L Brands Puerto Rico Retirement Savings Plan

Notes to Financial Statements

Year Ended December 31, 2016

1. Description of the Plan

General

The L Brands Puerto Retirement Savings Plan (the “Plan”) is a defined contribution plan, which became effective January 1, 2016 and covers eligible employees of the Puerto Rico affiliates of L Brands, Inc. (“the Employer”). The Plan is intended to qualify under Sections 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended (the “Code”).

A trust with a Puerto Rico bank has been established for the Plan.

The following description of the Plan provides only general information. Participants should refer to the Master Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

Employees become eligible to participate in the Plan upon becoming at least 21 years of age and having completed a year of employment with 1,000 or more hours of service.

Contributions

Employer contributions

The Employer provides a matching contribution of 100% of each participant’s voluntary contributions up to 4% of eligible compensation on a payroll period basis.

Participant voluntary contributions

Participants may elect to make voluntary tax-deferred contributions of eligible compensation up to the maximum annual contribution permitted under the Code.

Plan participants who will be age 50 or greater at the end of the Plan year, and whose contributions to the Plan reach the maximum amount allowed by the Plan are eligible to make voluntary “catch-up” contributions to the Plan. Catch-up contributions are limited to the maximum permitted under the Code. Catch-up contributions are not eligible for Employer matching contributions.

L Brands Puerto Rico Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investment Options

Both the Employer and participant contributions are directed solely through each participant's election into investment alternatives offered by the Plan. At any time, participants may also elect to reallocate existing account balances between investment alternatives or to change their investment elections for future contributions. The Plan administrator periodically reviews and may make changes to the investment choices available.

If a participant makes no investment fund election, all contributions made into such participant's account are invested into the Plan's qualified default investment alternative ("QDIA"). The Plan's QDIA is the age-appropriate T. Rowe Price Retirement target date fund, selected based on the participant's date of birth.

Participant Accounts

Each participant's account is credited with the participant's and Employer's contributions, as well as allocated investment earnings. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Vesting

Participants are fully and immediately vested in all voluntary, rollover and Employer matching contributions.

Payment of Benefits

The full value of a participant's account becomes payable upon termination of employment, death, retirement or total disability. Distributions are made in the form of a lump-sum payment. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain hardship circumstances or after attaining age 59 ½, as defined in the Plan document.

Participants may elect to receive their benefit payments from the Plan or have such benefits paid directly to an eligible retirement plan.

There were no benefits paid during the year ended December 31, 2016.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

All expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, as required by Accounting Standards Codification (“ASC”) 962, *Plan Accounting – Defined Contribution Pension Plans*, including investment valuation and income recognition. The Plan year is January 1 through December 31.

Use of Estimates

The Plan prepares its financial statements in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”), which require management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, the accompanying notes to the financial statements and supplemental schedule at the date of the financial statements. Actual results could differ from these estimates.

Risks

The Plan provides for the various investment options as described in Notes 1, 3 and 4. Any investment is exposed to various risks, such as interest rate, market and credit risks. These risks could have a material effect on participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to April 18, 2017.

L Brands Puerto Rico Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Recently Issued Accounting Pronouncements

Going Concern

In August 2014, the FASB issued ASU 2014-15, *Presentation of Financial Statements – Going Concern (Subtopic 205-40); Disclosure of Uncertainties about an Entity's Ability to Continue as a going Concern* ("ASU 2014-15"). ASU 2014-15 defines management's responsibility to evaluate whether there is a substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. In connection with preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about an organization's ability to continue as a going concern within one year after the date that the financial statements are issued. ASU 2014-15 is effective for fiscal years ending after December 15, 2016. Management has performed this assessment as of the date these financial statements were available to be issued and no going concern uncertainties were identified.

Subsequent Events

Subsequent events have been evaluated through August 10, 2017 which is the date the financial statements were available to be issued.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Net appreciation in fair value of investments also includes capital gain distributions.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

The authoritative guidance included in ASC 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principle or most advantageous market for the asset or liability in an orderly transaction between market participants. This authoritative guidance further establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted market prices in active markets for identical assets or liabilities.
- Level 2 – Observable inputs other than quoted market prices included in Level 1, such as quoted prices of similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant observable inputs.

L Brands Puerto Rico Retirement Savings Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The following is a description of the valuation techniques and inputs used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 155,454	\$ –	\$ –	\$155,454
Total assets at fair value	\$ 155,454	\$ –	\$ –	\$155,454

L Brands Puerto Rico Retirement Savings Plan

Notes to Financial Statements (continued)

4. Tax Status

The Plan has received a letter from the Commonwealth of Puerto Rico's Department of Treasury (Treasury) dated October 12, 2016, approving participation in the Banco Popular Master Plan, Master Defined Contribution Retirement Plan, as amended and restated effective January 1, 2016.

The Master Plan has received an opinion letter from the Treasury dated May 22, 2012, stating that the Master Plan is qualified under Section 1081.01 of the Internal Revenue Code for a New Puerto Rico (the Puerto Rico Code), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Puerto Rico Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Puerto Rico Code and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

5. Plan Administration

The Retirement Plan Committee is the Plan's administrator, having been appointed by the Board of Directors of the Employer.

Banco Popular de Puerto Rico is the trustee of the plan. Wells Fargo Bank, N.A. ("Wells Fargo") serves as the Plan record keeper and asset custodian.

6. Plan Termination
