The Company may also make a discretionary profit sharing contribution. The employee does not have to make deferral contributions to receive the contribution. There were no discretionary profit sharing contributions made during 2016 or 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Schedule

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is vested ratably at 20% per year of service and is fully vested after five years of service.

Forfeitures

Forfeitures of nonvested participant balances can be used to reduce the Company's discretionary matching contribution or discretionary profit sharing contribution to the Plan. At December 31, 2016 and 2015, forfeited nonvested amounts totaled $3,081 and $2,588, respectively.

Notes Receivable From Participants

A participant may borrow from their account subject to certain limitations. The minimum amount of any note is $1,000. In no event can the participant borrow more than $50,000 or 50% of the participant's vested balance. Note terms are for a period up to 5 years or 10 years for the purchase of a principal residence and bear interest based on prevailing market rates. A participant may have only one note outstanding at any time. The notes are repaid through payroll withholdings including principal and interest with interest rates ranging from 4.25% to 4.5%. The final installments are due at various dates through May 2025.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a number of investment options offered by the Plan.

Participant Hardship Withdrawals

A participant may withdraw from the Plan a portion of his or her account in the event of undue financial hardship, subject to certain restrictions, which include payments for education, medical expenses and purchase of a home.

Payment Of Benefits

Upon termination of employment, death, total disability, or attainment of normal retirement age (65), a participant (or beneficiary) may elect distribution of their account as a single lump sum or a retirement annuity.

Administrative Expenses

Salaries and related benefits of employees who administer the Plan are paid by the Company. Other administrative expenses, primarily transaction fees and account fees, are paid by the Plan. Expenses incurred on the purchase or sale of investments are added to the cost or deducted from the proceeds of the respective investment.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Investment Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurement discussions at Note 4.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Return Of Excess Contributions

Distributions of $19,109 and $11,370 in 2016 and 2015, respectively, were made to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2016 and 2015, with a corresponding reduction to participant contributions.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Investments

Financial information relating to the assets and earnings thereon is included in the financial statements and is based on information provided to the Plan Administrator and certified as complete and accurate by the Trustee. This information has not been audited by the Plan's independent auditors.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds And Money Market Fund

Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 3,081	$ —	$ —	$ 3,081
Mutual funds	9,534,184	—	—	9,534,184
Total Assets At Fair Value	$ 9,537,265	$ —	$ —	$ 9,537,265

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 69,592	$ —	$ —	$ 69,592
Mutual funds	8,479,481	—	—	8,479,481
Total Assets At Fair value	$ 8,549,073	$ —	$ —	$ 8,549,073

There have been no changes in the valuation methodology used at December 31, 2016 or 2015.

5. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Income Tax Status

The Plan operates under a standardized prototype 401(k) profit-sharing plan and trust plan document sponsored by CUNA Mutual Retirement Solutions, Inc. (formerly CPI Qualified Plan Consultants, Inc). The prototype plan has received an opinion letter from the Internal Revenue Service (the IRS), dated March 31, 2014, stating that the form of the prototype plan is qualified under the IRC. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The prototype plan and the Plan have been amended since the date of the opinion letter. However, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirement of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan's federal tax returns for tax years 2013 and later remain subject to examination by taxing authorities.

7. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Transactions With Parties-In-Interest

The Plan pays consulting fees to the Trustee. These transactions are allowable party-in-interest transactions under ERISA.
