LAUREL LAKE RETIREMENT COMMUNITY, INC. SECTION 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of the Plan:

General:

The following brief description of the Laurel Lake Retirement Community, Inc. Section 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 2014 is a defined contribution plan covering all employees of Laurel Lake Retirement Community, Inc. ("Laurel Lake"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. Laurel Lake's management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Prior to January 1, 2014, Laurel Lake participated in a 403(b) plan with a previously related party. During 2015 and 2014, the plan assets from that plan were transferred into this plan.

Contributions:

The Plan provides for employee salary deferrals subject to maximum tax-deferred and after tax Roth limitations established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Laurel Lake may elect to make discretionary matching contributions to participants' accounts as determined periodically by Laurel Lake's Investment Committee. In 2016 and 2015, Laurel Lake elected to make discretionary matching contributions of 33% of eligible contributions up to 2% of eligible wages for employees with less than five years of service and 50% of eligible contributions up to 3% of eligible wages for employees with five or more years of service. Employer discretionary matching contributions totaled \$76,052 in 2016 and \$82,549 in 2015.

Laurel Lake may elect to make additional discretionary contributions to participants' accounts as determined periodically by Laurel Lake's investment committee. In 2016 and 2015, Laurel Lake elected to make discretionary contributions equal to 1% of eligible wages. Employer discretionary contributions totaled \$64,228 in 2016 and \$68,793 in 2015.

Participant accounts:

Separate accounts for each participant are maintained by the custodian. Each account is credited with the participant's contributions, Laurel Lake's discretionary contributions, and earnings from investments held in the account. Each account is charged with losses from investments held in the account and with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

LAUREL LAKE RETIREMENT COMMUNITY, INC. SECTION 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their contributions, discretionary matching and discretionary employer contributions plus earnings thereon.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make note payments and the plan administrator deems the participant's note to be in default, the participant note balance is reduced and a benefit payment is recorded under the terms of the Plan document.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account. The note interest rate is set at the prime rate, as defined by the Plan document (existing loans transferred into the plan bear interest at prime plus 1%). Interest rates on these participant notes were between 3.25% and 4.25% at December 31, 2016 and 2015. Principal and interest is paid through payroll deductions.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or installments not to exceed the life of the participant.

Investment options:

Participants direct the investment of their contribution and employer matching and discretionary retirement contributions into various investment options offered by the Plan. Participants may change their investment options daily.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Laurel Lake's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contract with insurance company:

The Plan's contract with Massachusetts Mutual Life Insurance Company (MassMutual) is recorded at the estimated contract value, as provided by MassMutual.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by Laurel Lake and are excluded from these financial statements. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

Reclassification:

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

LAUREL LAKE RETIREMENT COMMUNITY, INC. SECTION 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

3. Investments:

The following table presents the current value of investments at December 31, 2016 and 2015. All investments of the Plan were participant-directed at December 31, 2016 and 2015.

	<u>2016</u>	<u>2015</u>
Investments at fair value:		
Mutual funds	\$ 3,144,734	\$ 2,882,017
Investment at contract value:		
Guaranteed investment contract	<u>124,848</u>	<u>250,636</u>
	<u>\$ 3,269,582</u>	<u>\$ 3,132,653</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at net asset value or fair value on a recurring basis at December 31, 2016 and 2015, were as follows:

	<u>2016</u> <u>(Level 1)</u>	<u>2015</u> <u>(Level 1)</u>
Mutual funds	<u>\$ 3,144,734</u>	<u>\$ 2,882,017</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair value (continued):

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Investment contracts with insurance company:

The Plan participates in a fully benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is a fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by MassMutual, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

6. Administrative expenses:

Certain administrative expenses of the Plan were paid by Laurel Lake. Certain administrative functions of the Plan are performed by employees of Laurel Lake. No such employee, nor Laurel Lake, receives compensation from the Plan for these functions.

YEARS ENDED DECEMBER 31, 2016 AND 2015

7. Information certified by custodian:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net increase (decrease) in fair value of investments and interest for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (custodian of the Plan), in accordance with Section 2520.103.05 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

8. Income tax status:

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program and the Plan has been pre-approved by the IRS in 2017. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

9. Plan termination:

Although it has not expressed any intent to do so, Laurel Lake has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

10. Party-in-interest transactions:

Certain Plan investments were managed by MassMutual representing a guaranteed investment contract that was the MassMutual's assets with the Plan maintaining rights to assets underlying the funds. Additionally, certain mutual funds are managed by MassMutual, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Employee contributions:

Employee contributions totaling \$108 in 2016 were deposited into the Plan, however it was not remitted within the time limit prescribed by the Department of Labor. Laurel Lake calculated and remitted the earnings on the late contribution which was allocated to all affected participants during 2017.

13. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 23, 2017, the date the Plan's financial statements were available to be issued.
