To the Administrator of the
Lane-Valente Industries Inc.
401 (k) Profit Sharing Plan and Trust

### Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Lane-Valente Industries Inc.
401 (k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2016 , and the related statement of changes in net assets available for benefits for the year ended and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MidAtlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

PAUL W SIEGEL
CERTIFIED PUBLIC ACCOUNTANT

**Disclaimer of Opinion**

Because of the significance of the matter discussed in the Basis for Disclaimer Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, I do not express an opinion on the 2016 financial statements.

**Other Matter – Supplemental Schedules**

The supplemental schedule, Schedule of Assets Held for Investment as of and for the year ended December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter discussed in the Basis for Disclaimer Opinion paragraph, I do not express an opinion on these supplemental schedules.

**Other Matter – 2015 Financial Statements**

The financial statements of the plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 9, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## NOTE 1- DESCRIPTION OF PLAN

The following description of the Lane-Valente Industries Inc. 401 (k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General***. The Plan is a "Safe Harbor" defined contribution plan covering eligible employees of the Company who have met the following requirements: federal law minimum age requirement or older and will have worked 1,000 hours a year. Effective January 1, 2015 eligible employees who have met the requirements may enroll in the plan after a 60 day waiting period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***. Each year, participants may contribute up to 96% of pre-tax and/or after-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes safe harbor matching contributions of 100% of the first 3% of total compensation that a participant contributes to the plan plus 50% of participant contributions between 3% and 5% of total compensation. The Company may also make discretionary profit sharing contributions.

***Participant Accounts***. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safer harbor matching contribution, as well as allocations of the Company's discretionary non-elective contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***. Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contribution plus actual earnings thereon. Vesting in the Company's matching accounts plus actual earnings thereon is based on years of service. With respect to the Company's matching portion, a participant is 100% vested after six years of credited service.

***Payment of Benefits***. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount, installment payments or annuity contracts equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may also receive the value of the vested interest in his or her account as a lump-sum distribution.

***Forfeited Accounts***. Pursuant to the Plan document, forfeitures are not applicable.

***Notes Receivable from Participants***. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are subject to an interest rate equal to one percent in excess of the prime rate in the Wall Street Journal on the first day of the month during which the loan application is received. The loans are secured

The financial statements of the Plan are prepared using the accrual method of accounting.

### *Estimates*
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

### *Notes Receivable from Participants*
Notes receivable from participants' are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are financed and included in notes receivable. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

### *Payment of Benefits*
Benefits are recorded when paid.

### *Administrative Expenses*
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees are related to the administration of the Plan that are paid by the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

### *Subsequent Events*
The Plan has evaluated subsequent events through August 15, 2017, the date the financial statements were available to be issued.

During 2016 and 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

| Mutual funds | $480,923 | $(401,843) |

## NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Statement No. 157, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2016 and 2015.

in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. Such parties are parties-in-interest under ERISA. During the year ended December 31, 2016, the Plan made direct payments to the third party administrator and the trustee a total amount of $38,374. The Plan Sponsor pays directly any other fees related to the Plan's operations.

## NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

## NOTE 10 – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## Independent Auditors' Report

To the Administrator of the
Lane-Valente Industries Inc.
401 (k) Profit Sharing Plan and Trust

### Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Lane-Valente Industries Inc.
401 (k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2016 , and the related statement of changes in net assets available for benefits for the year ended and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MidAtlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

PAUL W SIEGEL
CERTIFIED PUBLIC ACCOUNTANT

**Disclaimer of Opinion**

Because of the significance of the matter discussed in the Basis for Disclaimer Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, I do not express an opinion on the 2016 financial statements.

**Other Matter – Supplemental Schedules**

The supplemental schedule, Schedule of Assets Held for Investment as of and for the year ended December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter discussed in the Basis for Disclaimer Opinion paragraph, I do not express an opinion on these supplemental schedules.

**Other Matter – 2015 Financial Statements**

The financial statements of the plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 9, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Effective January 1, 2015 eligible employees who have met the requirements may enroll in the plan after a 60 day waiting period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***. Each year, participants may contribute up to 96% of pre-tax and/or after-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

***Participant Accounts***. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safer harbor matching contribution, as well as allocations of the Company's discretionary non-elective contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. With respect to the Company's matching portion, a participant is 100% vested after six years of credited service.

***Payment of Benefits***. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount, installment payments or annuity contracts equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may also receive the value of the vested interest in his or her account as a lump-sum distribution.

***Forfeited Accounts***. Pursuant to the Plan document, forfeitures are not applicable.

***Notes Receivable from Participants***. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are subject to an interest rate equal to one percent in excess of the prime rate in the Wall Street Journal on the first day of the month during which the loan application is received. The loans are secured

PAUL W SIEGEL

## NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Statement No. 157, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2016 and 2015.

in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. Such parties are parties-in-interest under ERISA. During the year ended December 31, 2016, the Plan made direct payments to the third party administrator and the trustee a total amount of $38,374. The Plan Sponsor pays directly any other fees related to the Plan's operations.

## NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

## NOTE 10 – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
