NOTE A – DESCRIPTION OF PLAN

The following description of the Reineke Family Dealerships, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan (401(k)), effective January 1, 2012, covering all employees of Reineke Family Dealerships (the Company) who have six months of service and are eighteen years old or older. The service requirement was waived for employees employed on January 1, 2012. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum amounts allowed by the Internal Revenue Service.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution and allocations of the Company's contribution, if any, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of hundreds of investment options. Participants may change their investment options electronically on a daily basis.

Payment of Benefits

On termination of service, a participant may receive a lump sum payment equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay plan administrative expenses.

NOTE A – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. The interest rate on the loans is 4.25%.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

Investments in marketable equity and debt securities are reported at fair value based on quoted market prices. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares held by the fund at year end.

In July of 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ASU-2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient, which simplifies the required disclosures related to employee benefit plans.

Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including common collective trust assets. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of the total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risk. Furthermore, the disclosure of information about fair value

NOTE B – SUMMARY OF ACCOUNTING POLICIES (Continued)

measurements shall be provided by general type of plan asset. Part III allows plans to measure investments using values from the end of the calendar month closest to the plan's fiscal year end. The plan elected to early adopt ASU 2015-12 Parts I and II as of December 31, 2015 and has applied the provisions retrospectively.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan accounts for its financial assets and liabilities in accordance with Accounting Standards Codification 820, Fair Value Measurements and Disclosures (ASC 820), which are carried at fair value on a recurring basis in its financial statements. ASC 820 establishes a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of three levels based upon the inputs used in valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as follows:

Level I

Observable inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Reineke Family Dealerships, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2016 and 2015

NOTE C – FAIR VALUE MEASUREMENTS (Continued)

Level II

Observable inputs, other than those included in Level I, based on quoted prices for similar assets and liabilities in active markets, or quoted prices for identical assets and liabilities in inactive markets.

Level III

Unobservable inputs that reflect an entity's own assumptions about what inputs a market participant would use in pricing the asset or liability based on the best information available in the circumstances.

Following is a description of the valuation methodologies used for assets measured at fair value.

Self-Directed Brokerage Accounts

Accounts primarily consist of money market funds and common stocks that are valued on the basis of readily determinable market prices.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2016	2015
	Fair Value	Fair Value
	(Level 1)	(Level 1)
Mutual Funds:		
Money Market	\$ 59,403	71,750

Self Directed Brokerage Account	<u>33,118</u>	<u>33,199</u>
Total Assets at Fair Value	<u>\$ 6,346,317</u>	<u>5,805,300</u>

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the hired trustee and record keeper, Nationwide Financial.
