THE COMMERCIAL TRAFFIC COMPANY
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of The Commercial Traffic Company 401(K) Profit Sharing Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 401(K) plan established to provide retirement benefits for all non-union employees of the following controlled group: Commercial Traffic, Inc., Commercial Transportation Services, Inc. and Commercial Transportation Management Services, Inc. (the Company). Employees of the Company are eligible to participate in the Plan after having completed one year of service, with 1,000 hours of service being required during the eligibility completion period, and reaching a minimum age of 21 years old. The plan entry date is either January 1st or July 1st following attainment of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 15% of their compensation, subject to a limit of \$18,000 for 2016 and 2015. Eligible employees may elect to make additional “catch up” contributions. The Company may also choose to make a profit sharing contribution that is allocated to individual accounts based on the ratio that each participant’s Plan compensation bears to the total Plan compensation of all participants eligible for a share of this contribution. For 2016 and 2015, the company did not make a profit sharing contribution. For 2016, the Company has elected to make a discretionary matching contribution equal to 25% of the first 4% of each participant's contribution to their respective 401k account.

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant’s account is credited with participant contributions, the Company’s matching contributions, the Company’s profit sharing contributions, forfeiture allocations, and the Plan’s earnings. Allocation of the Plan’s earnings is based on participant’s account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The plan currently offers twenty-eight funds as investment options for participants.

Vesting

Participants are immediately vested in their contributions. Participants vest in Company matching contributions ratably over a six year period with 20% being vested after year two of service, 20% each year of service thereafter with full vesting after the sixth year of service.

401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Note Receivable From Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the participant's highest outstanding loan during the previous twelve month period. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is made. As of December 31, 2016, the interest rates on all outstanding loans ranged from 4.25% to 8.50%. Principal and interest are repaid ratably through monthly payroll deductions. Loan origination fees of \$50 are paid by the participant requesting the loan.

Note receivables from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment Of Benefits

In case of a normal retirement, retirement due to permanent disability or termination of employment, participants may elect to receive the value of their account balance either in a lump sum distribution or as a rollover in whole or in part to an eligible retirement plan, in accordance with the provisions of the Plan. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's account balance in either a lump-sum distribution, under a systematic withdrawal plan or as a rollover in whole or in part to an eligible retirement plan. If a participant's vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to rollover the distribution, the distribution must be rolled over to an Individual Retirement Account. If the vested balance is \$1,000 or less, the form of distribution remains as a single lump-sum payment. Participants qualifying for a hardship withdrawal may receive all or a portion of their contributions, plus investment return earned thereon, but not more than the amount necessary to meet the financial hardship.

Corrective Distributions

Corrective distributions are made to participants as necessary in order to comply with specific tests required by the Internal Revenue Service (IRS). At December 31, 2016 and 2015, corrective distribution amounts totaled \$33,901 and \$10,008 respectively.

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are applied towards plan expenses, if any. At December 31, 2016 and 2015, forfeited non-vested amounts totaled \$9,580 and \$9,178, respectively.

DECEMBER 31, 2016 AND 2015

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are administered by Bank of America Merrill Lynch and are stated at fair value. Units held in self-directed funds are reported at fair value based on the unit prices quoted by the Plan, representing the fair value of the underlying investments. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Interest bearing cash is valued at carrying value. Money market funds are valued at \$1 per share. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Expenses

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to distributions and loans issued are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a prototype plan document sponsored by Merrill Lynch, Pierce, Fenner & Smith, Inc.. Merrill Lynch, Pierce, Fenner & Smith, Inc. received an opinion from the IRS, dated March 31, 2014, which states that the prototype document satisfies the provisions of Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

There have been no prohibited transactions with a party-in-interest, as defined. Certain Plan investments are investments managed by Bank of America Merrill Lynch. Bank of America Merrill Lynch is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Certain fees for investment management, recordkeeping, custodial and administrative expenses are paid to the Plan's third party service providers (called "covered service providers" or "CSP's") and are not considered prohibited transactions under ERISA. Participant loans also qualify as party-in-interest.

NOTE 5 - INVESTMENTS

For 2016 and 2015, The Plan's investments are held by Bank of America Merrill Lynch, as custodian. Bank of America Merrill Lynch maintains the investments in separate accounts, which comprise a significant portion (99.87%-2016, 99.83%-2015) of the Plan's assets. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals. The contract is included in the financial statement at contract value which approximates fair value as reported by Bank of America Merrill Lynch. Bank of America Merrill Lynch certified as of December 31, 2016 and 2015 as to the completeness and accuracy of the information reported. Investment income from interest and dividends totaled \$86,418 and \$265,849 for the year ended December 31, 2016 and 2015, respectively. Realized and unrealized gains (losses) on investments totaled \$83,656 and (\$198,084) for the years ended December 31, 2016 and 2015, respectively.

NOTE 10 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE COMMERCIAL TRAFFIC COMPANY
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 10 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts (SDBA): Valued at the quoted net asset value of shares held by the plan at year end.

Money market funds: Valued at a net asset value of \$1 per share.

Interest bearing cash: Valued at carrying value.
