JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Jess Howard Electric Company, Inc. Retirement Savings Plan (the "Plan") was formed for the purpose of providing retirement benefits to employees of Jess Howard Electric Company, Inc. (the "Company") who are subject to prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible upon date of hire to receive contributions when they work on a prevailing wage job. The Plan excludes all union, non-resident alien and leased employees.

Contributions

Prevailing wage contributions (for work performed under prevailing wage contracts and the Davis-Bacon Act) are contributed to the Plan by the Company on behalf of the employee based on the wage rate and job classification of the employee.

The Company may make, at the discretion of the Plan Administrator, a discretionary profit sharing contribution to the account of each participant. Employee contributions are not permitted by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (a) Company prevailing wage contributions, (b) Company profit sharing contributions when applicable, and (c) plan earnings. Each participant account is charged with an allocation of administrative expenses, when applicable. Allocations are based on account earnings, Company contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, consisting of mutual funds with varying fund objectives and degrees of investment risk. Investment securities, in general, are exposed to various risks, such as interest rate and credit risk as well as overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

Vesting

Participants are immediately 100% vested in contributions made to their accounts plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above prime on the date the loan is initiated. Principal and interest are paid ratably through weekly payroll deductions. Interest rates are currently between 4.25% and 4.50% on all outstanding loans.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service, disability, retirement, or death, a participant may elect to receive a lump sum amount equal to the value of his or her vested interest in the account. A participant may also elect to take a hardship or in-service distribution if they meet the requirements listed in the Summary Plan Description. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability regardless of years of services.

Forfeited Amounts

Forfeitures, if any, may first be used to reduce employer contributions. Any remaining forfeitures may be used to offset plan expenses at the discretion of the Plan Administrator. At December 31, 2016 and 2015, respectively, unallocated forfeited amounts were \$25 and \$0.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are primarily paid by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Subsequent events have been evaluated through August 17, 2017, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal year beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management does not believe this will impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Management had elected to adopt Part II for the 2015 plan year.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Fair Value Measurements at December 31, 2016

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,173,463	\$ -	\$ -	\$ 2,173,463
Total	<u>\$ 2,173,463</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,173,463</u>

Fair Value Measurements at December 31, 2015

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,174,676	\$ -	\$ -	\$ 2,174,676
Total	<u>\$ 2,174,676</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,174,676</u>

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7: TAX STATUS

The Plan has adopted a volume submitter form of a plan. The plan has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan, as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Jess Howard Electric Company, Inc. Retirement Savings Plan (the "Plan") was formed for the purpose of providing retirement benefits to employees of Jess Howard Electric Company, Inc. (the "Company") who are subject to prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible upon date of hire to receive contributions when they work on a prevailing wage job. The Plan excludes all union, non-resident alien and leased employees.

Contributions

Prevailing wage contributions (for work performed under prevailing wage contracts and the Davis-Bacon Act) are contributed to the Plan by the Company on behalf of the employee based on the wage rate and job classification of the employee.

The Company may make, at the discretion of the Plan Administrator, a discretionary profit sharing contribution to the account of each participant. Employee contributions are not permitted by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (a) Company prevailing wage contributions, (b) Company profit sharing contributions when applicable, and (c) plan earnings. Each participant account is charged with an allocation of administrative expenses, when applicable. Allocations are based on account earnings, Company contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, consisting of mutual funds with varying fund objectives and degrees of investment risk. Investment securities, in general, are exposed to various risks, such as interest rate and credit risk as well as overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

Vesting

Participants are immediately 100% vested in contributions made to their accounts plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above prime on the date the loan is initiated. Principal and interest are paid ratably through weekly payroll deductions. Interest rates are currently between 4.25% and 4.50% on all outstanding loans.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service, disability, retirement, or death, a participant may elect to receive a lump sum amount equal to the value of his or her vested interest in the account. A participant may also elect to take a hardship or in-service distribution if they meet the requirements listed in the Summary Plan Description. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability regardless of years of services.

Forfeited Amounts

Forfeitures, if any, may first be used to reduce employer contributions. Any remaining forfeitures may be used to offset plan expenses at the discretion of the Plan Administrator. At December 31, 2016 and 2015, respectively, unallocated forfeited amounts were \$25 and \$0.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are primarily paid by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Subsequent events have been evaluated through August 17, 2017, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal year beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management does not believe this will impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Management had elected to adopt Part II for the 2015 plan year.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Jess Howard Electric Company, Inc. Retirement Savings Plan (the "Plan") was formed for the purpose of providing retirement benefits to employees of Jess Howard Electric Company, Inc. (the "Company") who are subject to prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible upon date of hire to receive contributions when they work on a prevailing wage job. The Plan excludes all union, non-resident alien and leased employees.

Contributions

Prevailing wage contributions (for work performed under prevailing wage contracts and the Davis-Bacon Act) are contributed to the Plan by the Company on behalf of the employee based on the wage rate and job classification of the employee.

The Company may make, at the discretion of the Plan Administrator, a discretionary profit sharing contribution to the account of each participant. Employee contributions are not permitted by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (a) Company prevailing wage contributions, (b) Company profit sharing contributions when applicable, and (c) plan earnings. Each participant account is charged with an allocation of administrative expenses, when applicable. Allocations are based on account earnings, Company contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, consisting of mutual funds with varying fund objectives and degrees of investment risk. Investment securities, in general, are exposed to various risks, such as interest rate and credit risk as well as overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

Vesting

Participants are immediately 100% vested in contributions made to their accounts plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above prime on the date the loan is initiated. Principal and interest are paid ratably through weekly payroll deductions. Interest rates are currently between 4.25% and 4.50% on all outstanding loans.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service, disability, retirement, or death, a participant may elect to receive a lump sum amount equal to the value of his or her vested interest in the account. A participant may also elect to take a hardship or in-service distribution if they meet the requirements listed in the Summary Plan Description. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability regardless of years of services.

Forfeited Amounts

Forfeitures, if any, may first be used to reduce employer contributions. Any remaining forfeitures may be used to offset plan expenses at the discretion of the Plan Administrator. At December 31, 2016 and 2015, respectively, unallocated forfeited amounts were \$25 and \$0.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are primarily paid by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Subsequent events have been evaluated through August 17, 2017, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal year beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management does not believe this will impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Management had elected to adopt Part II for the 2015 plan year.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Fair Value Measurements at December 31, 2016

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,173,463	\$ -	\$ -	\$ 2,173,463
Total	<u>\$ 2,173,463</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,173,463</u>

Fair Value Measurements at December 31, 2015

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,174,676	\$ -	\$ -	\$ 2,174,676
Total	<u>\$ 2,174,676</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,174,676</u>

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7: TAX STATUS

The Plan has adopted a volume submitter form of a plan. The plan has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan, as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
