NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

The following description of the SmugMug, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established in 2007 by SmugMug, Inc. (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code ("IRC") and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company ("Fidelity") to act as the trustee and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased or sold as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes as of December 31, 2016.

Benefit Payments
Benefit payments to participants are recorded when paid.

Income Taxes
Effective April 2009, the Plan adopted a non-standardized form of a volume submitter plan sponsored by Fidelity. The volume submitter plan has received an opinion letter from the Internal Revenue Service ("IRS") as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through August 30, 2017, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 2 – FAIR VALUE MEASUREMENT (Continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Interest-bearing cash
Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

Registered investment companies (*mutual funds)*
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

NOTE 2 – FAIR VALUE MEASUREMENT (Continued)

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,940,828	$ -	$ -	$ 9,940,828
Interest-bearing cash	181,322	-	-	181,322
Total investments at fair value	**$ 10,122,150**	**$ -**	**$ -**	**$ 10,122,150**

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,877,013	$ -	$ -	$ 7,877,013
Interest-bearing cash	203,123	-	-	203,123
Total investments at fair value	**$ 8,080,136**	**$ -**	**$ -**	**$ 8,080,136**

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE 3 – RELATED PARTY TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by an affiliate of Fidelity, the trustee of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant's direction.

NOTE 4 – PARTICIPATION AND BENEFITS (Continued)

Participant Contributions (Continued)
Participants are also allowed to make rollover contributions of pre-tax amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions
The Company is allowed to make discretionary matching employer contributions as defined in the Plan and as approved by the Board of Directors. During 2016, the Company paid discretionary matching employer contributions to eligible participants up to 4.50% of the participant's eligible compensation. Employer contributions for the year ended December 31, 2016 were $463,660. In 2016, Fidelity notified the Company of an error that was made to some of the matching employer contributions' elections in the Adoption Agreement of the Plan. The Plan intended to have a discretionary match, however, the qualified matching employer contributions' option was selected instead. As such, the Plan entered a group voluntary correction program sponsored by Fidelity to retroactively amend their Plan to properly reflect their intentions.

Eligibility
Employees of the Company are eligible to participate in the Plan immediately upon hire, however, they can enter the Plan on the first day of the next month.

Vesting
Participants are immediately vested in their contributions and the discretionary matching employer contributions. Participants become fully vested in non-elective employer matching contributions after three years of service.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any. Plan earnings are allocated based upon participant account balances as defined.

Investment Options
Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the trustee.

NOTE 4 – PARTICIPATION AND BENEFITS (Continued)

Payment of Benefits

Upon termination of service due to death, disability or retirement, the participants or beneficiaries may elect to leave their account balances in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in his or her account or in the form of an annuity. The Plan allows for the automatic distribution of participant account balances that do not exceed $1,000.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with Internal Revenue Service regulations subject to a $500 minimum amount. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance. The notes are secured by the participant's balance. Such notes bear interest at available market financing rates and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence, in which case the maximum repayment period may be longer. A participant can only have one outstanding loan at any time. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable from participants at December 31, 2016 and 2015 carry an interest rate of 5.00%.

NOTE 5 – CERTIFIED INFORMATION

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2016	2015
Registered investment companies	$ 9,940,828	$ 7,877,013
Interest-bearing cash	181,322	203,123
Notes receivable from participants	67,209	68,045

NOTE 5 – CERTIFIED INFORMATION (Continued)

The trustee also certified to the completeness and accuracy of $527,802 of net appreciation in fair value of investments, $339,369 of dividend and interest income, and $3,458 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2016.

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and is subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

The Company adopted a volume submitter agreement with a cash or deferral arrangement which received a favorable opinion letter from the IRS on March 31, 2008 and March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.
