Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **OPINION**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Brakes Plus, Inc. Employees Savings Trust as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the year ended December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

## **OTHER MATTER**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. ## **Notes to Financial Statements**

### **Note 1 - Description of the Plan and Significant Accounting Policies**

The following description of Brakes Plus, Inc. Employees Savings Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan established January 1, 1999. The Plan is available to eligible employees age 21 years or older who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of Brakes Plus, Inc. (the "Company") administers the Plan. Great-West Life & Annuity Insurance Company ("Great-West") serves as trustee, manages Plan assets, and maintains the Plan's records. Great-West offers Plan participants a variety of investment options through various mutual funds and a guaranteed interest contract. Individual accounts are invested in the various investment options at the direction of the participants.

#### **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

#### **Contributions**

Participants may make before-tax contributions up to 50% of their annual eligible compensation, not to exceed the IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employees who are age 50 years or older during the Plan year may make additional catch-up contributions. Employee contributions to the Plan are made through regular payroll deductions.

The Company will make a discretionary matching contribution of 25% of elective deferrals up to 5% of eligible compensation on a payroll basis. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½.

In 2017, the Company elected to increase the discretionary matching contribution to 30% of elective deferrals up to 6% of eligible compensation on a payroll basis.

The Company may elect, at its sole discretion, to make additional profit-sharing contributions as often as approved by the Board of Directors. The discretionary profit-sharing contribution is allocated to each participant in proportion to his or her eligible compensation for the Plan year. The Company chose to make no discretionary profit-sharing contribution for the year ended December 31, 2016.

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### **Participants' Accounts**

Each participant's account is credited or charged with the participant's contributions and an allocation of the Company's contributions, Plan earnings or losses, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

#### **Vesting**

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions and the earnings or losses thereon not fully vested when contributed will vest as follows:

| <u>Years of Service</u> | <u>Vested Interest</u> |
|-------------------------|------------------------|
| Less than 2             | 0%                     |
| 2                       | 20%                    |
| 3                       | 40%                    |
| 4                       | 60%                    |
| 5                       | 80%                    |
| 6                       | 100%                   |

A participant's account becomes 100% vested upon death, attaining normal retirement age of 65, retirement due to disability, or if the Plan is terminated.

#### **Participant Loans**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The maximum loan repayment period is five years, with the exception of loans for a principal residence, which may be repaid over a period of up to 30 years. The loans are collateralized by the vested balance in the participant's account and bear interest ranging from 5.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator, and mature at various dates through October 2045. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### **Payment of Benefits**

Payment of benefits is available upon retirement, death, disability, or termination of employment. If the participant's vested balance is less than \$5,000 and after notification the employee does not request a distribution, a lump-sum distribution to an individual retirement account will be made. If a participant's vested account balance is greater than \$5,000, the participant may delay the lump-sum distribution equal to the value of his or her vested account balance. If the participant's vested account balance is below \$1,000, it will be distributed to the participant in a lump sum. Participants subject to required minimum distributions will receive installment payments, as defined by the Plan. Normal retirement age is 65 years, but participants continue to share in the benefits of the Plan if employment continues past normal retirement age. Benefits are recorded when paid.

#### **Participant Termination and Forfeitures**

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to reduce future employer contributions and to offset Plan expenses. The balance of this account at December 31, 2016 and 2015 was approximately \$21,500 and \$14,300, respectively. For the year ended December 31, 2016, employer contributions and Plan expenses were reduced by approximately \$35,500 and \$20,000, respectively, from forfeited accounts.

#### **Valuation of Investments and Income Recognition**

Investments are recorded at fair value or contract value as reported to the Plan by Great-West. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through a guaranteed interest contract. As required by GAAP, the statements of net assets available for benefits present the contract value of the investment in the guaranteed interest contract.

The guaranteed interest contract account is under a group annuity contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting interest rates are reset by Great-West on a quarterly basis.

## **Notes to Financial Statements**

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### **Valuation of Investments and Income Recognition (continued)**

Certain events may limit the ability of the Plan to transact at contract value with Great-West. Such events may include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, layoffs, divestitures, and spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In addition, certain events may allow the issuer to terminate the contract with the Plan and settle at an amount different from fair value. Such events may include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. The Plan administrator does not believe that the occurrence of any such events is probable.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

## **Notes to Financial Statements**

### **Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

#### **Subsequent Events**

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. There were no additional subsequent events that required recognition or disclosure in the financial statements other than the increase to the discretionary matching contribution.

### **Note 2 - Fair Value Accounting**

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2016 and 2015.

Assets at fair value as of December 31, 2016 are as follows:

| <u>Description</u> | <u>Level 1</u>       | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u>         |
|--------------------|----------------------|----------------|----------------|----------------------|
| Mutual funds       | <u>\$ 11,706,770</u> | <u>\$ -</u>    | <u>\$ -</u>    | <u>\$ 11,706,770</u> |

Assets at fair value as of December 31, 2015 are as follows:

| <u>Description</u> | <u>Level 1</u>       | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u>         |
|--------------------|----------------------|----------------|----------------|----------------------|
| Mutual funds       | <u>\$ 10,588,687</u> | <u>\$ -</u>    | <u>\$ -</u>    | <u>\$ 10,588,687</u> |

There were no changes to the valuation techniques used during the period.

## **Notes to Financial Statements**

### **Note 3 - Income Taxes**

The Plan did not obtain a plan-specific determination letter as it operates with the trustee's opinion letter dated March 31, 2008, which was issued on the basic Plan document. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 4 - Administration of the Plan**

Certain fees are charged to participants relating to loan and set-up costs. The Company provides, at a limited cost to the Plan, certain administrative, accounting, and legal services. The remaining cost is paid from forfeitures.

### **Note 5 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiaries.

### **Note 6 - Party-in-Interest and Related Party Transactions**

The guaranteed interest contract is managed by Great-West. Great-West is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Participant loans receivable also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
