NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the D&B Engineers and Architects, P.C. Employees' Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of D&B Engineers and Architects, P.C. and D&B Guarino Engineers, LLC including Dvirka & Bartilucci Consulting Engineers, a Division (collectively the "Company") upon hire, who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees is responsible for oversight of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute an amount equal to a percentage of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company's Board of Directors may elect to make a profit sharing contribution to each participant's account based on his or her taxable wage base. Company profit sharing contributions are invested in a portfolio of investments as directed by participants. For the year ended December 31, 2016, the Company made a profit sharing contribution to the Plan of approximately $1,032,000. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for any other reasons, a participant whose individual vested account balances exceeds $1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a certain period, as defined in the Plan. For individual vested account balances less than $1,000, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled approximately $10,000 and $5,000, respectively. These accounts will be used to reduce future Company contributions. The Company's profit sharing contribution for the year ended December 31, 2016 was reduced by approximately $10,000 from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which, if any are held by the Plan, are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (continued)

Collective investment trust (Vanguard Retirement Savings Trust): Valued at the net asset value per unit (net assets divided by units outstanding) of the Vanguard Retirement Savings Master Trust.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2016	
	Level 1	Total
Mutual funds	$ 33,899,021	$ 33,899,021
Total assets in the fair value hierarchy	$ 33,899,021	$ 33,899,021
Investment measured at net asset value	-0-	7,743,577
Total investments at fair value	$ 33,899,021	$ 41,642,598

	Assets at Fair Value as of December 31, 2015	
	Level 1	Total
Mutual funds	$ 29,727,671	$ 29,727,671
Total assets in the fair value hierarchy	$ 29,727,671	$ 29,727,671
Investment measured at net asset value	-0-	7,226,206
Total investments at fair value	$ 29,727,671	$ 36,953,877

There were no level 2 or level 3 assets held by the Plan at December 31, 2016 and 2015.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize the Plan's investment measured at fair value using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively.

There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Note 4 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company, the Trustee and recordkeeper as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Note 6 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit sharing plan, pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated May 28, 2014, that the prototype non-standardized profit sharing plan is acceptable with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Certification

Certain information related to investments and notes receivable from participants held at December 31, 2016 and 2015 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company (the Trustee of the Plan).

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
