INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of and Participants in the
Shaw Industries Group, Inc. Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Shaw Industries Group, Inc. Retirement Savings Plan (the "Plan") which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee & Trust Company (doing business as Principal Trust Company), the trustee of the Plan and Prudential Insurance Company of America, custodian of the Shaw Stable Value Fund, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustee and custodian as of December 31, 2016 and for the year then ended, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on these 2016 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the 2016 supplemental schedule referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee and custodian. Their report, dated August 15, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee and custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

1. DESCRIPTION OF PLAN

The following description of the Shaw Industries Group, Inc. Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the official Plan document for complete information.

General

The Plan was adopted by the board of directors of Shaw Industries Group, Inc. (the “Plan Sponsor” or the “Company”) effective April 1, 1986. The Plan was formed under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) as a defined contribution, tax-exempt profit-sharing/savings plan. All employees of the Company (excluding the employees of US Floors, Inc. (“US Floors”) which was acquired on December 2, 2016) with the exception of leased employees, nonresident aliens and employees covered under a collective bargaining agreement are eligible to participate in the Plan. Eligible employees may elect to make tax-deferred contributions to the Plan and the Company matches these employee contributions on a percentage basis. Employees become eligible to participate in the Plan after three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company (“Principal”), is the trustee and Principal Life Insurance Company Retirement Plan Processing Services is the record keeper for the Plan. Prudential Insurance Company of America (“Prudential”) is the custodian and investment manager for the Shaw Stable Value Fund (the “Stable Value Fund”).

Contributions

Under the terms of the Plan, a participant may defer up to 25% of his or her annual salary, subject to certain IRC limits on pretax deferrals. The Company match is equal to 50% of the employee contribution not to exceed 6% of employee’s annual compensation earned. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Any eligible employee hired, other than a former employee rehired by the Company, who has completed the eligibility requirements of the Plan and who fails to make an affirmative election whether to participate in the Plan will be automatically enrolled in the Plan and an election of 6% of the employee’s annual compensation will be contributed to the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

1. DESCRIPTION OF PLAN – CONTINUED

Investments

Participant contributions are deducted from payroll and, as directed by the participants, are deposited in any combination of several investment options offered by the Plan as long as the allocations to each of the options are in 1% increments. The Company's matching contributions are directed in the same manner as the participant's contribution. The Plan currently offers seven mutual funds, a target date common collective trust fund (with twelve investment options), four pooled separate accounts offered under a group annuity contract, four common collective trust funds and one stable value fund as investment options for participants.

Vesting and Benefit Distribution

Participants are 100% vested and have nonforfeitable interests in their contributions and subsequent investment growth. Participants become 100% vested in the Company's matching contributions after completion of three years of service. Employees are fully vested upon attainment of age 65 or in the event of death or permanent disability. Upon retirement at age 65, early retirement at age 62, termination of employment, death, or permanent disability, the balance in the participant's account may remain in the Plan or will either be paid to the participant or his/her designated beneficiary or rolled over to another service provider. Benefit payments are made in a lump sum with the exception of age 70 1/2 minimum distributions which can be taken in a lump sum or installment payments. The Plan has established provisions for participants to make withdrawals from their accounts under certain "hardship" conditions, if approved by the Plan administrator, and for in-service withdrawals by participants who have reached the age of 59-1/2. Effective June 1, 2015, the Plan was amended to allow participants to take partial withdrawals from their vested account following their termination of employment.

Administrative Expenses

Administrative expenses include mutual fund redemption fees, hardship and QDRO distribution fees which are paid directly from the participant's account that initiates the transaction. Substantially all other administrative costs of the Plan are paid by the Plan through a plan expense agreement with Principal.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts were immaterial.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

**SHAW INDUSTRIES GROUP, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-CONTINUED

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include mutual funds, pooled separate accounts, common collective trust funds, and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds: Valued based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts (offered under a group annuity contract) and *common collective trust funds:* Valued at NAV as determined by the issuer based on the fair market value of the underlying investments.

The Stable Value Fund includes a synthetic guaranteed investment contract (GIC) issued by Prudential. The synthetic GIC holds a portfolio of units of a common collective trust fund held in the name of the Plan. The synthetic GIC or wrap contracts have features that provide for variable interest crediting rates which are credited to the contract value of the contracts' underlying holdings. The contract value of the Stable Value Fund represents contributions made under the contract, plus interest earned at the crediting interest rate, less participant withdrawals and fees.

DECEMBER 31, 2016 AND 2015**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Adoption of New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): *Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using NAV practical expedient in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. The impact of adopting this amendment is reflected in the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)* (the “Update”). The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in ASC Topic 820, *Fair Value Measurement and Disclosures*, and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of this Update for the 2015 plan year. The impact of adopting these amendments is reflected in the financial statements and the accompanying notes.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**SHAW INDUSTRIES GROUP, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENT - CONTINUED

- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. There were no level 2 or 3 investments.

Fair Value Measurements as of December 31, 2016 and 2015		
Investments, at fair value:	2016	2015
Mutual Funds-Level 1	\$ 122,115,602	\$ 115,944,072
Total investments, within hierarchy	122,115,602	115,944,072
Investments valued at NAV ^{(a)(b)(c)} :		
Pooled Separate Accounts	312,609,261	269,077,218
Common Collective Trust Funds	401,401,252	354,698,299
Total Investments valued at NAV ^{(a)(b)(c)}	714,010,513	623,775,517
Total investments, at fair value	\$ 836,126,115	\$ 739,719,589

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.
- (b) Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.
- (c) There are no participant redemption restrictions or unfunded commitments for these investments. These investments are eligible to be redeemed daily.

4. INFORMATION CERTIFIED BY PLAN TRUSTEE/CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015 and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Principal, trustee of the Plan, and Prudential, custodian of the Stable Value Fund, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee and custodian noted above that such information is complete and accurate.

	<u>2016</u>	<u>2015</u>
Statements of net assets available for benefits		
Investments, at fair value	\$ 836,126,115	\$ 739,719,589
Investments, at contract value	269,134,654	262,026,588
Statement of changes in net assets available for benefits		
Investment income:		
Interest and dividends	5,431,132	
Net appreciation in fair value of investments	84,393,910	

Supplementary Schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

5. SYNTHETIC GUARANTEED INVESTMENT CONTRACT

The Plan holds an investment in a synthetic GIC with Prudential as part of the Stable Value Fund (the "Fund"). A synthetic GIC simulates the performance of a GIC through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Plan. This synthetic GIC includes underlying investments in a common collective trust fund which is held in trust and owned by the Plan. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although Plan management believes such events are not probable, the contract has certain restrictions that may impact the ability to collect the full contract value; for example, a request by the fund manager to terminate or partially terminate the contracts at market values, termination of the trust, the replacement of the trustee without the consent of the wrapper provider, breach of contract by a counterparty, or legal or regulatory events, such as an adverse ruling by a regulatory agency.

5. SYNTHETIC GUARANTEED INVESTMENT CONTRACT – CONTINUED

The issuer is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The wrapper agreements generally provide that the crediting rate will not be below 0%. Such interest rates are reviewed on a quarterly basis for resetting. The wrapper contract provides that realized and unrealized gains and losses on the underlying fixed-income portfolio are not reflected immediately in the net assets of the fund, but rather are amortized over the duration of the underlying assets through adjustments to the future interest crediting rate. Primary variables impacting future crediting rates of the Fund include the current yield, duration, and existing difference between market and contract value of the underlying assets within the wrap contract.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated May 22, 2014, that the Plan and related trust were designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. On January 27, 2017, an application was filed with the IRS for an updated determination as to whether the Plan meets the qualification requirements of Section 401(a) of the IRC. A response is pending.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examinations for any Plan years.

8. PARTY-IN-INTEREST TRANSACTIONS

During 2016 and 2015 the Plan held investments which were units of collective trust funds and pooled separate accounts managed by Principal, Plan trustee, and Prudential, custodian of the Stable Value Fund, therefore these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Administrative fees paid to Principal were \$1,016,672 in 2016.

The following is a reconciliation of Increase in net assets available for benefits per the financial statements at December 31, 2016 to net income per the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 103,514,592
Net change in adjustment from contract value to fair value for fully benefit-responsive synthetic guaranteed investment contracts	<u>(1,857,488)</u>
Net income per Form 5500	<u><u>\$ 101,657,104</u></u>

10. SUBSEQUENT EVENTS

Effective June 1, 2017, employees of US Floors became eligible to participate in the Plan. The US Floors 401(k) will merge with the Plan effective January 1, 2018.

Management has evaluated subsequent events through August 10, 2017, which is the date the financial statements were available to be issued, and have determined that except as noted above there are no additional subsequent events that require disclosure under the Subsequent Events topic of ASC 855, *Subsequent Events*.
