INDEPENDENT AUDITOR'S REPORT

To the McCain, Inc. 401 (k) Retirement Committee
McCain, Inc. 401(k) Profit Sharing Plan
Vista, California

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of McCain, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company and Principal Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31 2016, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

EMPHASIS OF MATTER

As discussed in Note 3 to the 2016 financial statements, the Plan adopted new accounting guidance which simplified various investment disclosures. In addition, it adopted the requirement which eliminated the need to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Our opinion is not modified with respect to these matters.

OTHER MATTER - 2015 FINANCIAL STATEMENTS

The financial statements of the Plan as of and for the year ended December 31, 2015, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated August 18, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

OTHER MATTER - SUPPLEMENTARY INFORMATION

The supplementary information on pages 13 to 14 as of and for the year ended December 31, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of McCain, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and sponsored by McCain, Inc. ("Employer"). The Plan was established on January 1, 1989, as most recently amended on June 8, 2016, changing the Plan from a custom Plan document to a volume submitter plan. The Plan is subject to the provisions of the Employee Retirement Act of 1974 ("ERISA").

The Plan is administered by the McCain, Inc. 401(k) Retirement Committee ("Retirement Committee"), which has overall responsibility for the operation and administration of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's custodian and trustee, Principal Life Insurance Company and Principal Trust Company ("Trustee").

Eligibility

All employees are eligible to participate in the Plan beginning the month after reaching age 21 and completing three months of service, as defined in the Plan document. Newly eligible employees are automatically enrolled at 4% of the employee's compensation, unless the employee affirmatively elects otherwise.

Contributions

Participants may elect to defer up to 50% of their compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants may change their salary deferral percentage at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer matches 25% of a participant's contribution up to 4% of the participant's compensation. The Employer may also make certain discretionary contributions, as defined in the Plan document.

Contributions are subject to certain limitations in accordance with applicable regulatory requirements.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of Employer contributions, and Plan earnings, and reduced by an allocation of administrative expenses, any distributions and Plan losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates at 5.25% - 5.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms are for a maximum of 5 years, or longer if used for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer contributions is based on years of continuous service. Vesting in the Employers' matching contributions occurs 20% after two complete years of service, as defined in the Plan document, and an additional 20% for each complete year of service thereafter until fully vested. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Forfeitures

Forfeitures result from termination of employment under circumstances which do not entitle the participant to be fully vested in his Employer contributions and are available to be used to offset Employer contributions. Forfeitures of $3,928 were used to reduce Employer contributions during 2016.

In-service withdrawals

In-service withdrawals are permitted by participants who have reached the age of 59 and 1/2. Earlier withdrawals may also be made in the case of financial hardship, as determined by the Employer. Participant deferrals must cease for six months following a hardship withdrawal.

Payment of benefits

Benefit distributions equal to a participant's vested account balance are payable to the participant or his beneficiaries upon normal retirement (age 65), death, disability or termination of employment. The method of distribution shall be determined by the Plan Administrator in accordance with the provisions of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses as incurred.

No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of benefits

Benefit payments are recognized in the year paid.

Expenses

Substantially all expenses of maintaining the Plan are paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2016 and August 18, 2017, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLE

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part II also eliminates the disclosure of significant investment strategies for an investment in a fund that files an annual report on Form 5500 as a direct filing entity when the Plan measures that investment using the net asset value practical expedient. Part III simplifies accounting for a plan with a fiscal year end that does not coincide with a calendar month end. Plans are allowed to measure investments and investment-related accounts using the month end closest to its fiscal year end. The ASU was effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively to all periods presented; Part III is applied prospectively. Management has elected to adopt Part II effective December 31, 2016. Parts I and III are not applicable to thePlan.

In May 2015, FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (Topic 820)* which eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Disclosures are required by class of investment and should include a description of any redemption terms and conditions and any significant restriction on the ability to sell the investments. This ASU is to be applied retrospectively to all periods presented and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected adoption of this ASU effective for the year ended December 31, 2016.

NOTE 4 - FAIR VALUE

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Collective trust funds	Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes, by level, within the fair value hierarchy, investments measured at fair value on a recurring basis as of December 31, 2016 and 2015:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,933,874	$ -	$ -	$ 5,933,874
Total investments in the fair value hierarchy	5,933,874	-	-	5,933,874
Investments measured at net asset value (a)				1,254,215
Total Investments at fair value	$ 5,933,874	$ -	$ -	$ 7,188,089

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,883,503	$ -	$ -	$ 6,883,503
Total investments in the fair value hierarchy	6,883,503	-	-	6,883,503
Investments measured at net asset value (a)				883,192
Total Investments at fair value	$ 6,883,503	$ -	$ -	$ 7,766,695

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or the equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

Investment	Fair Value at December 31, 2016	Fair Value at December 31, 2015	* Unfunded Commitment	* Redemption Frequency	* Redemption Notice Period
Collective trust fund - Principal Stable Value Fund	$ 1,254,215	$ 883,192	$0	Daily	1 day

*Information noted in these columns is the same for each investment type for 2016 and 2015.

The description of the significant investment strategies for each category of investment in the collective trust fund follows:

The objective of the Principal Stable Value Fund is to provide preservation of capital, relatively stable returns consistent with it comparably low risk profile and liquidity for benefit-responsive payments.

NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by the Trustee, Principal Life Insurance Company and Principal Trust Company, not be subjected to any auditing procedures, except for comparing such information to the related information contained in the financial statements and supplementary information.

The Trustee has certified to all investments and notes receivable from participants (individually and in summary) as of December 31, 2016 and 2015. The Trustee has also certified to all investment and notes receivable transactions for the year ended December 31, 2016, including investment income, realized and unrealized gains and losses, interest income on notes receivable and all supplementary information.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a volume submitter plan document (Volume Submitter). The Volume Submitter received its latest opinion letter on August 8, 2014, in which the IRS stated the Volume Submitter, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not applied for a separate determination letter.

The Volume Submitter has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan and Volume Submitter are designed and have been operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been provided in the financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 7 - PARTY-IN-INTEREST AND RELATED-PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Plan investments are held by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, rather than a direct payment.

These party-in-interest transactions are exempt from the prohibited transactions provisions of ERISA and the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

At December 31, 2016 and 2015, the Plan had a concentration of investments in two funds, which represented approximately 37% and 35%, respectively, of total investments.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

In July 2016, a corporate spin-off occurred where McCain Manufacturing, a division of McCain, Inc., became a fully independent entity, unassociated with McCain, Inc. This resulted in a Plan spin-off with a significant portion of the McCain, Inc. workforce transitioning out to McCain Manufacturing, Inc. Employees of the newly formed McCain Manufacturing, Inc. were terminated from McCain, Inc., became 100% vested in the McCain, Inc. 401(k) Profit Sharing Plan and their balances rolled into a new plan, sponsored by McCain Manufacturing, Inc.
