METALSA – UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa (“Company”) - UAW Retirement and Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are members of the collective bargaining unit at one of the following facilities; Elizabethtown, KY, Hopkinsville, KY, Roanoke, VA. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Salaried employees and other non-bargained employees are covered under the Metalsa Retirement Savings Plan.

Contributions

Employee Deferral (Pre-tax): Plan participants can elect to contribute from 1% to 50% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Contributions are based upon total compensation. Compensation is base pay, overtime, shift premium, vacation pay and other paid time-off, incentive earnings, and other cash compensation, before any other company sponsored benefit reductions (such as health care contributions, etc.). Compensation will not include long-term disability benefits, separation pay, or other benefit payments, or perfect attendance bonuses paid in Elizabethtown. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. These contributions are not federally taxable to the participant until they are withdrawn from the Plan.

Nondeductible Employee Contributions (After-tax): The Plan also allows employees to contribute a portion of their compensation into the Plan as a nondeductible employee contribution. The total pre-tax and after-tax contributions cannot exceed 50% of their compensation. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until they take a distribution from the Plan.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

Employer Contributions: Employer contributions are determined by participant location and applicable collective bargaining agreements in place.

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

If the Eligible Employee is employed in the collective bargaining unit at the Elizabethtown, KY facility, the Company will make matching contributions as follows:

1. For Participants who became members of the Elizabethtown bargaining unit on or after January 1, 2003, fifty percent (50%) of the amounts the Participant has contributed to the Plan during the period as Compensation Deferral Contributions, but only with respect to Compensation Deferral Contributions (not After-Tax Contributions) and only with respect to that portion of the Participant's Compensation Deferral Contributions for the Plan Year that do not exceed five percent of that participant's Compensation, or
2. For any Participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003, equal to the sum of seventy-five percent (75%) of the first \$350 he/she contributes to the Plan as Compensation Deferral Contributions during the period, and thirty percent (30.0%) of that portion of his Compensation Deferral Contributions for the Plan Year that exceeds \$350, provided that, the Employer Matching Contributions made on behalf of the Participant with respect to his Compensation Deferral Contributions shall not exceed five percent of that Participant's Compensation; and
3. If a participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003 makes After-tax Contributions to the Plan, additional Employer Matching Contributions equal to the sum of seventy-five percent (75%) of the first \$350 he/she contributes to the Plan as After-tax Contributions during the period, and thirty percent (30.0%) of that portion of his After-Tax Contributions for the Plan Year that exceeds \$350, provided that, the total Employer Matching Contribution made on behalf of the Participant with respect to his After-tax Contributions shall not exceed five percent of that Participant's Compensation.

Any Matching Contributions will be credited to a separate Matching Contributions Account. All amounts credited will be 100 percent vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated, the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue as participants in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance.

Participants may elect to take a withdrawal from the After-Tax Contributions Account (including earnings on the after-tax contribution) or from any portion of the Rollover Account or Prior Plan Account (if any) attributable to after-tax contributions that was made to the Dana 401(k) Savings Plan before 2010. The participant may not take more than two such withdrawals during any one year. The amount of the withdrawal may not be less than \$500, or, if less, has to be the entire After-Tax Contributions Account.

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions. Only actively working participants may borrow funds, inactive employees, former employees or beneficiaries may not take out a loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

METALSA – UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued):

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at cost at borrowing less repayments received from participant, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax returns of the Plan for 2016, 2015, and 2014 are subject to examination by the taxing authorities, generally for three years after it is filed.

Operating Expenses

Substantially all expenses of maintaining the Plan are paid by the Company. Participant loan fees are charged directly to participants' accounts with active loans.

Change in accounting principles

In May 2015, the FASB issued Accounting Standards Update 2015-07 ("ASU 2015-07"), *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under ASC 820. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. Management elected to early adopt the provision as of the December 31, 2015 reporting period and applied the update retrospectively. ASU 2015-07 was early adopted to simplify the Plan accounting and presentation in the financial statements. The adoption of ASU 2015-07 retrospectively is reflected in Note 4 – Fair Value Measurements. The adoption of ASU 2015-07 did not impact net assets available in the Statements of Net Assets for Plan Benefits as of December 31, 2016 and 2015, or the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

METALSA – UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued):

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*, (“ASU 2015-12”). ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts and specifies that stable value collective trusts are not fully benefit-responsive investment contracts. ASU 2015-12 Part II simplifies the investment disclosure requirements under existing U.S. GAAP, including eliminating the disclosure of (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. ASU 2015-12 Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan’s fiscal year-end. ASU 2015-12 Part III does not apply to the Plan. ASU 2015-12 Part I and Part II are effective retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. Management elected to early adopt the provision as of the December 31, 2015 reporting period as they believe it will simplify the Plan accounting and presentation in the financial statements.

The retrospective adoption of ASU 2015-12 resulted in the elimination of the adjustment from fair value to contract value for the stable value collective trusts within the statement of net assets available for benefits as of December 31, 2014. Additionally, the Plan eliminated the historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, the disclosure to disaggregate investments by nature, characteristics, and risks, and the net appreciation or depreciation of fair values by type. The adoption of ASU 2015-12 had no effect on the Plan’s net assets available for benefits or changes therein. However, investments at fair value were reduced by \$77,990 from the amount previously reported as of December 31, 2014, the adjustment from fair value to contract value for the stable value collective trust of \$77,990 as of December 31, 2014 was eliminated.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. FAIR VALUE MEASUREMENTS:

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

METALSA – UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

4. FAIR VALUE MEASUREMENTS - (Continued):

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of registered investment companies (mutual funds) are valued at quoted market prices on the last business day of the plan year, which represent the fair market value of shares held by the Plan.

Common/Collective Trust – The common/collective trust is valued at the NAV of the units held by the Plan. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily and there is no redemption notice requirement.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	2016		2015	
	Total	Level 1	Total	Level 1
Registered investment companies (mutual funds)	\$ 57,207,683	\$ 57,207,683	\$ 51,953,402	\$ 51,953,402
Common / collective trust fund	6,188,417	-	5,929,044	-
Total investments at fair value	<u>\$ 63,396,100</u>	<u>\$ 57,207,683</u>	<u>\$ 57,882,446</u>	<u>\$ 51,953,402</u>

In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table for the common/collective trust are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

METALSA – UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

4. FAIR VALUE MEASUREMENTS - (Continued):

During the year ended December 31, 2016, the Plan's investments (including investments bought, sold and held during the year) appreciated as follows:

Registered investment companies	\$ 2,841,500
Common/collective trust	<u>76,623</u>
	<u>\$ 2,918,123</u>

5. TRANSFER TO/FROM OTHER PLAN:

As described in Note 1, the Company also sponsors the Metalsa Retirement Savings Plan for employees who are not members of a collective bargaining unit. Bargained employees may be promoted to positions that preclude them from continuing their membership in a collective bargaining unit. These employees become immediately eligible in the Metalsa Retirement Savings Plan and their balance from the Plan is transferred to the Metalsa Retirement Savings Plan. Likewise, as Metalsa Retirement Savings Plan participants become members of a collective bargaining unit, they immediately become eligible in the Metalsa-UAW Retirement and Savings Plan and their Metalsa Retirement Savings Plan balance is transferred in.

6. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated September 19, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES:

For the year ended December 31, 2016 and 2015, all assets are held and invested by the trustee, Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company also receives and holds all income from the investments. In accordance with DOL Section 2520.103-8, verification of the transactions and investment values is not required and is not within the scope of our audit. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2016 and 2015:

9. RELATED PARTY TRANSACTIONS:

Certain plan administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Participant loan administration fees paid by the Plan amounted to \$4,370 for the year ended December 31, 2016. All other plan expenses are paid by the Plan Sponsor.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
