Independent Auditors' Report

The Trustees and Participants
Biologics, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Biologics, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in note 1 to the financial statements, during 2016 the Trustees of the Plan approved the merger of the Plan into a successor plan, effective March 31, 2017. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedules of assets (held at end of year) and of delinquent participant contributions as of or for the year-ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BIOLOGICS, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of Plan

The following description of Biologics, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants in the Plan should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General Description of the Plan and Plan Termination

The Plan became effective on January 1, 1997 as a 401(k) profit sharing plan. The Plan is sponsored by Biologics, Inc. (the "Company"). The Plan covers all full-time employees of the Company, who are at least age 21 and have one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2016, the Company was acquired by a third party with its own established retirement plan. During 2016, the Trustees of the Plan approved the merger of the Plan into the McKesson Corporation Profit-Sharing Investment Plan ("MCPSIP"), effective March 31, 2017. As a result, the net assets of the Plan were transferred to the MCPSIP on March 31, 2017, and the Plan was legally terminated. Each active participant in the Plan as of December 31, 2016 became a participant in the MCPSIP as of January 1, 2017. An employee's service with the Company shall be credited for purposes of vesting and eligibility to participate in the MCPSIP.

(b) Contributions

Each year, participants could elect to defer a percentage of their compensation into the Plan, not to exceed the limits of the Internal Revenue Code. Effective June 1, 2015, all new Plan participants were automatically enrolled at a 6% deduction from their pre-tax earnings, unless they chose to opt out. Participants could change this election at any time. The Company elected to make a nonelective safe harbor employer contribution equal to 3% of compensation for each eligible participant.

The Company could also elect on an annual basis to make a discretionary matching contribution equal to a percentage of the eligible contributions made by each eligible participant during the year. During 2016 and 2015, no discretionary matching contributions were made.

Participants could deposit "rollovers" (distributions from other qualified plans) into the Plan.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings (losses). Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

(d) Vesting

Participants are 100% vested in the salary reduction and safe harbor amounts contributed to the Plan. Vesting in the Company's discretionary contribution portion of their accounts is based on their years of continuous service. Vesting for discretionary contributions begins in the second year of service and vests at the rate of 20% per year so that participants are 100% vested in such contributions after six years of service.

(e) Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of investment options.

(f) Payment of Benefits

Generally, participants become eligible to receive benefits on their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. Participants may receive 100% of their account balance in substantially equal installments or a lump sum. As of December 31, 2016 and 2015, no amounts had been allocated to the accounts of participants who have elected to withdraw from the Plan, but have not been paid.

(g) Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts will be used to reduce future Company matching contributions. As of December 31, 2016 and 2015, forfeitures of \$7,051 and \$5,502, respectively, were available to reduce future Company matching contributions

(h) Participant Loans

Participants are not permitted to borrow from their individual fund account.

(2) Summary of Significant Accounting Policies

(a) Basis of Preparation

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America and present the net assets available for plan benefits and changes in those net assets on an accrual basis.

(2) Summary of Significant Accounting Policies, Continued

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Fair Value Measurements

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: one or more significant inputs or significant value drivers that are unobservable or based on market assumptions

(d) Investment Valuation and Income Recognition

Investments in mutual funds managed by the Plan's trustee are valued on the last business day of the year based on the current market values (quoted prices in active markets) of the funds.

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on investments held at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Payment of Benefits

Benefits are recorded as expense when paid.

BIOLOGICS, INC. 401(k) PROFIT SHARING PLAN

(3) Administrative and Investment Costs

The Company paid for certain administrative expenses on behalf of the Plan for 2016 and 2015. These amounts are not included in the statements of changes in net assets available for plan benefits.

Investment management fees are charged to the individual funds in the Plan and are included in the net appreciation (depreciation) in the fair value of investments.

(4) Federal Income Taxes

The Plan's trustee has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the prototype plan which the Company has adopted is acceptable under the applicable requirements of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Plan has been amended since that determination; however, the Plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

(5) Investments

Fidelity Management Trust Company, the trustee of the Plan, has certified that the Plan's investments, totaling \$6,723,855 and \$5,559,676 as of December 31, 2016 and 2015, respectively, and investment return and activity for the years then ended, as reported in the accompanying financial statements and supplemental schedules, are complete and accurate.

During 2016 and 2015, the Plan's investments, (including investments bought, sold and held during the year), appreciated (depreciated) in value \$383,547 and \$(292,706), respectively. In addition, interest and dividends on investments totaled \$237,994 and \$245,557 for 2016 and 2015, respectively.

(6) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits as follows:

	<u>December 31, 2016</u>	
	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 6,716,081	6,716,081

(7) Related Party Transactions

As of December 31, 2016, the Plan had employer and employee contributions receivable from the Company of \$24,562. As of December 31, 2015, the Plan had employer and employee contributions receivable from the Company of \$125,355.

Certain Plan investments are shares of mutual funds managed by the trustee of the Plan and, therefore, such transactions qualify as party-in-interest transactions.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(9) Subsequent Events

The date to which events occurring after December 31, 2016, the date of the most recent statement of net assets available for plan benefits, have been evaluated for possible adjustment to the financial statements or disclosure is August 31, 2017, the date the financial statements were available to be issued.

The Plan was legally terminated as of March 31, 2017, and all assets of the Plan were transferred to a successor plan (see note 1(a)).
