Topic 820)". The amendments in ASU 2015-07 provide guidance for investments for which their fair value is measured at net asset value (or its equivalent) and removes the requirement to categorize these investments within the fair value hierarchy. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2015. Application of these amendments require retrospective application for all periods presented. The Plan adopted ASU 2015-07 as of the year ended December 31, 2016. The adoption of this standard did not have a material impact on the Plan's financial statements.

3. Transfer of Assets

Certain Plan participants who were formerly employees of The Times Mirror Company, the Los Angeles Times, Matthew Bender & Company, Inc., Achieve Global, Inc., The Morning Call, Inc., Newsday and Times Mirror Magazines, Inc. have accounts in the Plan that hold investments attributable to The Times Mirror Employee Stock Ownership Plan (the "Times Mirror ESOP"). Benefits under the Times Mirror ESOP are coordinated with participants' defined-pension benefits held in the Tribune Company Cash Balance Pension Plan ("Cash Balance Pension Plan"). Under this arrangement, a participant receives a pension benefit equal to the greater of his or her applicable pension benefit amount or the annuity equivalent of the participant's Times Mirror ESOP account balance. At retirement, if a participant does not affirmatively elect to receive his Times Mirror ESOP account balance as a lump sum distribution, the participant's Times Mirror ESOP account balance will automatically be transferred to the Cash Balance Pension Plan in accordance with procedures established by the Plan administrator. Transfer of assets represents Times Mirror ESOP account balances that were transferred from the Plan to the Cash Balance Pension Plan during 2016.

4. Interests in Tribune Company Master Retirement Savings Trust

A portion of the Plan's assets are invested in the Tribune Company Master Retirement Savings Trust, which was established for the investment of assets of the Plan and several other Tribune Company sponsored retirement plans. Each participating retirement plan owns units of the Tribune Company Master Retirement Savings Trust. The assets of the Tribune Company Master Retirement Savings Trust are held by the Trustee. At both December 31, 2016 and 2015, the Plan's interest in the net assets of the Tribune Company Master Retirement Savings Trust was approximately 92%. Investment income (loss) and administrative expenses related to the Tribune

Company Master Retirement Savings Trust are allocated to the individual plans based upon balances invested by each plan.

The following table presents the fair values of investments and investment loss for the Tribune Company Master Retirement Savings Trust at December 31, 2016 and 2015, respectively, and for the year ended December 31, 2016.

5. Fair Value Measurement

ASC Topic 820 “Fair Value Measurements and Disclosures” (“ASC 820”) establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies
Registered investment companies consist of investments in mutual funds. Mutual funds are valued based on exchange listed prices, for exchange traded registered investment companies, or the Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

Commingled Investment Trust
The commingled investment trust consists of a pool of investments used by institutional investors to obtain equity market exposures by investing in funds which are intended to mirror market indices. It is valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets in the respective commingled trust. The funds are valued using NAV as provided by the investment account manager as a practical expedient. The commingled investment trust included in the Tribune Company Master Retirement Savings Trust is the Fidelity Diversified International Commingled Pool.

The table below reports by level, within the fair value hierarchy, the Master Trust investment assets at fair value as of December 31, 2016 and 2015. As required by ASC 820, the assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The fair value hierarchy in the tables excludes the commingled investment trust in 2016 which is valued using NAV as a practical expedient.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Tribune Company Master Retirement Savings Trust				
Registered investment companies	$ 958,483,879	$ -	$ -	$ 958,483,879
Total Master Trust Investment Assets at Fair Value	$ 958,483,879	$ -	$ -	$ 958,483,879
Commingled investment trust measured at NAV as practical expedient (1):				61,762,110
Total Tribune Company Master Retirement Savings Trust assets				$ 1,020,245,989

(1) In accordance with ASU 2015-07 commingled investment trusts that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconcilation of fair value hierarchy to the total value of plan assets.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Tribune Company Master Retirement Savings Trust				
Registered investment companies	$ 1,071,155,823	$ -	$ -	$ 1,071,155,823
Total Master Trust Investment Assets at Fair Value	$ 1,071,155,823	$ -	$ -	$ 1,071,155,823

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan transferred assets from a registered investment company into a commingled investment trust during 2016. There were no transfers of assets between the Levels in 2016 and 2015.

The following table summarizes the investment at fair value based on NAV per share as of December 31, 2016:

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Commingled investment trust	$ 61,762,110	$0	Daily	None required

The commingled investment trust's objective is to seek capital growth through the active management of primarily, non-US common stock. NAV per unit is determined each business day.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2017, which considered amendments executed through December 23, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended subsequent to December 23, 2015. However, the Plan's ERISA counsel believes that the Plan is designed to comply with, and the Company believes the Plan is currently being operated in material compliance with, the applicable requirements of the IRC and is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's tax exempt status.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

7. Related Party Transactions

Tribune Company Master Retirement Savings Trust transactions and notes receivable from participants qualify as party-in-interest transactions (see Note 4 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year)).

8. Risks and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and values will occur in the near term and that the effect of such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Other Matters

The Plan has been named as a defendant in an action entitled *Deutsche Bank Trust Company v. Ohlson Enterprises, et al.* ("Deutsche Bank"). Although this action was originally filed in the Northern District of Illinois on June 2, 2011, the Plan was not named as a defendant until the plaintiff filed its Third Amended Complaint on March 6, 2012. The Plan was served on March 9, 2012. The litigation has been consolidated as part of the "multi-district litigation" in the U.S. District Court for the Southern District of New York. This action, based on state law constructive fraudulent conveyance claims, was brought by Tribune Company creditors against shareholders whose shares were redeemed in connection with the leveraged buyout of the Tribune Company in 2007.

The Plan has also been served with a copy of the Complaint in the action entitled *The Official Committee of Unsecured Creditors of Tribune Company, on behalf of Tribune Company, et al v. Dennis J Fitzsimons, et al.* ("FitzSimons"). Although this action was originally filed in the Bankruptcy Court for the District of Delaware on November 1, 2010, the Plan was not named (either directly or indirectly through its participation in the Tribune Company Master Retirement Savings Trust (the "Trust")), until the Trust was named in the Third Amended Complaint filed on January 11, 2012. The Trust was served on July 9, 2012, and the Plan was served on August 21, 2012. This action, based on federal bankruptcy law intentional fraudulent conveyance claims, has also been consolidated as part of the "multi-district litigation" in the U.S. District Court for the Southern District of New York.

Defendant's Motion to Dismiss certain state law claims in the Deutsche Bank case was granted by the District Court on September 23, 2013. On March 29, 2016, the United States Court of Appeals for the Second Circuit, in a unanimous opinion, affirmed the District Court's dismissal of the state law claims on alternative grounds. On April 12, 2016, the plaintiff asserting the state law claims filed a petition for rehearing of the Second Circuit's decision *en banc*. On July 22, 2016, the Second Court denied that petition. On September 9, 2016 the plaintiff appellant filed a petition for a writ of certiorari in the United States Supreme Court, which is currently pending.

Defendants also filed a global Motion to Dismiss all federal law claims against shareholder defendants (including the Trust) in the FitzSimons case on May 23, 2014. On January 6, 2017, the District Court granted the shareholder defendants' Global Motion to Dismiss (which includes claims against the Trust), while motions to dismiss filed by other defendants in the case continue to remain pending. On February 1, 2017, the plaintiff filed a letter addressed to the District Court requesting certification for appeal, pursuant to Federal Rule of Civil Procedure 54(b), of the court's decision granting the shareholder defendants' Global Motion to Dismiss. On February 23, 2017, the District Court issued an order indicating that it intended to grant that request only after ruling on other pending motions to dismiss addressing separate claims in the same complaint, which currently remain unresolved. On July 18, 2017, the plaintiff filed another letter addressed to the District Court requesting leave to file a motion requesting (i) to file a sixth amended complaint in the FitzSimons case adding a constructive fraudulent conveyance claim, and (ii) to reverse the plaintiff's prior request for entry of judgment pursuant to Federal Rule of Civil Procedure 54(b). On July 28, 2017, Ropes & Gray, as Liaison Counsel for the Executive Committee of Exhibit A Shareholder Defendants in FitzSimons, and several other defendants filed letters addressed to the

District Court opposing the relief requested in the plaintiff's second letter. The District Court's decision on this issue is pending.

The amount in respect of the transfers alleged by the lawsuits to have been made to the Trust and that would be allocable to the Plan is approximately $458,264,328.

The Plan intends to continue to respond vigorously to the claims and to pursue all available defenses, including defenses specific to ERISA-governed retirement plans. Separate legal counsel has been retained and is representing the Plan.

11. Subsequent Events

Accordingly, the sale of the Gracenote Companies resulted in a separation from service for those participants, who became fully vested on January 31, 2017. Gracenote Companies participants may choose to leave his or her account balance in the Plan, roll the account into an IRA or take a distribution from the Plan, according to the rules of the Plan.

On May 8, 2017, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Sinclair Broadcast Group, Inc. ("Sinclair"), providing for the acquisition by Sinclair of all of the outstanding shares of the Company's Class A common stock and Class B common stock by means of a merger of a wholly owned subsidiary of Sinclair with and into Tribune Media

Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of Sinclair. The Company is currently evaluating the impact of the Merger agreement on the Plan.

The Plan has evaluated subsequent events through August 4, 2017, the date the financial statements were available to be issued.
