Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Santmyer Oil Company 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held at end of year as of December 31, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee of the Plan. Their report, dated August 15, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations – 2016

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Santmyer Oil Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Santmyer Oil Company, Inc. and the related company SOCI Petroleum, Inc. (collectively, the Company) that are at least 21 years of age and have attained three months of credited service, as defined. Once eligible, employees may enroll in the Plan on the first day of the subsequent calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute to the Plan up to 75% of their pre-tax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may, at its discretion, make matching contributions. Matching contributions equal to 50% of the first 6% of compensation that a participant contributes to the Plan were made for the year ended December 31, 2016. The Company may also make discretionary profit sharing contributions to the Plan. There were no discretionary profit sharing contributions authorized for the year ended December 31, 2016. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, and allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based upon participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of credited service, as defined. A participant is 100% vested after 6 years of credited service.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon attaining age 59 ½ or termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Distributions of the participant's elective deferral portion of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce administrative expenses or to reduce future employer contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately \$1,300 and \$12,300, respectively. During 2016, approximately \$4,700 was transferred to the forfeiture account, and approximately \$15,700 was used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-12 and ASU 2015-07

The Plan has adopted Financial Accounting Standards Board ASU 2015-12 and ASU 2015-07 for 2016. As such, the Plan has eliminated certain disclosures related to investments. The statement of net assets available for benefits and certain related disclosures at December 31, 2015, have been retroactively adjusted to conform to the new standards.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Fidelity as of December 31, 2016 and 2015, representing investments in a money market fund, mutual funds, and a stable value collective trust fund.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2016 and 2015, and for the year ended December 31, 2016, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through August 29, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee.

NOTES TO THE FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY TRUSTEE (Continued)

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value collective trust fund composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2016, assets measured at fair value are comprised of Level 1 money market and mutual funds totaling \$2,763,529 and a stable value collective trust fund measured using NAV as a practical expedient which totaled \$230,361.

At December 31, 2015, assets measured at fair value are comprised of Level 1 money market and mutual funds, totaling \$2,907,901 and a stable value collective trust fund measured using NAV as a practical expedient which totaled \$213,692.

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and the related trust were tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015, to Form 5500:

Net assets available for benefits per the financial statements	\$ 3,104,401
Excess contributions payable	17,192
Adjustment from NAV to fair value for fully benefit-responsive investment contract	<u>2,046</u>
Net assets available for benefits per Form 5500	<u>\$ 3,123,639</u>

The following is a reconciliation of the net decrease in net assets available per the financial statements for the year ended December 31, 2016, to Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ 128,620
Excess 2015 contributions refunded	17,192
Adjustment from fair value to NAV for fully benefit-responsive investment contract	<u>2,046</u>
Net decrease in net assets available for benefits per Form 5500	<u>\$ 147,858</u>

10. OPERATIONAL ERRORS

The Company is in the process of self-correcting certain operational errors. The operational errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the errors to affect the Plan's tax status.

During 2017, the plan sponsor discovered an additional operational error related to the remittance of 2017 contributions. The Plan has submitted the error to the DOL and entered into the Voluntary Compliance Program. The plan sponsor expects this matter to be resolved with no effect on the Plan's tax status.

11. SUBSEQUENT EVENTS

Effective January 1, 2017, the Plan changed its matching contributions from discretionary matching contributions determined annually to safe harbor contributions equal to 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. The Plan also implemented an auto-enrollment feature by which new employees are automatically enrolled once eligible, at a rate of 1%, unless they opt out.

NOTES TO THE FINANCIAL STATEMENTS**11. SUBSEQUENT EVENTS (Continued)**

In addition, the Plan changed the trustee to Wells Fargo Bank N.A. (Wells Fargo) effective April 18, 2017 (the Transfer Date). As a result of this change, participants can no longer contribute to investment options offered by Fidelity. The plan sponsor and investment advisor completed a mapping of the previous investment options to the new investments provided by Wells Fargo. Due to the restrictions placed on full redemptions of amounts invested in the stable value collective trust fund as described in Note 4, all amounts invested in the stable value collective trust fund remained with Fidelity after the Transfer Date, and will continue to be held by Fidelity for a period of one year from the Transfer Date at which time they will be transferred to Wells Fargo in accordance with the aforementioned investment mapping.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee.

NOTES TO THE FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY TRUSTEE (Continued)

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value collective trust fund composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2016, assets measured at fair value are comprised of Level 1 money market and mutual funds totaling \$2,763,529 and a stable value collective trust fund measured using NAV as a practical expedient which totaled \$230,361.

At December 31, 2015, assets measured at fair value are comprised of Level 1 money market and mutual funds, totaling \$2,907,901 and a stable value collective trust fund measured using NAV as a practical expedient which totaled \$213,692.

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and the related trust were tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015, to Form 5500:

The following is a reconciliation of the net decrease in net assets available per the financial statements for the year ended December 31, 2016, to Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ 128,620
Excess 2015 contributions refunded	17,192
Adjustment from fair value to NAV for fully benefit-responsive investment contract	<u>2,046</u>
Net decrease in net assets available for benefits per Form 5500	<u>\$ 147,858</u>

10. OPERATIONAL ERRORS

The Company is in the process of self-correcting certain operational errors. The operational errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the errors to affect the Plan's tax status.

During 2017, the plan sponsor discovered an additional operational error related to the remittance of 2017 contributions. The Plan has submitted the error to the DOL and entered into the Voluntary Compliance Program. The plan sponsor expects this matter to be resolved with no effect on the Plan's tax status.

11. SUBSEQUENT EVENTS

Effective January 1, 2017, the Plan changed its matching contributions from discretionary matching contributions determined annually to safe harbor contributions equal to 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. The Plan also implemented an auto-enrollment feature by which new employees are automatically enrolled once eligible, at a rate of 1%, unless they opt out.

NOTES TO THE FINANCIAL STATEMENTS**11. SUBSEQUENT EVENTS (Continued)**

In addition, the Plan changed the trustee to Wells Fargo Bank N.A. (Wells Fargo) effective April 18, 2017 (the Transfer Date). As a result of this change, participants can no longer contribute to investment options offered by Fidelity. The plan sponsor and investment advisor completed a mapping of the previous investment options to the new investments provided by Wells Fargo. Due to the restrictions placed on full redemptions of amounts invested in the stable value collective trust fund as described in Note 4, all amounts invested in the stable value collective trust fund remained with Fidelity after the Transfer Date, and will continue to be held by Fidelity for a period of one year from the Transfer Date at which time they will be transferred to Wells Fargo in accordance with the aforementioned investment mapping.
