BIZLAB, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
November 11, 2016

NOTE A -- Description of the plan and significant accounting policies

The following description of the BizLab, Inc. 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions. The plan established on January 1, 2009 and the employers, as described below, have adopted the Evolution Retirement Services, Inc. Non-Standardized 401(k) Profit Sharing Plan effective January 1, 2014. The employers have subsequently amended and restated the plan with the most recent restatement effective January 1, 2016.

General

The plan is a defined-contribution plan covering eligible employees of BizLab, Inc., Sterling Commerce Group, Inc., Sterling Law Offices, S.C. and Marketing Miracles, Inc. ("the company or employers") who have two consecutive months of service or one year of service if the two consecutive months have not been satisfied. Effective May 1, 2016 all human resource functions and staff were outsourced to a third party (Empower HR). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustee oversees governance of the plan. The Plan Administrator determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the Trustee.

The plan's federal identification number is 20-8007995, and the plan's number is 001.

Contributions

Each year, participants may contribute up to 100% of pretax (regular) or post tax (Roth) annual compensation, as defined in the plan, not to exceed the limits set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The company contributes 100% of the first 4% of base compensation that a participant contributes to the plan as a discretionary safe harbor matching contribution. The company also has the right to make profit sharing contributions to be allocated to participants pro rata based on compensation. In 2016, the company made no profit sharing contributions. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service ("IRS").

Forfeited accounts

At November 11, 2016, and December 31, 2015 forfeited nonvested accounts totaled \$0.

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contribution and allocations of (a) the employers' matching and discretionary profit sharing contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations of plan earnings are based on participant account balances, as defined, and allocation of company contributions are based on participant compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The plan permits the transfer of funds from other qualified plans to a separate participant's rollover account.

BIZLAB, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
November 11, 2016

NOTE A -- Description of the plan and significant accounting policies (Continued)

Vesting

Participants are vested immediately in their contributions and company safe harbor matching contributions plus actual earnings thereon. Vesting in the company's discretionary profit sharing contributions portion of their accounts is based on years of continuous service. Participants vest over a six-year period at a rate of 20% per year starting in year two. Participants who leave the plan because of death, as defined in the plan, are considered 100 percent vested in all amounts.

Distributions

On termination of service due to death, disability, retirement (age 65) or other reasons, a participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000 the participant may elect a lump-sum distribution or may elect to defer such distribution to any valuation date subsequent to his/her termination date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits in-service distributions at age 59 ½. The plan permits hardship distributions if certain criteria are met.

Notes receivable from participants

Participants may not borrow from their fund accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

NOTE A -- Description of the plan and significant accounting policies (Continued)

Administrative expenses

The employers pay most of the administrative expenses of maintaining the plan which are excluded from the financial statements. The major administrative expenses are asset custodian and investment fees.

Subsequent events

These financial statements have not been updated for subsequent events occurring after August 28, 2017, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by the asset custodian (unaudited)

The November 11, 2016 and December 31, 2015, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the period ended November 11, 2016, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Capital Bank & Trust Company, the asset custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$0 and \$1,337,414 at November 11, 2016 and December 31, 2015, respectively, and related decrease in net assets available for benefits of \$1,337,414 for the period ended November 11, 2016.

NOTE C -- Fair value measurements

The plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

BIZLAB, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
November 11, 2016

NOTE C -- Fair value measurements (Continued)

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments in which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 11, 2016 and December 31, 2015.

Level 1 Fair Value Measurement

Registered Investment Companies are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that we are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the period ended November 11, 2016, are reported in net appreciation in fair value of investments.

NOTE D – Party-in-interest transactions

The Capital Group retirement plan services division is the third party recordkeeper of the plan and is therefore designated as a fiduciary and party-in-interest. The plan regularly invests in funds for which Capital Group is the issuing party, under the name American Funds. These party-in-interest transactions occur in the course of ordinary business and are exempt transactions.

Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE E -- Concentration of market risks

The plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

BIZLAB, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
November 11, 2016

NOTE F -- Tax status

The plan has adopted the Evolution Retirement Services, Inc. Prototype Non-standardized Profit Sharing Plan, as described in Note A, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 that the plan is designed in accordance with applicable sections of the IRC. The plan has been amended since receiving the opinion letter. However, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

NOTE G -- Plan Amendments

Effective January 1, 2016, the plan was restated with no significant changes.

NOTE H -- Plan Termination

On May 1, 2016, the employers, as described in Note A, outsourced their human resource functions and staff to a third party (Empower HR). As a result, on September 26, 2016, the employers adopted a resolution terminating the plan effective October 1, 2016. Upon termination, participants became 100% vested in their account balances. No contributions were made to the plan subsequent to October 1, 2016. The plan assets were transferred on November 11, 2016, to the Empower HR Retirement Savings Plan and the plan was closed.
