## Kreisers 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

The following is a brief description of the Kreisers 401(k) Plan (the Plan) and is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all qualified employees of Kreisers, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility:** Employees of the Company whose regularly scheduled service is greater than 1,000 hours are eligible to participate in the Plan upon reaching the age of 18 and completing two months of service for elective deferrals, and one year of service for employer matching and nonelective contributions, as defined in the Plan. Employer nonelective contributions also require that the participant is employed on December 31 of the Plan year. Entrance dates are the first day of each month.

**Contributions:** Participants are permitted to contribute up to 100 percent of their pretax annual compensation, as defined in the plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Additional employer matching and nonelective contributions may be contributed at the option of the Company's Board of Directors. Participants received an employer matching contribution equal to 50 percent of the first 3 percent of employee compensation contributed for the year ended December 31, 2016. There were no nonelective contributions for the year ended December 31, 2016. Participants are also permitted to make rollover contributions from other qualified plans.

**Participant accounts:** Each participant's account is credited with the participant's contributions and discretionary employer matching and nonelective contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment options:** Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options. All funds vary in types of investments, rates of return, and investment risk and are described in more detail in the Plan's literature. Participants may elect on a daily basis to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

**Vesting:** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on a graded scale over six years of continuous service. A participant is 100 percent vested after six years of credited service. A participant becomes 100 percent vested upon death, permanent disability, or reaching normal retirement age.

**Notes receivable from participants:** Participants are able to borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The note terms generally range up to five years, unless it is for the purchase of a home. The notes are secured by the balance in the participant's account and bear interest at the prime rate published in The Wall Street Journal on the first business day of each month, plus 1 percent. The rate of interest on existing notes at December 31, 2016, was 4.25 to 4.50 percent. Principal and interest payments are received ratably from participants through monthly payroll deductions.

### Notes to Financial Statements

---

#### Note 1. Description of the Plan (Continued)

**Benefits paid to participants:** Upon death, permanent disability, retirement or other termination of employment, participants are entitled to receive the vested balance of their account. Vested benefits are distributed in the form of a lump-sum amount, or installment payments if subject to lifetime required minimum distributions. The Plan allows participants to withdraw funds from their account without a minimum service period after the age of 59½ as defined in the Plan Document. The Plan also allows hardship distributions subject to certain restrictions. A participant with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination, retirement, death or permanent disability.

**Forfeitures:** Upon termination of employment, participants forfeit their nonvested balances. These accounts are used to reduce employer contributions. As of December 31, 2016 and 2015, forfeited unvested accounts totaled \$202 and \$3,196, respectively. During the year ended December 31, 2016, \$3,198 of forfeitures were used to reduce employer contributions.

**Plan termination:** Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all participant accounts become fully vested.

#### Note 2. Significant Accounting Policies

**Basis of presentation:** The accompanying financial statements have been prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

**Notes receivable from participants:** Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i – schedule of assets (held at end of year).

**Benefits paid to participants:** Benefits paid to participants are recorded upon distribution.

## Kreisers 401(k) Plan

### Notes to Financial Statements

#### Note 2. Significant Accounting Policies (Continued)

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other expenses are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included as an offset to net investment results.

**Risks and uncertainties:** The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments have occurred since December 31, 2016, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2016 statement of net assets available for benefits.

**Subsequent events:** The Plan Administrator has evaluated subsequent events through August 16, 2017, the date the financial statements were available to be issued.

#### Note 3. Information Certified or Provided by EMJAY Corporation

The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified or provided by the custodian.

The following table presents the value of the assets in this Plan that were certified by the custodian as of December 31, 2016 and 2015:

|                                           | 2016                | 2015                |
|-------------------------------------------|---------------------|---------------------|
| Mutual funds, at fair value               | \$ 4,172,011        | \$ 3,900,894        |
| Collective investment fund, at fair value | 366,600             | 475,932             |
| Notes receivable from participants        | 54,631              | 70,536              |
|                                           | <u>\$ 4,593,242</u> | <u>\$ 4,447,362</u> |

EMJAY Corporation also certified to the completeness and accuracy of \$180,390 of net appreciation in fair value of investments, \$89,305 of interest and dividends related to the aforementioned investments and \$2,684 of interest income on notes receivable from participants for the year ended December 31, 2016.

#### Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## Kreislers 401(k) Plan

### Notes to Financial Statements

---

#### **Note 4. Fair Value Measurements (Continued)**

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

**Mutual funds:** Shares of mutual funds are valued at the quoted market price of shares held by the Plan as of year-end, as determined in active markets.

**Collective investment fund:** Shares of the collective investment are valued at the net asset value (NAV) as reported by the custodian. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net asset available for benefits.

**Net asset value:** The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance is determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable that the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient.

#### Note 5. Related-Party Transactions and Party-in-Interest Transactions

Fees of \$3,297 were paid to service providers of the Plan for administrative and investment management services for the year ended December 31, 2016. Investment related expenses are included as an offset to net investment results.

### **Notes to Financial Statements**

---

#### **Note 6. Tax Status**

The Plan adopted a prototype standardized profit sharing plan. The prototype plan's latest Internal Revenue Service (IRS) determination letter, dated March 31, 2014, stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan's opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version covered by the prototype plan's determination letter. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon IRS determination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
