Note 1: Description Of Plan

The following description of Huck Finn Clothes, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted January 1, 2003, and is a defined contribution 401(k) plan established to provide retirement benefits for employees of Huck Finn Clothes, Inc. and PHC Distribution Co., Inc. (the Companies). The Plan provides for the participation of all employees over the age of 21 who have completed one year of eligibility service. A year of eligibility service is accomplished after completing 1,000 hours of service during any calendar year. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants can contribute up to 90% of eligible compensation subject to the maximum amount allowed by Internal Revenue Code limitations. Eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with Internal Revenue Code provisions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make matching contributions to the Plan at the discretion of the Board of Directors.

Participants' accounts - Each participant's account is credited or charged, as applicable, with the participant's contribution, earnings (losses), transfers, payments, withdrawals, or other distributions made to or from such accounts during the period. Allocations are based on participant earnings or account balances in accordance with terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In accordance with the provisions of the Plan, each participant has the right to direct the investment of the contributions and any rollover/transfers, if applicable, into the Plan.

Vesting - Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. A participant's vested interest in the Companies' discretionary contributions is based on the number of years of continuing service. A participant is 100% vested after six years of credited service.

Forfeited accounts - No employer contributions have been made to the Plan; therefore, there are no forfeited nonvested accounts.

Payment of benefits - On termination of service or separation of service, due to death, disability, or retirement, a participant or their beneficiary will be entitled to receive a distribution of their total vested account balance. Benefits will be paid in accordance with terms of the Plan.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are made in accordance with the terms of the Plan.

Note 1: Description Of Plan (Continued)

Plan termination - Although they have not expressed any intention to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, each participant's account will become fully vested and be distributed in accordance with the Plan Agreement.

Note 2: Summary Of Significant Accounting Policies

Investment valuation - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2: Summary Of Significant Accounting Policies (Continued)

For the year ended December 31, 2015, the Plan adopted Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. The ASU was effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II was applied retrospectively. Management elected to adopt Part II early.

For the year ended December 31, 2015, the Plan adopted ASU *2015-07, Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The update was applied retrospectively. Management has elected to adopt the update early. There was no material impact on the Plan's net assets available for benefits or changes in net assets available for benefits upon adoption of the new ASU.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan has adopted a prototype plan which has an opinion letter dated July 8, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 2: Summary Of Significant Accounting Policies (Continued)

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits and changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015, and the accompanying notes in the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Reliance Trust Company as of and for the year ended December 31, 2016 and State Street Bank and Trust Company as of and for the year ended December 31, 2015, the Custodians, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $455,031 and $367,964 at December 31, 2016 and 2015, respectively, and related investment income (loss) of $33,024 and $(10,071) for the years ended December 31, 2016 and 2015, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at December 31, 2016 and 2015:

Mutual funds: Valued at quoted market prices.

Cash equivalent: Valued at a constant dollar per share.

Common collective trusts: The Plan invests in several common collective trusts. These trusts are valued at the net asset value (NAV) of units held by the Plan at the reporting date. Units held in the common collective trusts may be redeemed at any time. The common collective trusts are direct filing entities. Each common collective trust files its own Form 5500.

Note 4: Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Fair Value Measurements At Reporting Date Using:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
December 31, 2016				
Mutual funds	$ 197,151	$ -	$ -	$ 197,151
Cash equivalent	48,607	-	-	48,607
Total Investments In the Fair Value Hierarchy	$ 245,758	$ -	$ -	245,758
Investments measured at net asset value as a partical expedient:				
Common collective trusts				209,273
Total Investments At Fair Value				$ 455,031
December 31, 2015				
Mutual funds	$ 203,641	$ -	$ -	$ 203,641
Cash equivalent	17,552	-	-	17,552
Total Investments In the Fair Value Hierarchy	$ 221,193	$ -	$ -	221,193
Investments measured at net asset value as a partical expedient:				
Common collective trusts				146,771
Total Investments At Fair Value				$ 367,964

Note 4: Fair Value Measurements (Continued)

In accordance with accounting principles generally accepted in the United States of America, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 460,112	$ 377,033
Adjustment for employee contributions receivable	(2,679)	(1,808)
Net Assets Available For Benefits Per Schedule H Of Form 5500	$ 457,433	$ 375,225

The following is a reconciliation of total additions to net assets per the financial statements to Form 5500 for the year ended December 31, 2016:

Total additions to net assets per the financial statements	$ 85,344
Adjustment for contribution receivable	(871)
Amount Per Schedule H Of Form 5500	$ 84,473

Note 6: Related Party Transaction

Certain fees for administrative services may be paid by the Companies.

Note 7: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2016, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through August 28, 2017, which is the date the financial statements were available to be issued.
