## **1. DESCRIPTION OF THE PLAN:**

The following brief description of the Dugan & Meyers Construction Company (the “Company” or “Employer”) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

### **General**

The Plan is a defined contribution plan established January 1, 1989 covering substantially all employees of the Company. The Company includes the following affiliated group members: Dugan & Meyers Construction Company and Arnold Dugan & Meyers.

Employees who have completed at least three months of service during the year and are 18 years of age or older are eligible to participate in the Plan. An employee can enter the Plan as of the first day of the payroll period following completion of these requirements. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the Code).

### **Contributions**

Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code). Additionally, employees may roll over their taxable portion of funds previously held in another employee benefit plan to the Plan on a tax-deferred basis. The Company may, at its discretion, match participants’ 401(k) contributions, up to the limit determined by the Company.

Prevailing wage contributions are made by the employer in addition to employees’ regular pay and are not deducted from wages. They will vary for each employee based on (a) the hourly contribution rate designated for that employee’s employment classification, and (b) the construction project at which the work was performed. All contributions are subject to certain limitations. Safe harbor profit sharing contributions may be made at the Company’s discretion.

### **Participants**

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching and discretionary contributions, if applicable, (b) the Company’s Prevailing Wage contributions, if applicable, and (c) Plan earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

### **Payment of benefits**

Distributions may generally be made to a participant upon the participant’s retirement (including early retirement), death, disability, or termination of employment with the Company. Additionally, prior to termination from employment, a participant may withdraw all or a portion of their vested account balance upon attaining age 59½ or incurring a financial hardship (if certain requirements are satisfied). Benefits

shall be paid to participants in the form of lump sum payments, installment payments, or the purchase of a single premium annuity contract upon termination of employment. In the event of a participant's death, a participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

### **Vesting**

Participants are immediately vested in their 401(k) contributions, catch-up contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest in Company contributions, other than prevailing wage and safe harbor profit sharing contributions, after five years of service. Participants are immediately vested in prevailing wage and safe harbor profit sharing contributions. Regardless of service, participants are immediately vested in the Company contributions upon normal retirement, permanent disability, or death.

### **Forfeitures**

In the event a participant terminates employment prior to 100% vesting, the portion of the employer contributions which is not vested is forfeited at that time. The forfeited amounts may be used to reduce Plan expenses and any remaining forfeitures may be used to reduce future employer contributions. At December 31, 2016 and 2015 there were \$30,518 and \$18,944 of forfeited non-vested accounts, respectively, available to pay plan expenses or to offset future employer contributions. In 2016, Company contributions were reduced by \$1,444 from forfeited non-vested accounts.

### **Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing interest rates as determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through weekly payroll deductions.

## **2. SUMMARY OF ACCOUNTING POLICIES:**

### **Basis of accounting**

The 2016 financial statements for the Plan are prepared under the liquidation basis of accounting as required by a terminating plan (see Note 8). The 2015 financial statements of the Plan have been prepared on the accrual basis of accounting.

### **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Investment valuation and income recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

#### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

#### **Benefit payments**

Benefits are recorded when paid.

#### **Administrative expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

#### **Accounting changes**

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt Part II of ASU 2015-12 in 2015; in 2016, the Plan adopted Part I of the ASU applied retrospectively to all periods presented. This change had no impact on net assets available for benefits. Part III is not applicable to the Plan as of December 31, 2016.

Additionally, the FASB issued ASU 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)." ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan elected to early adopt ASU 2015-07 in 2016 and applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

#### **Reclassification**

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

### **Subsequent events**

The plan has evaluated subsequent events through August 23, 2017, the date the financial statements were available to be issued.

### **3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information, and related income included on the statements of net assets available for benefits, statement of changes in net assets available for benefits, and the supplemental schedule of assets (held at end of year), certified by Fifth Third Bank, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

### **4. FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trust funds:* Valued at the NAV of units of the common/collective trusts. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no restrictions on redemptions from these funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015.

**5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:**

Certain Plan investments are shares of a common/collective trust fund managed by Fifth Third Bank. Fifth Third Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays certain fees related to the Plan's operations.

**6. INCOME TAX STATUS:**

The Plan Sponsor has adopted a prototype plan document which received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan elected not to apply for a separate determination letter. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**7. RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

**8. SUBSEQUENT EVENT:**

In January 2017, the Company was acquired and subsequently, a decision was made to terminate the Plan. As of June 16, 2017, all participant balances were either transferred to the acquiring company's defined contribution plan or were distributed in accordance with the plan document. At the date the Company was acquired, participants became 100% vested in their accounts, to the extent that they were not already vested.
