# LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS

### **Note 1. Description of Plan**

The following is a summary of certain provisions of the Lifeshare Community Blood Services 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**Participation** – The Plan was a defined contribution plan that covered all employees of Lifeshare Community Blood Services (the Company). Effective January 1, 2015, Blood Systems, Inc. became the sole corporate member the Company. Employees were eligible to participate in the Plan on the first day of the month following the attainment of one year of service and the attainment of age 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2015, the Plan was frozen and contributions to the Plan ceased. Effective November 30, 2016, the Plan merged into the Blood Systems, Inc. 401(k) Retirement Savings Plan and at that time, all of the Plan's remaining assets (\$1,587,725) were transferred.

**Administration** – The Plan was administered by the Company which was responsible for controlling and managing the operations and administration of the Plan.

**Contributions** – Participants could elect to make contributions from 1% to 90% of their eligible earnings on a "pre-tax" basis subject to certain limitations of the Plan and the Internal Revenue Code (IRC). Certain participants could also make "catch-up" deferral contributions to the Plan subject to IRC limitations. The Plan had a negative election format in which new employees were automatically enrolled when they became eligible. Unless otherwise directed by the participant, 2% of eligible earnings was withheld and invested in the guaranteed investment contract. This fund met Department of Labor guidelines for qualified default investment alternatives. The Company could make matching contributions in amounts or percentages that were determined annually. These matching contributions were made each payroll period. The Company could also make discretionary, non-elective contributions to be allocated to participants who were employed on the last day of the plan year and who worked at least 1,000 hours during the plan year. Matching contributions for 2016 and 2015 were based on 60% of the first 10% of employee compensation deferred. There were not any discretionary, non-elective contributions made during these periods.

**Participant Accounts** – The Company maintained an individual account for each participant. These accounts were credited with participants' contributions, Company contributions and related earnings, and were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Participants elected to maintain their aggregate contributions in the investment funds offered by the Plan. Separate accounting for each of the funds was made pursuant to the participant's designated election. The net value of each participant account was established daily through the valuation of the funds at fair value.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### **Note 1. Description of Plan (Continued)**

Notes Receivable from Participants – The Plan allowed loans to participants subject to certain regulatory restrictions. The total amount of loans could not exceed the lesser of \$50,000 or 50% of the participant's vested balance. The minimum amount of each loan was \$1,000. Two loans per participant could be outstanding at any given time. Interest was charged based on the prevailing rate at the time of the loan. Repayments of principal and interest were made ratably through payroll deductions and were credited to the participant's separate account within the funds as elected by the participant.

Vesting – Participants were at all times fully vested in their elective and voluntary contributions and earnings thereon. Participants vested in the Company contributions 20% for each year of service until fully vested after five years.

Payment of Benefits – A participant, upon retirement, termination, disability or the attainment of age 59 ½, or a participant's beneficiary, upon the participant's death, could elect to either rollover the funds until age 70 ½ or receive a lump-sum amount equal to the value of his/her account. In the case of a severe financial hardship, the Plan Administrator, in its sole discretion, could direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions.

Forfeitures – Forfeitures were used first to offset administrative expenses with the remainder used to offset Company contributions to the Plan. In 2016 and 2015, \$1,768 and \$7,875 were used to offset administrative expenses, respectively. Unallocated forfeitures of \$-0- and \$918 remained as of November 30, 2016 and December 31, 2015, respectively.

#### **Note 2. Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – The Plan's investment in the benefit responsive guaranteed investment contract was reported at contract value. Contract value, as reported to the Plan by Great-West Trust Company, LLC (the "Trustee"), represents contributions made under the contracts, plus interest, less participant withdrawals and administrative expenses. All other Plan investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year. The difference between current value and the cost of investments and the gain or loss on the sale of securities was reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### **Note 2. Summary of Significant Accounting Policies (Continued)**

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Guaranteed Investment Contract – The Plan entered into a fully-benefit responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (GWL). GWL maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, which was reset at least annually.

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Payment of Benefits – Benefits were recorded when paid.

Notes Receivable from Participants – Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of December 31, 2015. Delinquent notes receivable from participants were recorded as a distribution based upon the terms of the Plan document.

Administrative Expenses – Administrative fees of the Plan were paid by the Company or the Plan at the option of the Company.

Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, September 6, 2017.

## LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### **Note 3. Unaudited Information**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits at November 30, 2016 and December 31, 2015, the supplemental schedules for the eleven months ended November 30, 2016, the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the eleven months ended November 30, 2016 and the year ended December 31, 2015, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

#### **Note 4. Fair Value Measurements**

The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exist

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximized the use of relevant observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2015:

- Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2015 to 2016. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**Note 5. Party-in-Interest Transactions**

Certain Plan investments were managed by Great-West Trust Company, LLC (“Great-West”). Great-West was the Trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions. Administrative expenses paid to Great-West from the Plan were \$19,474 and \$29,687 for the eleven months ended November 30, 2016 and the year ended December 31, 2015, respectively.

**Note 6. Income Tax Status**

The Internal Revenue Service had previously ruled on March 31, 2008 that the prototype standardized model on which this Plan was based qualified under Section 401(a) of the IRC and was, therefore, not subject to tax under present income tax laws. The adopted Plan had been amended since the Internal Revenue Service ruling; however, the plan administrator believed the adopted Plan was currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believed that the Plan was qualified and the related trust was tax-exempt.

The Plan administrator had analyzed tax positions taken by the Plan, and had concluded that as of November 30, 2016, there were no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. In general, the Plans previous three tax years remained subject to examination by the Internal Revenue Service, as well as various other taxing authorities.
