WESTROCK COMPANY 401(k) PROVISIONAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the WestRock Company 401(k) Provisional Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

A. General

The Plan is a defined contribution plan covering substantially all union employees of the former National Print Group, Inc. and its subsidiaries. Effective December 20, 2013, National Print Group, Inc. was acquired by Rock-Tenn Company. Effective April 1, 2014, the Plan was formally amended to name Rock-Tenn Company as Plan Sponsor and the Rock-Tenn Company Retirement Plan Administrative Committee as the Plan administrator. At that time, the name of the Plan was changed to RockTenn Retail Solutions 401(k) Retirement Savings Plan. Effective July 1, 2015, WestRock Corporation was formed as a consequence of the merger between MeadWestvaco Corporation and Rock-Tenn Company. Rock-Tenn Company (renamed WestRock RKT Company in August 2015), a wholly owned subsidiary of WestRock Company, continued to sponsor the Plan until December 31, 2015. Effective January 1, 2016, WestRock Company (the “Company” or “Plan Sponsor”) assumed sponsorship of the Plan. Effective April 1, 2016, the Plan was formally restated to change the Plan name to WestRock Company 401(k) Provisional Retirement Savings Plan. In addition, all employees of Cenveo Packaging, acquired by the Plan Sponsor in January 2016, were added as eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Administrative Committee oversees governance of the Plan. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Administrative Committee.

B. Administration

Effective January 1, 2016, Great-West Trust Company, LLC (“Great-West”) was engaged as the trustee and custodian of the Plan, and Great-West Life & Annuity Insurance Company (“Empower”) became the Plan’s recordkeeper who maintained individual accounts reflecting each participant’s respective interest in the value of the Plan’s net assets. For the year ended December 31, 2015, Plan assets were held under contract by Wells Fargo Bank, N.A. (“Wells Fargo”) as trustee (Great-West and Wells Fargo are collectively referred to herein as the “trustees”).

1. DESCRIPTION OF PLAN (Continued)

B. Administration (Continued)

On January 1, 2016, the Plan's investments were transferred to the WestRock Company 401(k) Retirement Savings Plan Trust ("Master Trust") (Note 3). Until December 31, 2015, the Plan's investments were held in the Rock-Tenn Company 401(k) and RTS Packaging, LLC 401(k) Master Trust (the "Rock-Tenn and RTS Master Trust"). The Master Trust and the Rock-Tenn and RTS Master Trust are collectively referred to herein as the "Master Trusts". The Master Trust holds investments on behalf of the WestRock Company 401(k) Retirement Savings Plan, the RTS Packaging, LLC 401(k) Retirement Savings Plan, and the WestRock Company 401(k) Provisional Retirement Savings Plan.

Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

C. Eligibility

In general, employees are eligible to participate in the Plan after completing a minimum service period of sixty days. An employee's service with a predecessor employer acquired by or merged with the Company will be taken into account for purposes of determining an employee's eligibility to participate in the Plan.

D. Contributions

Participants may make before-tax or Roth contributions between a minimum of 1% and a maximum of 75% of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. The Company made a matching contribution for the year ending December 31, 2016 equal to 100% of the first 1% of eligible compensation.

The Company may make a discretionary contribution to the Plan. The Company did not make an employer discretionary contribution for the year ended December 31, 2016.

1. DESCRIPTION OF PLAN (Continued)

E. Participant Accounts

Participants may designate the investment funds into which contributions can be deposited. Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account losses, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

F. Investment Options

At December 31, 2016, investment options included (a) one mutual fund; (b) sixteen common/collective trust funds; (c) one separate account fund, (d) the WestRock Company 401(k)/Galliard Stable Value Common/Collective Trust and (e) two custom funds that are managed by various investment advisors which were intended to provide broad exposure to the intended market through a single investment option. Until December 31, 2015, the Plan offered participants a variety of investments options that included (a) two mutual funds; (b) sixteen common/collective trust funds; (c) the Rock-Tenn Company 401(k)/Galliard Stable Value Common/Collective Trust and (d) three custom funds. All investments, as well as the underlying investments of the stable value common/collective trust and custom funds, are held in the Master Trust as of December 31, 2016 and the Rock-Tenn and RTS Master Trust as of December 31, 2015.

G. Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions and earnings is based on years of service. Effective February 1, 2013, a participant is fully vested after three years of service, vesting in 33.3% increments after each year of service beginning with the first year of service.

H. Forfeitures

Forfeitures of non-vested benefits are used to offset Company matching contribution and/or used to pay general administrative expenses of the Plan. Forfeitures of \$-0- were used to offset Company contributions by the Plan for the years ended December 31, 2016 and 2015. Forfeitures of \$380 and \$-0- were available for future use at December 31, 2016 and 2015, respectively.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

I. Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may also elect to receive benefits at an early retirement date, provided that the participant has completed at least three years of service and is age 60 or over. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties. Participants who have attained the age of 70½ receive distributions in accordance with the Internal Revenue Service (“IRS”) minimum required distribution rules.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, rollover withdrawal or upon termination of the Plan without establishment of a successor plan.

J. Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant’s account, are repaid through payroll deductions over a period not to exceed five years, and bear reasonable rates of interest (4.25% to 5.25% at December 31, 2016) agreed upon at the date of signing the loan application.

K. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value (“NAV”) per Share (or Its Equivalent)*. ASU 2015-07 aims to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient; for those investments that do not have readily determinable fair value. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and is to be applied retrospectively, with early adoption permitted. The Plan is currently evaluating the impact of these provisions.

In February 2017, the FASB issued ASU 2017-06, *Employee Benefit Plan Master Trust Reporting*. It is effective for fiscal years beginning after December 15, 2018. The amendments require reporting entities to report a plan’s interest in a master trust and the change in the value of that interest as separate line items on the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. Additionally, the master trust’s investments and other assets and liabilities, as well as the dollar amount of its interest in these balances, must be disclosed. Lastly, investments measured at fair value must be disaggregated by general type of investment. The Plan is currently evaluating the impact of these provisions.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan Investment Committee determines the Plan’s valuation policies utilizing information provided by its investment advisors and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

WESTROCK COMPANY 401(k) PROVISIONAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Investment Valuation and Income Recognition (Continued)

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

D. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest.

E. Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping, investment advisory, and custodial fees are paid by plan participants and all other expenses are paid by the Plan Sponsor.

Investment and advisory management fees related to the stable value common/collective trust and the custom funds are paid from the assets of the Master Trust on a quarterly basis. Such fees are recorded as a deduction from the Master Trust's net assets.

F. Risks and Uncertainties

The Plan invests in various investment securities, including those held by the Master Trust. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

G. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

H. Payment of Benefits

Benefit payments are recorded upon distribution.

3. INVESTMENTS IN WESTROCK COMPANY 401(k) RETIREMENT SAVINGS PLAN TRUST AND INVESTMENTS IN ROCK-TENN COMPANY 401(k) AND RTS PACKAGING, LLC 401(k) MASTER TRUST

Until December 31, 2015, the Plan's investment assets were held in the Rock-Tenn Company 401(k) and RTS Packaging, LLC 401(k) Master Trust under the terms of a trust agreement with Wells Fargo. Effective January 1, 2016, the Plan entered into the WestRock Company 401(k) Retirement Savings Plan Trust agreement with Great-West who became the custodian of the Master Trust investments and the Plan's Trustee. The value of the Plan's share of net assets is presented as a single asset and the net investment experience in the Master Trust is presented as a single addition to or deduction from net assets in the accompanying financial statements.

The Master Trust's net assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, benefit payments and certain administrative expenses) which can be specifically identified, and by allocating among participating plans, in proportion to the fair value of the net assets assigned to each plan, income and expenses resulting from the collective investment of the net assets of the Master Trusts. At December 31, 2016, the Plan's beneficial interest in the net assets of the Master Trust was approximately 0.4%. At December 31, 2015, the Plan's beneficial interest in the net assets of the Rock-Tenn and RTS Master Trust was approximately 0.2%.

The Plan does not have an undivided interest in the investments held in the Master Trusts since each plan's interest in the investments of the Master Trusts are based on the account balances of the participants and their elected investment fund options. However, the Plan's beneficial interest in each of the underlying investment fund options does not vary significantly from the Plan's beneficial interest in the total net assets of the Master Trusts.

The condensed statements of net assets available for benefits for the Master Trust as of December 31, 2016 and the Rock-Tenn and RTS Master Trust as of December 31, 2015 is as follows:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments and there have been no changes in the methodologies used at December 31, 2016 and 2015. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used if Level 1 or Level 2 inputs were not available.

- (a) Mutual funds are valued using the Net Asset Value ("NAV") of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.
- (b) The common/collective trusts are valued using the NAV of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Participant transactions (purchases and sales) may occur daily.
- (c) Common stocks and American depository receipts are valued using a quoted price in an active market and classified within level 1 of the valuation hierarchy.
- (d) Municipal bonds, mortgage/asset-backed securities, and other fixed income securities are valued utilizing a market approach that includes various valuation techniques and sources such as broker quotes in active and non-active markets, benchmark yields and securities, reported trades, issuer spreads, and/or other applicable reference data.

3. INVESTMENT IN WESTROCK COMPANY 401(k) RETIREMENT SAVINGS PLAN TRUST AND INVESTMENT IN ROCK-TENN COMPANY 401(k) AND RTS PACKAGING, LLC 401(k) MASTER TRUST (Continued)

The Master Trust invests in a stable value common/collective trust managed by Galliard Capital Management (“GCM”). The stable value common/collective trust is comprised primarily of fully-benefit responsive investment contracts and is valued at net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value common/collective trust, GCM reserves the right to acquire 12 months’ notification in order to ensure the securities liquidations will be carried out in an orderly business manner. The balance of the stable value common/collective trust totaling \$253,519,534 and \$204,032,091 at December 31, 2016 and 2015, respectively, is included in common/collective trusts in the accompanying fair value hierarchy table.

4. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

For the years ended December 31, 2016 and 2015, the Plan administrator elected, as permitted by Section 2520.103 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, to have certain financial information certified by the Trustees. The following information included in the Plan’s financial statements was prepared by Great-West and Wells Fargo at December 31, 2016 and 2015, respectively, and furnished to the Plan administrator.

5. INCOME TAX STATUS

The Plan Sponsor entered into a nonstandardized adoption agreement of the Great-West Trust Company Defined Contribution Prototype Plan and Trust (“the Prototype Plan”). The Prototype Plan received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Prototype Plan and related trust were designed in accordance with applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Since receiving the determination letter, the Plan has undergone various amendments. The Plan administrator and Plan’s tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustees. Transactions involving these investments qualify as party-in-interest transactions. In addition, the Trustees receive investment management fees related to these funds prior to any funds being allocated to investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
