To the Plan Administrator of the  
Vital Signs 401(k) Savings and Protection Plan  
Totowa, New Jersey

### Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Vital Signs 401(k) Savings and Protection Plan, which comprise the statements of net assets in liquidation available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets in liquidation available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### **Other Matter: Plan Termination and Liquidation Basis of Accounting**

As discussed in Note 6 of the financial statements, the governing body of the Vital Signs 401(k) Savings and Protection Plan approved a plan liquidation on December 31, 2014. As a result, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2013 financial statements to the liquidation basis used in presenting the 2014 financial statements. Our opinion is not modified with respect to this matter.

### **Report on Form and Content in Compliance With DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Vital Signs 401(k) Savings and Protection Plan  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2014 and 2013

NOTE 1--DESCRIPTION OF PLAN

The following description of the Vital Signs 401(k) Savings and Protection Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on October 1, 1988, is a defined contribution plan covering substantially all employees of Vital Signs, Inc. and its wholly owned subsidiaries (collectively, the Company), except for employees covered by collective bargaining agreements and nonresident aliens who do not receive any earned income from the employer which constitutes United States source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Benefits Investment Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

As described in Note 6 the Plan terminated as of December 31, 2014.

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 80% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan 30 days following the employee's date of hire unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Such contributions are 100% vested and non-forfeitable. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer matching contributions: The Company makes matching contributions of 25% of each participant's contribution up to 6% of the participant's compensation annually. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable.

Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).

Eligibility to participate : Employees are immediately eligible to participate in the Plan as there are no age or eligibility service requirements.

Forfeitures : At December 31, 2014 and 2013, forfeited nonvested accounts held by the Plan totaled \$0. These accounts will be used to pay administrative expenses of the Plan and to reduce future employer contributions. No forfeitures were used during the year.

#### NOTE 1--DESCRIPTION OF PLAN (Continued)

- Notes receivable from participants : Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account.
- Participant accounts : Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer matching contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- Payment of benefits : On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds \$5,000.
- Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.
- Vesting : Participants are immediately 100% vested in all contributions plus actual earnings thereon.

#### NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- Basis of accounting : As discussed in Note 6 the Plan has terminated as of December 31, 2014 and as such the basis of accounting is reported on a liquidation basis. The change in basis of accounting did not affect the valuation of investments.
- Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Excess contributions payable : Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to December 31, 2014.
- Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.
- Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- Notes receivable from participants : Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
- Payment of benefits : Benefits are recorded when paid.
- Reclassification : Certain prior year balances have been reclassified to agree to current year presentation.
- Subsequent events : The Plan has evaluated subsequent events through October 1, 2015, the date the financial statements were available to be issued.
- Use of estimates : The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### NOTE 4--INVESTMENTS (Continued)

During the year ended December 31, 2014, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value as follows:

|                          |                   |
|--------------------------|-------------------|
| Mutual funds             | \$ <u>422,106</u> |
| Net change in fair value | \$ <u>422,106</u> |

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2014 are reported in net appreciation in fair value of investments.

#### NOTE 5--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

##### *Level 1 Fair Value Measurements*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan held no level 1 assets as of December 31, 2014.

##### *Level 2 Fair Value Measurements*

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Common/collective funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan held no level 2 assets as of December 31, 2014.

## NOTE 5--FAIR VALUE MEASUREMENTS (Continued)

### *Level 3 Fair Value Measurements*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2014 and 2013.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### Assets at Fair Value as of December 31, 2014 and 2013

No assets were held at December 31, 2014.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

- (a) Common/collective trust: The Fidelity Managed Income Portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests in assets (typically fixed-income securities or bond funds), enters into "wrap" contracts issued by third-parties and invests in cash equivalents represented by the shares in money market funds.
- (b) Balanced: These funds seek to provide income and long-term growth of capital. These funds invest in a combination of stocks, bonds and money market funds, in a single portfolio to provide both income and capital appreciation while avoiding excessive risk. A balanced fund provides investors with a single mutual fund that combines both growth and income objectives.
- (c) Fixed income: These funds intend to produce a predictable stream of income derived from ownership in corporate or government bonds and other fixed income instruments with varying maturities.

#### NOTE 5--FAIR VALUE MEASUREMENTS (Continued)

- (d) International: These funds invest primarily in companies located outside of its investors' country of residence.
- (e) Large cap: These funds invest in companies with a market capitalization of greater than \$10 billion at the time of purchase.
- (f) Lifecycle: These funds are diversified over a range of asset categories. Each lifecycle fund has an allocation strategy for the underlying equity, fixed income and short term mutual funds based on the number of years until the funds reach their target retirement dates. Each fund with a target retirement date will gradually adopt a more conservative asset allocation as it approaches its target retirement date.
- (g) Mid cap: These funds invest in mid-sized companies generally ranging from \$2 billion to \$10 billion in market capitalization at the time of purchase.
- (h) Small cap: These funds invest in companies with a market capitalization of between \$300 million and \$2 billion at the time of purchase.
- (i) Specialty: These funds seek capital appreciation and current income in specific industries or small non-U.S. companies in countries with developed markets.

These contracts are included in the financial statements at fair value as reported to the Plan by Fidelity Management Trust Company.

#### NOTE 6--PLAN TERMINATION

The Board of Directors of the Plan Sponsor voted in December 2013 to terminate the Plan. The termination was completed on December 31, 2014. Final distributions were determined based on participants being 100% vested. All participant balances were distributed out of the Plan by December 31, 2014.

#### NOTE 7--TAX STATUS

As of December 31, 2014, an IRS determination letter has not been obtained for the Plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2008 has been obtained by Fidelity Management and Research Company, the service provider, regarding the original plan document. Although the Plan has been amended since receiving the IRS "prototype" opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, plan management believes that the Plan is qualified and the related trust is tax exempt.

#### NOTE 7--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

#### NOTE 8--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

#### NOTE 9--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
