ADVANCED ENERGY INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established February 1, 1984. The Plan has been amended and restated effective August 1, 2015 to comply with various changes in tax laws. The Plan is available to all employees age 18 years or older (excluding members of a collective bargaining unit, leased employees, contractors, summer interns, and non-resident aliens). Plan entry dates are the first day of every month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Advanced Energy Industries, Inc. (the "Company") administers the Plan. Transamerica Retirement Solutions Corporation ("Transamerica") serves as recordkeeper, and State Street Bank and Trust ("SSBT") serves as custodian of the Plan's investments. Key executive officers of the Company serve as trustees of the Plan.

Contributions

Participants may contribute on a pre-tax basis from 1% to 85% of their eligible annual compensation subject to certain IRS limitations (\$18,000 for 2016) with the contributions and earnings or losses thereon being non-taxable until withdrawn from the Plan. The Plan also allows catch-up contributions for participants over the age of 50 based on IRS limitations (\$6,000 for 2016). Employee contributions to the Plan are made through regular payroll deductions. The Company matches 50% of elective deferrals up to 6% of eligible compensation, as defined by the Plan agreement. Rollover contributions from other qualified plans may also be made to the Plan if certain criteria are met.

In addition, the Company may make profit-sharing contributions at its discretion based on the performance of the Company during the current year. These contributions are allocated to active participants in the same ratio that the participant's discrimination testing compensation bears to the total discrimination testing compensation of all participants for the Plan year. No discretionary profit-sharing contributions were made to the Plan for the year ended December 31, 2016.

Participant contributions and related Company matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's eligible compensation.

During 2014, the Plan filed an application for the Voluntary Fiduciary Correction Program to correct missed deferrals as a result of an incorrect definition of compensation. The application was approved in October 2015 by the IRS, and the correction amount of approximately \$250,000 was recorded as an employer contribution receivable at December 31, 2015. The correction amount was paid into the Plan in January 2016.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited or debited with the participant's contribution and an allocation of the Company's contributions, Plan earnings or losses, expenses, and forfeitures. Plan investment earnings or losses are allocated ratably based on investment balances. Participants may direct the investment of their account balances into various investment options offered by the Plan. SSBT offers Plan participants a variety of investment options through various mutual funds, a common/collective trust, and an interest-bearing cash account. Participants may make investment option changes at any time.

Vesting

Participants are 100% vested in their voluntary contributions, rollover contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

One year of service is defined as completing 1,000 service hours during the applicable Plan year.

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 59½), retirement due to disability, or if the Plan is terminated.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Participants may not have more than one note receivable outstanding at any time, and the maximum term is five years, unless used for the purchase of a personal residence, for which the Plan may permit a longer repayment term. A participant's note receivable shall immediately become due and payable if such participant fails to make payments as provided in the note receivable agreement or upon termination of employment.

Notes receivable are secured by the vested balance in each participant's account and bear interest at the prime rate (per *The Wall Street Journal*) plus 1.00%. Interest rates are fixed at the note receivable inception. The outstanding notes receivable bear interest between 4.25% and 4.75% and mature at various dates through August 2026. Principal and interest are paid ratably through semimonthly payroll deductions or paid directly by the participants. Participant notes receivable are recorded in the financial statements at amortized cost.

ADVANCED ENERGY INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payment of Benefits

Upon termination of service, death, disability, or retirement at age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or may roll over the amount to another qualified retirement plan. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. If the account balance at termination is greater than \$1,000 but less than \$5,000, the balance may automatically be rolled over into an individual retirement account for the benefit of the participant unless the participant has elected to have the balance distributed or rolled over into another qualified plan. If the balance is \$5,000 or greater, the participant must request to have it withdrawn, unless the participant has reached age 70½ and must take required minimum distributions. Hardship distributions from the participant's elective deferrals account are also allowed by the Plan if certain criteria are met. Benefits are recorded as distributions to participants when paid.

Forfeitures

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$53,861 and \$85,361, respectively. These accounts may be used to reduce future employer matching contributions and administrative expenses. During the year ended December 31, 2016, \$132,122 of forfeitures were used to offset employer contributions, \$63,893 of which was applied to contributions required through the Voluntary Fiduciary Correction Program and \$60,355 was applied to the 2015 employer true-up contributions leaving \$7,874 in forfeitures allocated to 2016 employer contributions.

Expenses of the Plan

Although allowed by the Plan, during the year ended December 31, 2016, none of the forfeitures were used to pay administrative expenses. All other costs of the Plan are paid by the Company.

Valuation of Investments and Income Recognition

The investments of the Plan are primarily comprised of mutual funds, a common/collective trust, and an interest-bearing cash account. The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The Plan invests in a common/collective trust, which is stated at net asset value ("NAV"). The common/collective trust is indirectly invested in a fully benefit-responsive investment contract.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

ADVANCED ENERGY INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested and non-forfeitable, and the Plan administrator would distribute each participant's interest to the participant or his or her beneficiary.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

At December 31, 2016 and 2015, one investment accounted for 13% and 16% of total investments at fair value, respectively. During the year ended December 31, 2016, six investments accounted for 60% of total investment income.

Subsequent Events

The Company has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

ADVANCED ENERGY INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2 - Plan Assets Certified by the Custodian

SSBT has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant notes receivable at amortized cost as of December 31, 2016 and 2015, and the income earned or losses incurred on the investments and participant notes receivable for the year ended December 31, 2016, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investments and participant notes receivable information certified by SSBT, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

ADVANCED ENERGY INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2016:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 62,319,385	\$ -	\$ -	\$ 62,319,385
Interest-bearing cash	<u>53,861</u>	<u>-</u>	<u>-</u>	<u>53,861</u>
Subtotal	<u>\$ 62,373,246</u>	<u>\$ -</u>	<u>\$ -</u>	62,373,246
Common/collective trust measured at NAV				<u>4,691,303</u>
Total				<u>\$ 67,064,549</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 58,828,584	\$ -	\$ -	\$ 58,828,584
Interest-bearing cash	<u>85,361</u>	<u>-</u>	<u>-</u>	<u>85,361</u>
Subtotal	<u>\$ 58,913,945</u>	<u>\$ -</u>	<u>\$ -</u>	58,913,945
Common/collective trust measured at NAV				<u>4,208,807</u>
Total				<u>\$ 63,122,752</u>

The valuation technique used to measure fair value of the mutual funds was measured based on quoted market prices for the individual mutual funds at the end of the respective years.

The valuation technique used to measure fair value of the interest-bearing cash was based on the value at the close of business on the reporting date calculated by SSBT at the end of the respective years.

The valuation technique used to measure fair value of the common/collective trust was the quoted NAV as a practical expedient to estimating fair value, as this investment does not have a readily determinable fair value. NAV is based on the value of the underlying assets and securities, the majority of which have observable Level 1 pricing inputs, including publicly quoted prices for similar assets in active or non-active markets (market approach). The common/collective trust does not have a publicly quoted price. There are no unfunded commitments. The redemption frequency is immediate and the notice period is one day. Withdrawals may be made at will in order to pay participant-directed withdrawals. Such withdrawal requests are required to be paid as soon as administratively feasible but in no event later than 10 business days following Transamerica's receipt of the withdrawal notice.

The Plan's management reaffirms its understanding of the valuation techniques used at least annually. There were no changes to the valuation techniques used during the period.

ADVANCED ENERGY INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4 - Income Taxes

Effective August 1, 2015, the Plan adopted a volume submitter plan document sponsored by Transamerica. Transamerica received an opinion letter from the IRS dated March 31, 2014 indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by SSBT. SSBT is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, the Plan provided for participant notes receivable, which are also party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 6 - Reconciliation to Form 5500

Net assets available for benefits for financial reporting purposes differ from amounts shown on the Plan's Form 5500 as of December 31, 2016 due to the recording of the 2016 employer contributions receivable that was received by the Plan during 2017.
