1. DESCRIPTION OF PLAN

The following description of the Central Irrigation Supply, Inc. (the "Employer" or "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

During 2015, the Plan changed custodians from John Hancock Life Insurance Company to Great-West Trust Company, LLC.

(a) General - The Plan was originally effective on January 1, 1999. The amended and restated provisions of the Plan became effective on January 1, 2010. The Plan is a qualified retirement plan commonly referred to as a profit sharing plan. Participants are eligible to participate when they have completed one (1) year of service. A participant's entry date will be the first day of the plan year or the first day of the seventh month of the plan year, next following the date one satisfies the eligibility requirements, as described above. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions - Participants may only contribute rollover contributions into the Plan. The Company makes a discretionary profit sharing contribution to each of the eligible participant accounts each year. In order to receive the profit sharing contributions, the participants must be employed on the last day of the plan year and have met the requirements as described above.

(c) Participant Accounts - Each participant's account is credited an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of investment expenses. The allocation of the Company's contribution is based on participant compensation which is defined as the total compensation that is subject to income tax and paid to the participants by the Employer during the plan year, subject to IRC limits. All investments are participant directed.

(d) Vesting - Participants are immediately vested in their accounts attributable to rollover contributions. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Prior to March 2, 2015, participants were 20% vested after two years of credited service and 100% vested after six years of credited service. Effective March 2, 2015, Plan participants are 100% vested in employer contributions after five years of participation in the Plan earning 40% after the first 2 years of service and 20% a year in the following years. However, a participant will always be 100% vested after the Normal Retirement Age at age 65, or if they die or become disabled while employed.

(e) Withdrawals and Benefits - Upon termination of service due to death, disability, or normal retirement, all distributions from the Plan will be made in a single lump sum payment if the balance exceeds $5,000. A participant may delay distributions of their vested account balance if the balance does not exceed $5,000. If a participant terminates employment before death, disability, or retirement, they may elect to have the amount distributed to them. The distribution amount will be equal to the value of the participant's vested interest in his or her account. Non-vested portions are maintained by the Plan in the forfeiture account to reduce Company contributions.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

(b) Cash and Cash Equivalents - The Plan considers all cash and highly liquid, short-term investment funds held to be cash equivalents.

(c) Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts which are reported at contract value. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Administrative Fees - The Plan permits the payment of Plan expenses to be made from the Plan's assets.

(f) Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(g) Payment of Benefits - Benefits are recorded when paid.

(h) Participant Loans - The Plan does not allow participant loans.

(j) Forfeited Accounts - Forfeitures are added to future employer contributions. In 2016 and 2015, $13,615 and $50,440 of forfeitures were added as additional employer contributions.

(k) Subsequent Events - The Plan evaluated subsequent events through July 31, 2017, the date the Plan's financial statements were available to be used and all events have been disclosed.

## 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, John Hancock Life Insurance Company (prior custodian) and Great-West Trust Company, LLC (current custodian), certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2016 and 2015, the schedule of assets held for investment purposes as of December 31, 2016, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2016 and 2015.

## 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

## 5. INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract. Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) violation of a material obligation under the contract, and/or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

## 6. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

*Mutual funds*: Valued at the closing price reported on the active market on which the securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

| | Assets at Fair Value as of December 31, 2016 | | | |
|---|---|---|---|---|
| | (Level 1) | (Level 2) | (Level 3) | Total |
| Mutual funds | $ 5,877,020 | $ - | $ - | $ 5,877,020 |

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | (Level 1) | (Level 2) | (Level 3) | Total |
| Mutual funds | $ 5,257,911 | $ - | $ - | $ 5,257,911 |

## 7. RELATED PARTY TRANSACTIONS

The Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

8. WITHDRAWING PARTICIPANTS

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2016.

9. INCOME TAX STATUS

A determination letter was received on March 31, 2008, indicating that the Plan, as a prototype non-standardized plan, is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:
