NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the DMA Claims, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General

The Plan, adopted as of July 1, 1998, is a defined contribution Plan covering substantially all employees of DMA Claims, Inc., DMA Claims Management, Inc. and Insurance Servicing & Adjusting Company (ISAC) (collectively, the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (the "ERISA"). The Employer is responsible for oversight of the Plan. The Employer determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees who have attained 21 years of age and completed 3 consecutive months of service are eligible to participate in the Plan. If 3 consecutive months of service are not completed, then the service requirement is satisfied upon receiving credit of a year of service, or 1,000 hours of service. Employees can enter the Plan on the first day of each calendar quarter, coincident with or next following satisfaction of the eligibility requirements.

Contributions

Each year participants may contribute a certain percentage of their pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer may match, at its discretion, a fixed amount or a set percentage of each eligible employee's contribution as determined by its board of directors. Additional amounts including a profit sharing contribution may also be contributed at the option of the Employer. Contributions are subject to certain IRS limitations. No Employer contributions were made for the years ended December 31, 2016 and 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution and, (b) Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested in annual increments of 20 percent, vesting at 20 percent in the second year of credited service, and up to 100 percent in the sixth year of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Normal retirement age is 65 years. The Plan does not permit early retirement.

Forfeited Accounts

That portion of an employee's interest, which is not vested upon the employee's break in service, is forfeited. The non-vested forfeited balances can be reallocated as of the end of the Plan year to the participants in the same manner as Employer's contributions or can be used to pay for Plan related expenses. At December 31, 2016 and 2015, the balance in the forfeited non-vested account were $10,241 and $12,017, respectively. Also, in 2016, $7,350 of the forfeited balance was used to pay for Plan related expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50 percent of their total vested balance, subject to a minimum of $1,000 and a maximum amount of $50,000. The notes are secured by the vested balance in the participant's account. The Plan provisions require a reasonable interest rate to be charged on the notes, and principal and interest to be paid ratably through regular payroll deductions. Interest charged on the notes ranges from 5.25% to 5.50% and the notes mature between January 2017 and April 2021.

Tax Status

The Plan is based on a volume submitter profit sharing 401(k) Plan agreement. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 granting approval to the volume submitter Plan document. Under this arrangement the Plan is not obligated to file for a separate determination letter. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Investment Options and Administration

The Plan has engaged Newport Trust Company as the Plan custodian and the record keeper of the Plan. The assets of each fund within the Plan are invested under an arrangement with Newport Trust Company, the custodian. Upon enrollment in the Plan, a participant may direct their contributions in the various investment options offered by Newport Trust Company. Participants should carefully read the prospectus before investing in the various investment options offered under the Plan.

Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Newport Trust Company who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investments, as they are paid through revenue sharing, rather than as a direct payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Contributions from participants are recorded based on payroll withholdings during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See note on fair value measurements below. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. These expenses include fees of the Plan trustee, third-party administrators and accountants. Loan origination fees are paid directly by the borrowing participants. Other fees related to the administration of the Plan are included in administrative expenses and are charged to the participant's account. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

During 2016, the Plan received revenue sharing credit of $19,750 from the investment broker. This amount is included in Other Income and was allocated to the Plan participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of relevant unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Designated as level 1 and held with Newport Trust Company. Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: held at Newport Trust Company and designated as level 1 investment. Its value is determined by Newport Trust Company and based on the net value of shares held by the Plan at year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016

In the event of Plan termination, participants would become 100 percent vested in the Employer's contribution portion of their account.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 10, 2017 the date the financial statements were available to be issued. The Plan is not aware of any other significant events that would have a material impact on its financial statements.
