General

The Plan is a defined contribution plan covering eligible employees who have been employed for at least one month by HemaCare Corporation (the "Company" and the "Plan Sponsor"). In addition, employees must be employed on the last day of the Plan year to be eligible for discretionary Company matching and non-elective contributions. The Plan also allows for Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan was amended November 16, 2016 to include an automatic enrollment provision that all newly eligible employees are automatically enrolled at a deferral rate of six percent of eligible compensation.

Company Contributions

The Plan allows for the Company to make discretionary matching contributions, discretionary non-elective contributions, and qualified non-elective contributions ("QNEC"). For the year ended December 31, 2016, the Company made discretionary matching contributions totaling $44,699. The Company did not make any discretionary non-elective contributions or QNEC for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of Plan earnings and Company discretionary non-elective contributions or QNEC, if any, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

When eligible, participants may elect to receive a lump-sum distribution for the value of the vested interest in his or her account, in accordance with the Plan.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are vested immediately in their contributions and QNEC, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of service. Participants vest in discretionary Company contributions at a rate of 20 percent per year of service and are fully vested after five years, as defined in the Plan.

Forfeitures

Forfeitures of discretionary Company contributions may be used to pay Plan administrative expenses and reduce future Company contributions. Forfeitures in the amount of $587 were used during the year ended December 31, 2016 to pay Plan administrative expenses. As of December 31, 2016, there were $6,946 of forfeitures available for future use.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by the Trustees.

Recent Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. ASU 2015-07 is effective for plan years beginning after December 15, 2016. Plan management does not expect this pronouncement to have a material impact on the Plan's financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual method. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Participants select how their investments are allocated. Through participant direction, approximately 29 percent of the Plan's net assets are held in the Fidelity Freedom Index 2020 Fund.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustees and independent qualified public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

According to an agreement between the Company and Daily Access Corporation ("DAC"), the recordkeeper through November 15, 2016 when the assets transferred, DAC was required to make contributions to a Revenue Holding Account ("RHA"). The funds in the RHA may be used to pay Plan administrative expenses. During the year ended December 31, 2016, DAC contributed $23,331 to the RHA, $23,474 was utilized to pay Plan administrative expenses, and the remainder in the account of $1,494 was transferred to Fidelity.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Company Common Stock – The fair value of the Plan Sponsor's Company common stock held by the Plan is listed on an over-the-counter market. The price of the common stock is quoted on the exchange where the common stock is thinly traded and therefore classified as a Level 2 in the valuation hierarchy.

Wilmington Trust Galliard Retirement Income Fund – The Wilmington Trust Galliard Retirement Income Fund, held in a common collective trust ("CCT"), is valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT NAV is not a publicly-quoted price in an active market; therefore, the CCT is classified as Level 2 within the valuation hierarchy.

The CCT does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total

	Investments at Fair Value as of December 31, 2015

Total investments at fair value	$ 6,275,375	$ 63,819	$ -	$ 6,339,194

NOTE 3. FINANCIAL DATA CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustees and was not subjected to any auditing procedures performed by the independent public accountants:

a. Mutual funds, interest-bearing cash, common collective trust, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015.

b. Net appreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.

c. Investments and participant loans as of December 31, 2016 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Transactions with the Trustees and former recordkeeper, DAC, qualify as party-in-interest transactions for which exemptions exist. Reliance and DAC received indirect compensation from the Plan and, additionally, DAC received direct fees of $36,679. Fidelity received direct fees of $75 and also receives indirect compensation from certain funds based on a formula.

In 2008, the Company made a matching contribution to the Plan in the form of common stock of the Company. Effective January 9, 2016, the Company authorized the repurchase of all shares of Company common stock held in the Plan and, accordingly, the Company common stock was liquidated.

As of December 31, 2016 and 2015, the aggregate investment in Company common stock was as follows:

	2016	2015
HemaCare Corp. common stock (shares)	-	145,042
HemaCare Corp. common stock, at fair value	$ -	$ 63,819

NOTE 6. TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum, equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at a reasonable rate as determined by the plan administrator, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest ranging from 4.25 percent to 4.50 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 23, 2017, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 16, 2017, all eligible participants not currently deferring were enrolled at six percent.
