Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Education Association Employees 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company and by John Hancock Trust Company LLC, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Principal Trust Company held the Plan's investments and executed investment transactions from January 1, 2015 to May 1, 2016 and John Hancock Trust Company LLC held the Plan's investment assets and executed investment transactions from May 2, 2016 to December 31, 2016. The plan administrator has obtained a certification from each of the trustees that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ohio Education Association Employees 401(k) Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Ohio Education Association (the Employer) Employees 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established on January 1, 1998 covering all eligible employees. Eligible participants enter the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 2, 2016, the Plan was amended and restated to merge the Ohio Education Association Union Defined Contribution Plan into this Plan. Assets transferred into the Plan as a result of this merger were \$16,628,952.

Eligibility

All active employees are eligible to participate in the Plan.

Contributions

The Plan is funded by participant contributions, Employer matching contributions, additional Employer contributions, and may also include discretionary employer qualified non-elective contributions (QNEC). Participants may contribute up to 100% of their eligible compensation, as defined by the Plan and subject to Internal Revenue Service (IRS) limitations. Additionally, participants may make Roth contributions.

Employer matching contribution rates vary by employee type. Associate staff received a matching contribution of 100% of the first 3% of eligible compensation deferred during the years ended December 31, 2016 and 2015. Professional staff received a match of 100% of the first 3.5% of eligible compensation during the years ended December 31, 2016 and 2015. Management and officers receive a discretionary match determined annually by the plan administrator. Management and officers received a match of 100% of the first 3.5% of eligible compensation during the years ended December 31, 2016 and 2015.

Effective with the May 2, 2016 merger, the Plan provides for additional Employer contributions for Professional and Associate staff. Benefits accrued prior to May 2, 2016 were accrued under the Ohio Education Association Union Defined Contribution Retirement Plan and were merged into this Plan as of that date. Additional Employer contribution rates vary by employee type and hire date. Associate staff hired after April 17, 1993 and Professional staff hired on or after

September 1, 2000 are eligible for additional Employer contributions upon their hire date. Effective September 1, 2013, Professional staff hired prior to September 1, 2000 who had obtained either age 62 or completed 32 years of service became eligible for additional Employer contributions if they were still actively employed. All other Professional staff hired prior to September 1, 2000 are eligible for additional Employer contributions on the first of the month following the earlier of obtaining either age 62 or completed 32 years of service and being actively employed. The additional Employer contribution rate was 16% of eligible compensation for all eligible Associate staff for the period May 2, 2016 to August 31, 2016 and 16.5% for the period September 1, 2016 to December 31, 2016. The additional Employer contribution rate was 18.5% of eligible compensation for all eligible Professional staff for the period May 2, 2016 to August 31, 2016 and 19% for the period September 1, 2016 to December 31, 2016.

Roth contributions are not eligible for Employer matching contributions. Catch-up contributions are allowed by the Plan. Participants may also contribute rollover contributions representing distributions from other qualified plans. Contributions are participant-directed and are funded bi-weekly.

Participant accounts

Individual account balances are maintained for each participant. Participant accounts were held by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company (Principal Trust Company) from January 1, 2015 through May 1, 2016 and by John Hancock Trust Company LLC from May 2, 2016 through December 31, 2016. Participant account balances are adjusted daily for income and both realized and unrealized gains and losses. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participant contributions, rollover contributions, QNEC contributions, and the related earnings are 100% vested. A participant's interest in Employer contributions become fully vested upon attaining normal retirement age, termination, death, disability or after one year of service as defined by the Plan.

Payments of benefits

Upon severance or disability after attaining normal retirement age or termination of a participant's employment for any reason, participants may elect to commence payment of their account within the provisions of the Plan. Distributions may be made in a lump sum or rolled over into another qualified plan.

Participant notes receivable

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance excluding any portion derived from any additional Employer contributions, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with the local prevailing rates as determined by the plan administrator. Loan principal and interest is paid by participants through biweekly payroll deductions.

Forfeitures

Forfeitures will be used to pay Plan expenses and then to reduce future Employer contributions for the year in which the forfeiture occurs.

Administrative expenses

Administrative and legal fees of the Plan are paid by either the Employer or by amounts deposited to the Plan by the service provider pursuant to the agreement between the Employer and the service provider and known as the “Service Credit”. Brokerage commissions, transfer taxes, other charges and expenses in connection with the purchase and sale of securities and fees related to investments subject to participant direction are paid by the Plan. Investment-related expenses are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment income for such investments.

2. Summary of Significant Accounting Policies:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting and use of estimates

The financial statements are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment valuation and income recognition

The Plan’s investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ accounts and the amounts reported in the financial statements.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the plan agreement.

Payment of benefits

Benefits are expensed when paid.

Plan termination

Although the Employer has not indicated any intent to do so, it has the right to terminate the Plan at any time subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. In the event of termination, all amounts credited to participant accounts will become fully vested.

Accounting change

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, “Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient.” ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt Part II of ASU 2015-12 in 2015; in 2016, the Plan adopted Part I of ASU 2015-12, applied retrospectively to all periods presented. This change had no impact on net assets available for benefits. Part III of ASU 2015-12 is not applicable to the Plan.

Additionally, the FASB issued ASU 2015-07, “Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent).” ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-07, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassifications

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through August 30, 2017, the date on which the financial statements were available to be issued.

3. Information Certified by the Trustee:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2016 and 2015 was obtained from data that has been prepared and certified to as complete and accurate by the Plan’s trustees and furnished to the plan administrator. Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company was the trustee from January 1, 2015 to May 1, 2016 and John Hancock Trust Company LLC was the trustee from May 2, 2016 to December 31, 2016.

Investments

Net appreciation/(depreciation) in fair value of investments

Interest and dividends

Assets held at end of year

4. Investment Contract with Insurance Company:

In 2000, the Plan entered into a fully benefit-responsive group annuity investment contract issued by Principal Life Insurance Company (Principal). Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represented contributions made under the contract, plus earnings at the guaranteed interest rate, less participant withdrawals, transfers and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a semiannual basis for resetting.

Changes in future interest crediting rates would not affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value as fair value was considered the book value less any early withdrawal change.

The investment contract was a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned (interest credited) on the group annuity contract. The Plan could transact according to the terms defined in the contract at any time, however certain events could limit the ability of the Plan to transact at contract value with the issuer, including transferring to a new Trustee. Upon the transfer of assets to John Hancock Trust Company LLC, the investment in the group annuity contract was transferred at contract value.

5. Income Tax Status:

The Plan obtained its latest determination letter dated July 6, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Forfeited Accounts:

Contributions are forfeited upon termination or a forfeiture break in service, as defined by the Plan. Forfeitures may be used to pay Plan expenses and then to reduce future Employer contributions for the year in which the forfeiture occurs. There were no forfeited, non-vested account balances as of December 31, 2016 or 2015, respectively. Forfeitures of \$232 and \$1,171 were applied toward Employer matching contributions during the years ended December 31, 2016 and 2015, respectively.

7. Related Party and Party-In Interest Transactions:

Certain Plan investments were funds managed by Principal Life Insurance Company or Princor Financial Services. Both companies are members of the Principal Financial Group. Delaware Charter Guarantee and Trust, d/b/a Principal Trust Company, was the trustee as defined by the Plan and was also a member of Principal Financial Group. Therefore, transactions involving shares of these investments qualified as party-in-interest transactions.

8. Fair Value Measurements

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under generally accepted accounting principles are described below:

- Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methods used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Collective investment Trust: The collective investment trusts is valued using the NAV provided by the fund trustee and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments related to the collective investment trusts and units are redeemable at NAV on a daily basis.

Self-directed brokerage account: Value based on fair value of underlying investments within the account as follows:

- Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- Common stock: Fair value is the observable market quotation for identical assets and is priced on a daily basis in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:
