RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Rhino Energy LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Rhino Energy LLC, as well as CAM Mining LLC, Sands Hill Mining LLC, Rhino Resource Partners L.P., Rhino Coalfield Services LLC, Triad Roof Support Systems LLC, Rhino Technologies LLC, Rhino Trucking LLC, Rhino Services LLC, Rhino Oil Field Services, McClane Canyon Mining, Castle Valley Mining LLC, Rhino GP, LLC, The Elk Horn Coal Company, LLC, Pennyrile Energy LLC, Rhino Oilfield Services LLC, and Rhino Eastern LLC, the co-sponsors (collectively the Plan Sponsors). Management of the Plan Sponsors control and manage the operation and administration of the Plan. Empower Retirement Services (Empower), a division of Great-West Life & Annuity Insurance Company (GWLA), serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as applicable sections of the Internal Revenue Code (IRC).

A plan sponsored by a related entity, Hopedale Mining LLC 401(k) Plan (Hopedale Plan), merged into this Plan effective January 1, 2017. As of December 30, 2016, all funds had been transferred out of the Hopedale Plan, but only \$9,672,442 had been placed into this Plan. The remaining \$2,712,181 was not placed into this Plan until January 3, 2017. As a result, the \$2,712,181 is reflected as a receivable in the accompanying statement of net assets available for benefits as of December 31, 2016.

Spin-off

In December 2016, the Elk Horn Coal Company LLC (Elk Horn) requested to spin-off the assets including loans of Elk Horn employees into a separate plan effective January 1, 2017 due to Elk Horn no longer being owned by Rhino Energy LLC. In February 2017, assets of approximately \$1,350,000 were withdrawn from the Plan and transferred to the new plan, Elk Horn Coal Company LLC 401(k) Plan.

Eligibility

Employees are eligible to participate in the Plan upon attainment of age 18. Eligible participants can enter the Plan on the first day of the month on or following their date of hire. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer nonelective contributions.

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

1. Description of the Plan, continued

Contributions, continued

The Plan Sponsors make safe harbor enhanced matching contributions of 100% of each participant's elective deferrals not exceeding 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. The Plan Sponsors made safe harbor matching contributions of \$1,114,778 for the year ended December 31, 2016.

In addition, the Plan Sponsors may make a discretionary nonelective contribution. This contribution is allocated as a uniform percentage of eligible compensation that is uniformly determined by the employer for all eligible participants. A participant must be employed by the Plan Sponsors on the last day of the Plan year in order to receive a contribution, unless the participant dies, becomes disabled, or has reached normal retirement age (defined as age 65) by the end of the Plan year. There were no nonelective contributions made by the Plan Sponsors during 2016.

Due to the blackout period related to the Plan merger previously discussed, Hopedale made nonelective contributions of \$170,713 for the year ended December 31, 2016 that were deposited into this Plan during 2017 and shown as a receivable as of December 31, 2016.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsors' contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan adoption agreement. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. Plan Sponsors' contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon, and the Plan Sponsors' contributions. A participant is 100% vested in all funds upon their entry date into the Plan.

RHINO ENERGY LLC 401(K) PLAN

1. Description of the Plan, continued

Participant Loans

Participants may borrow up to a maximum of the lesser of \$50,000 or 50% of their vested balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than \$5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

Forfeited Accounts

All forfeitures are applied to safe harbor contributions and Plan expenses. As of December 31, 2016 and 2015, forfeited accounts totaled \$4 and \$12,408, respectively. No forfeitures were reallocated during 2016. During 2016, no forfeitures were used to reduce employer contributions. Forfeited participant balances during 2016 totaled \$1,941.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative and Investment Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Investment management and advisor expenses are included in administrative expenses. All other administrative expenses are paid by the Plan Sponsors.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through July 26, 2017, the date that the financial statements were available to be issued. Except as disclosed in Note 1, there were no other events occurring during the evaluation period that require recognition or disclosure in the financial statements.

3. Information Certified and Provided by Custodian

The Plan's asset information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by Empower, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that asset information provided to the Plan Administrator by the custodian related to the asset information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to asset information in this note and which appears throughout the financial statements and the supplemental schedule.

3. Information Certified and Provided by Custodian, continued

The following table presents the fair value of assets (except for fully benefit-responsive investment contracts, which are reported at contract value) in the Plan that were certified by Empower.

	<u>2016</u>	<u>2015</u>
Guaranteed investment contract	\$ 6,621,623	\$ 7,256,144
Mutual funds	<u>25,412,027</u>	<u>15,421,259</u>
Total	\$ <u>32,033,650</u>	\$ <u>22,677,403</u>

Empower, the custodian, certified to the completeness and accuracy of \$984,897 of net realized and unrealized appreciation in the fair value of mutual funds and \$573,837 of interest and dividends related to the investments for the year ended December 31, 2016.

Empower also certified to the completeness and accuracy of \$1,243,983 and \$1,295,211 of notes receivable from participants for 2016 and 2015, respectively, and \$42,458 in interest on notes receivable from participants for the year ended December 31, 2016.

4. Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract with GWLA that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The total contract value of the traditional investment contract as of December 31, 2016 and 2015 is \$6,621,623 and \$7,256,144, respectively.

The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, not less than 0% as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

4. Fully Benefit-Responsive Investment Contract, continued

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; or
2. Amendments to Plan documents, including complete or partial termination or merger with another plan; or
3. Changes to the Plan's prohibition on competing investment options; or
4. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Fair Value Measurements

The Plan has determined the fair value of investments through the application of U.S. GAAP related to fair value measurements and disclosures. Investments valued using Level 1 inputs are based on unadjusted quoted prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar investments in active or inactive markets. Investments valued using Level 3 inputs are valued based on management's assumptions about the assumptions market participants would utilize in pricing the investments.

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used to measure fair value at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

5. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2016</u>				
Investments measured at fair value:				
Mutual funds	\$ <u>25,412,027</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>25,412,027</u>
<u>2015</u>				
Investments measured at fair value:				
Mutual funds	\$ <u>15,421,259</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>15,421,259</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

6. Tax Status

The Plan uses a prototype Plan document sponsored by Orchard Trust Company. Orchard Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Exempt Party-in-Interest Transactions

The Plan has a benefit-responsive investment contract with GWLA. The custodian, as defined by the Plan, is a division of GWLA; therefore, the transactions involving the benefit-responsive investment contract qualify as exempt party-in-interest transactions.

Administrative expenses of \$93,052 for the year ended December 31, 2016 are comprised of fees paid by the Plan to GWLA, Empower, MCF Advisors, LLC, and Advised Asset Group for investment management services and withdrawal charges.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

8. Exempt Party-in-Interest Transactions, Continued

Additionally, indirect fees are paid to the custodian based on investment account values. These fees range from 0.05% to 1.08% of the investment account value. The fees are included with net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

9. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016 and 2015, is as follows:
