Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
United Food and Commercial
Workers Pension Plan for Salaried Staff

Report on the Financial Statements

We have audited the accompanying financial statements of United Food and Commercial Workers Pension Plan for Salaried Staff (the Plan), which comprise the statements of net assets available for benefits as of November 30, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, information regarding the net assets available for benefits of United Food and Commercial Workers Pension Plan for Salaried Staff as of November 30, 2016 and changes therein for the year then ended, and its financial status as of November 30, 2015 and changes therein for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

**UNITED FOOD AND COMMERCIAL WORKERS
PENSION PLAN FOR SALARIED STAFF**

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 30, 2016 AND 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of United Food and Commercial Workers Pension Plan for Salaried Staff (the Plan) have been prepared using the accrual basis of accounting.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Expenses - Certain investment related expenses are included in the appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through August 31, 2017, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established to provide retirement benefits to eligible salaried employees of United Food and Commercial Workers Unions and Employers Midwest Health Benefits Fund. The Plan is a single employer defined benefit pension plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Under current provisions, participants in the Plan are eligible to participate as of the earliest December 1 or June 1 following the date they earned at least 400 hours of covered employment. Participants are eligible for a normal pension upon attaining age 60 and completing five years of eligibility service.

Effective July 1, 2009, no further increases in salary will be considered in determining the participant's average monthly compensation in calculating the monthly benefit amount. For participants who had no months of covered employment prior to July 1, 2009, or who changed positions after July 1, 2009, compensation for any month will be the lesser of the participant's actual compensation or their monthly compensation as of July 1, 2009 but not greater than the compensation as of July 1, 2009 for the highest paying position worked that month.

Participants should refer to the summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 4. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by The Segal Company as of November 30, 2015. Information in the report included the following:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 10,128,108
---	---------------

Other participants	<u>3,770,121</u>
--------------------	------------------

Total vested benefits	13,898,229
-----------------------	------------

Nonvested benefits	<u>58,692</u>
--------------------	---------------

Total actuarial present value of accumulated plan benefits	<u><u>\$ 13,956,921</u></u>
---	-----------------------------

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits during the year ended November 30, 2015 were as follows:

Actuarial present value of accumulated plan benefits

at beginning of year	\$ 14,229,515
----------------------	---------------

Increase (decrease) during the year attributable to:

Benefits accumulated and net gains and losses	\$ (214,745)
---	--------------

Interest	1,025,358
----------	-----------

Benefits paid	(1,030,299)
---------------	-------------

Changes in actuarial assumptions	<u>(52,908)</u>
----------------------------------	-----------------

Net increase	<u>(272,594)</u>
--------------	------------------

Actuarial present value of accumulated plan benefits

at end of year	<u><u>\$ 13,956,921</u></u>
----------------	-----------------------------

The actuarial valuation for the Plan was made using the Unit Credit Actuarial Cost Method. Some of the significant actuarial assumptions used in the valuation are as follows:

- Mortality - RP-2000 combined healthy annuitant and non-annuitant mortality tables with static projection using Scale AA and no collar-adjustment. Mortality is projected from 2000 through the valuation date plus another 7 years of annuitants and through the valuation date plus another 15 years for non-annuitants.
- Retirement age - The retirement age assumption for active participants is determined from percentages based on ages from 55 through 65.
- Investment rate of return - 7.5%.

NOTE 4. ACTUARIAL INFORMATION (CONTINUED)

The actuarial assumptions used in the Plan actuarial valuations are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received and income from investments.

Since information on the accumulated plan benefits at November 30, 2016, and the changes therein for the year then ended are not included, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of November 30, 2016, and the changes in its financial status for the year then ended, but a presentation of the net assets available for benefits and the changes therein as of and for the year ended November 30, 2016. The complete financial status is presented as of November 30, 2015.

NOTE 5. TAX STATUS

The Plan's latest determination letter is dated October 18, 2013, in which the Internal Revenue Service stated that each, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan's administrator and legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Plan is subject to tax, however, on any unrelated business income. The Plan, through its commingled investment account receives a flow-through of partnership income through its investments in limited partnerships.

The Plan files Form 5500, *Annual Return/Report of Employee Benefit Plan*, which is subject to examination by the Internal Revenue Service until the applicable statute of limitations expires.

NOTE 6. RELATED ORGANIZATIONS

The Plan has two related organizations: United Food and Commercial Workers Health Benefits Fund (the Health Benefits Fund) and United Food and Commercial Workers Midwest Pension Fund (the Midwest Pension Fund). The Plan and the two related organizations share facilities, equipment and personnel that are employed by the Health Benefits Fund. Expenses shared by these organizations are allocated based on estimates of time, space and usage.

The Plan's portion of shared administrative expenses for the year ended November 30, 2016 was \$9,450. The Plan's portion of shared administrative expenses for the year ended November 30, 2015, which included an allocation of professional fees, was \$61,903. As of December 1, 2015, professional fees are billed directly to the Plan.

NOTE 7. PLAN INTEREST IN COMMINGLED INVESTMENT ACCOUNT

The Plan's investments were held in a commingled account with the related Midwest Pension Fund through November 30, 2015. The Plan's percentage interest in the commingled investments was approximately 1.5% as of November 30, 2015. Net investment income was allocated between the Plan and Midwest Pension Fund annually based upon each plan's respective share of the investment balances as of the beginning of the year.

The following summary presents the breakdown of the total fair value of the net assets of the commingled investment account as of November 30, 2015.

Equities	\$ 176,667,915
Fixed income securities	59,845,336

NOTE 8. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the fair value of the Plan's investment assets as of November 30, 2016 and commingled investment account's total investment assets as of November 30, 2015. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Investment assets at fair value classified within Level 3 were \$2,111,997 as of November 30, 2016 which was approximately 13% of the Plan's total investments as of November 30, 2016. Investment assets at fair value of the commingled investment account classified within Level 3 were \$254,867,033 as of November 30, 2015 which was approximately 24% of the commingled investment account's total investments as of November 30, 2015.

NOTE 8. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Measurements

The Plan's investments as of November 30, 2016 classified as Level 2 totaling \$14,493,428 were all direct filing entities (DFEs) and file a Form 5500 annual report. The Plan is not required to disclose the significant investment strategies of these investments that are DFEs. The majority of the DFEs can be redeemed daily. The MCG Alternatives Group Trust can be redeemed monthly with a one day notice.

Level 3 Measurements

The Board of Trustees periodically evaluates the fair values of the investments in Level 3, incorporating a review of methods and assumptions used by the investment fund managers, economic conditions, industry and market developments and overall credit ratings.

The fair value of the real estate investment fund classified as Level 3 is determined by the general partner without further adjustment and are generally equal to or based upon the reported capital account or net asset value of the underlying real estate properties. The strategy-based composition of the fund's underlying holdings was approximately 43% office, 20% retail, 17% industrial, 14% multi-family and 6% other. Redemptions requests require 10 business days notification and are effective at the end of the calendar quarter in which the request is received by the investment fund.

NOTE 8. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Measurements

Most equities and U.S. Treasury securities are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

The fair value of the mutual fund is determined by reference to the funds' underlying assets, which are principally marketable fixed income and equity securities. Units held in the mutual fund are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Level 2 Measurements

Level 2 fixed income securities includes U.S. Government Agency obligations, foreign government and municipal obligations, collateralized mortgage obligations, and corporate bonds and notes which are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. To the extent that quoted prices are not available, fair value is determined based on a valuation model that include inputs such as interest rate yield curves and credit spreads. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and therefore have little or no price transparency are valued using the investment manager's best estimates.

Certain hedge funds and collective investment funds classified as Level 2 are direct filing entities (DFEs) and file a Form 5500 annual report. The Plan is not required to disclose the significant investment strategies of these investments that are DFEs. Information regarding these investments were:

	<u>Fair Value</u>	<u>Redemption</u>	
		<u>Frequency</u>	<u>Notice Period</u>
Hedge funds	\$ 122,270,899	Monthly	90 days
Collective investment funds	\$ 95,998,243	Monthly	1 day

NOTE 8. FAIR VALUE MEASUREMENTS (CONTINUED)Level 2 Measurements (continued)

The fair values of certain hedge funds, collective investment funds and limited partnership investment funds classified as Level 2 are based on the net asset value per share by reference to each fund's underlying assets. The following tables summarize investments measured at fair value based on the net asset value per share, excluding those that are direct filing entities, as of November 30, 2015.

November 30, 2015					
Description	Fair Value	Underlying Assets		Redemption	
		Type	Concentration	Frequency	Notice Period
Hedge fund	\$ 43,185,824	Credit linked Trading Equity linked	79% 13% 8%	Monthly	15 Days

Limited partnership investment fund	\$ 60,480,921	Domestic equity International equity	52% 48%	Monthly	1 Day

In addition to the hedge funds listed above, the fair value of one hedge fund classified as Level 2, equal to \$26,361,622 at November 30, 2015, is determined by reference to the fund's underlying assets, which are principally U.S. Treasury securities. The value of interests held in this hedge fund is determined by investment manager. Redemptions are available on a monthly basis with five days notice.

In addition to the limited partnership investment funds listed above, the fair value of one limited partnership investment funds classified as Level 2, equal to \$32,006,058 at November 30, 2015, is determined by reference to the funds' underlying assets. The value of interests held in these limited partnerships is determined by the general partner, based upon valuations provided by the managers of the underlying affiliated investment funds. At November 30, 2015, this limited partnership investment fund was invested in 52% international stock and 48% domestic stock. Redemptions are available on a bi-monthly basis following a 30 day notice for one of the limited partnerships and the other is available daily without notice.

In addition to the collective investment funds listed above, the fair value of one collective investment fund classified as Level 2, equal to \$56,568,729 at November 30, 2015, is determined by reference to the fund's underlying assets. The value of interests held in this collective investment fund is determined by investment manager. This collective investment fund was invested in 55% domestic equity, 36% international equity, and 9% emerging markets at November 30, 2015. Redemptions are available on a monthly basis with 30 days notice.

Money market funds and cash equivalents are valued at cost which approximates fair value.

NOTE 8. FAIR VALUE MEASUREMENTS (CONTINUED)Level 3 Measurements

The Board of Trustees periodically evaluates the fair values of the investments in Level 3, incorporating a review of methods and assumptions used by the investment fund managers, economic conditions, industry and market developments and overall credit ratings.

The fair values of one of the hedge funds classified as Level 3 is based on the net asset value per share by reference to each fund's underlying assets. The following tables summarize this investment as of November 30, 2015.

Description	Fair Value	Underlying Assets		Redemption	
		Type	Concentration	Frequency	Notice Period
Hedge fund	\$ 52,320,262	Equity linked	37%	Quarterly	90 Days
		Event driven	24%		
		Credit linked	16%		
		Multi-strategy-cash	12%		
		Trading	11%		

Certain hedge funds and real estate funds classified as Level 3 are direct filing entities (DFEs) and file a Form 5500 annual report. The Plan is not required to disclose the significant investment strategies of these investments that are DFEs. Information regarding these investments were:

	Fair Value	Redemption	
		Frequency	Notice Period
Real estate funds	\$ 15,872,170	Quarterly	90 days
Hedge funds	\$ 156,527	None	N/A

The fair values of the remaining real estate investment funds classified as Level 3 are determined by the respective general partner without further adjustment and are generally equal to or based upon the reported capital account or net asset value of the underlying real estate properties. The strategy-based composition of the limited partnerships' underlying holdings consisted of 61% value, 24% opportunistic and 15% core at November 30, 2015. Generally, the Plan cannot make redemption requests as distributions are made at the discretion of the general partner.

NOTE 8. FAIR VALUE MEASUREMENTS (CONTINUED)Level 3 Measurements (continued)

The limited partnership investment funds classified as Level 3 represent ownership interests in various private equity funds. The fair values of these investments are determined by reference to each fund's underlying assets, which include venture capital funds, buyout funds, special situation funds and others. The value of interests held in the limited partnership investment funds is determined by the general partner without further adjustment, based upon valuations provided by the managers of the underlying portfolios. The strategy-based composition of the limited partnerships' underlying holdings consists of 62% buyouts and corporate finance, 19% venture capital and growth equity, 5% special situations, 4% industry focused, 5% distressed debt, and 5% other at November 30, 2015. Investors in the limited partnership investment funds do not have redemption rights. Following the end of the investment period, income and realization proceeds are distributed to investors, making the partnership self-liquidating over its life.

The table below set forth a summary of changes in the fair value of the Plan's Level 3 commingled investment assets for the year ended November 30, 2015.

	Hedge Funds	Real Estate Investment Funds	Limited Partnership Investment Funds	Total

NOTE 9. RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan has an ownership interest in a real estate investment fund. The estimated fair value of this fund, as determined by the investment manager, may vary significantly from the prices at which the real estate investments within the fund would sell, and the amounts could be material.

NOTE 10. FUNDING POLICY

The plan sponsor contributes such amounts as shall be required under accepted actuarial principles to meet the minimum funding standards of ERISA or at the discretion of the employers if those standards have been met. The Plan's actuary has advised that the minimum funding requirements of ERISA are being met as of December 1, 2015.

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Interest:

The interest rates used for the 2015 plan year are the 24-month average corporate bond segment rates for August 2015 (a four-month lookback) subject to interest rate stabilization. Under stabilization, the interest rates used for funding purposes are calculated in the usual manner (24-month average corporate bond rates) but are then constrained to be within a corridor around a 25-year average of those same bond rates. For 2015, the stabilization corridor is 10%,. Under current law, it is scheduled to remain at 10% through 2020, then increase by 5% per year until it reaches 30% for the plan year beginning in 2024. The rates are as follows:

	Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter	Effective Interest Rate
Current Year, reflecting stabilization	4.72%	6.11%	6.81%	6.21%
Current Year, without stabilization	1.32%	4.06%	5.09%	4.25%
Prior Year, reflecting stabilization	4.99%	6.32%	6.99%	6.42%
Prior Year, without stabilization	1.15%	4.06%	5.14%	4.27%

Based on the plan sponsor's election for the 2013 plan year (an election that can next be changed for the 2018 plan year), the segment rates used to determine the PBGC variable rate premium are:

	Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter
Current Year	1.76%	4.15%	5.13%
Prior Year	1.40%	3.88%	4.96%

These interest rates are based on the plan sponsor's election subject to the constraints established by law.

Mortality rates:	RP-2000 combined healthy annuitant and non-annuitant mortality tables (sex-specific) with static projection using scale AA and no collar-adjustment. Mortality is projected from 2000 through the valuation date plus another 7 years for annuitants, and through the valuation date plus another 15 years for non-annuitants. This assumption is one of the choices allowed by the regulations.																																
Salary scale:	4.0% (Only applicable for the current year, up to each participant’s July 1, 2009 pay rate). Based on a review of the historical experience, in light of the plan provisions and professional judgment, this assumption reflects a reasonable expectation for the future.

Based on a review of the assumed rates compared to historical experience, in light of the plan provisions and professional judgment, this assumption reflects a reasonable expectation for the future.																
Retirement from inactive status:																
Age 55 for those with at least 30 years of credited service, age 65 for terminations before December 1, 1995, age 60 for others, or current age, if older. Based on a review of the assumed ages compared to historical experience, in light of the plan provisions and professional judgment, this assumption reflects a reasonable expectation for the future.																
Percent married:	85%.															
Spouse gender	100% opposite sex.															
Age difference:	Male spouses are assumed to be three years older than female spouses.															
Form of payment:	All participants are assumed to elect the life only form of payment.															
Administrative expenses:	Plan-related expenses of \$96,000 expected to be paid by the plan during the year were assumed for the 2015 plan year.															
Asset method:	As selected by the plan sponsor, assets are determined by averaging the market value as of the valuation date and the adjusted market values as of the preceding two years. The resulting value is limited to between 90% to 110% of market value of assets. The adjusted market values reflect cash flow and expected earnings to the valuation date. The expected earnings are based on an assumed rate of return of 7.5%, not to exceed the applicable third segment rates of 7.16% and 6.99% for the 2013 and 2014 plan years, respectively.

Funding method:	<p>Funding method is unit credit actuarial cost method, as prescribed by law. The liability is measured on an accrual-to-date basis using mandated mortality tables and interest rates with no salary projection past the end of the year.</p> <p>If all assumptions are met (including the investment earnings implicitly assumed by the interest rate), funding the plan at the minimum required contribution level is generally designed to achieve a 100% funded status within seven years. Once that is achieved, or for overfunded plans, the required contribution will generally equal the target normal cost reduced by any overfunding.</p>
Funding relief:	<p>As allowed under the Pension Relief Act, the plan sponsor has elected to use a 15-year amortization for the shortfall bases applicable to the 2009 and 2010 plan years. This funding relief was eliminated when the plan's net assets exceeded the funding target for the 2012 plan year.</p>

United Food and Commercial Workers Pension Plan for Salaried Staff EIN: 36-6508328 / PN: 002

PLAN STATUS: COMPENSATION LIMITED AS OF JULY 1, 2009	
Normal retirement:	
Age requirement:	60 (65 if terminated before December 1, 1995)
Service requirement:	5 years of plan participation
Amount:	<p>2.5% of average monthly compensation multiplied by credited service up to 20 years, plus 2.0% of average monthly compensation multiplied by credited service in excess of 20 years to a maximum of 15 years, minus 100% of the benefit accrued after January 1, 2006 and 50% of the benefit accrued before January 1, 2006 under other defined benefit plans sponsored by the employer (e.g., the Industry Plan).</p> <p>The benefit formula under the Industry Plan is a flat dollar per year of credited service. The flat dollar varies based on the employee contribution rate and ranged from \$4 to \$53 through 2010 and from \$2 to \$35 in 2011 and thereafter.</p> <p>Average monthly compensation is the average of the highest 36 (consecutive) months of compensation. Compensation after July 1, 2009 is limited to the participant's pay rate (or rate for their current position) as of July 1, 2009.</p>
Early retirement:	
Age requirement:	55
Service requirement:	5 years of eligibility service
Amount:	Normal pension accrued reduced by 1/3% per month preceding normal retirement age
Special early pension:	
Age requirement:	55
Service requirement:	30 years of credited service at date of termination or retirement
Amount:	Normal pension accrued (unreduced)
Late retirement:	
	Participants who work past their normal retirement date have their benefit suspended and, therefore, only earn additional accruals to their actual retirement date.

United Food and Commercial Workers Pension Plan for Salaried Staff EIN: 36-6508328 / PN: 002

Retirement (from active status) rates:

Age	Rates
55 - 59	12%
60	20%
61	15%
62	20%
63 - 64	15%
65	100%

Based on a review of the assumed rates compared to historical experience, in light of the plan provisions and professional judgment, this assumption reflects a reasonable expectation for the future.

Description of weighted average retirement age (Schedule SB, Line 22):

60, determined as follows: The weighted-average retirement age is calculated as the sum of the product of each potential past or future retirement age times the probability of surviving to that age and then retiring at that age, assuming no other decrements.
