ARROW GEAR COMPANY
INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

(1) SUMMARY DESCRIPTION OF PLAN:

The following description of the Arrow Gear Company (the Company) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The financial statements were available to be issued on August 7, 2017, with subsequent events being evaluated through this date.

General -

The Plan is a 401(k) plan covering all full-time, eligible employees of the Company who have completed 500 hours of service during any six-month period, are age twenty-one or older, and elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions -

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the deferral that a participant contributes to the Plan, up to $1,200 for union and non-union employees. During 2016, the Company also made a discretionary contribution for non-union employees. The contribution was 2% of base pay for the period from September 1, 2016 to December 31, 2016. Contributions are subject to certain IRS limitations.

Participant Accounts -

Each participant shall have an income deferral contribution account and an employer contribution account. These accounts are credited with the participant's contribution and an allocation of a) the Employer's contribution and b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after five years of continued service.

Forfeited Accounts -

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions and/or administrative expenses. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $905 and $-0-, respectively. Also, during 2016 and 2015, employer contributions were reduced by $6,063 and $3,878, respectively, from forfeited non-vested accounts.

(1) SUMMARY DESCRIPTION OF PLAN: (Continued)

Investment Options -

Upon enrollment in the Plan, a participant may direct contributions in any of nineteen investment options. Participants may change their investment options at any time during the year.

Participant Notes Receivable -

Participants may borrow up to an amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms may not exceed five years, unless it is for the purchase of a primary residence, in which case it is 15 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates applicable to all outstanding loans range from 4.25% to 4.75%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits -

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of his/her vested account balance, or annual installments over a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his designed beneficiary. Participants may elect to defer payment of their benefit until a later date (if the value of the vested benefit is greater than $5,000).

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition -

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices that represent the net asset value of shares held by the Plan at year end.

Payments of Benefits -

Benefits are recorded when paid.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses -

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) INVESTMENT CONTRACTS:

The Plan has a deposit contract with Principal Trust Company (Principal). Principal maintains the contributions in participant directed accounts. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

(4) INVESTMENTS:

Appreciation or depreciation in the market value of an investment held both at the beginning and end of the year is equal to the difference between the market value at the beginning and end of the year. Appreciation or depreciation in the market value of an investment acquired during the year and held at the end of the year is equal to the difference between the cost and the market value of the investment at the end of the year.

Gain or loss recognized from the disposition of an investment held at the beginning of the year is equal to the difference between the market value of the disposed asset at the beginning of the year and the proceeds from disposition. Gain or loss realized from the disposition of an investment acquired during the year is equal to the difference between the cost and the proceeds from disposition.

The Plan's investments (including investments bought, sold and held during the year) for the year ended December 31, 2016 appreciated in value by $706,461.

(5) FAIR VALUE MEASUREMENTS:

The Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(5) FAIR VALUE MEASUREMENTS: (Continued)

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Investment Contracts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

| | Assets at Fair Value as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 13,140,515 | $ - | $ - | $ 13,140,515 |
| Other investments measured at net asset value | | | | 3,773,025 |
| Investments at fair value | | | | $ 16,913,540 |

| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| Insurance company general account | $ 3,773,025 | $ - | Daily | 1 day |

(5) FAIR VALUE MEASUREMENTS: (Continued)

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 13,141,364 | $ - | $ - | $ 13,141,364 |
| Other investments measured at net asset value | | | | 3,577,279 |
| Investments at fair value | | | | $ 16,718,643 |

| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| Insurance company general account | $ 3,577,279 | $ - | Daily | 1 day |

(6) INVESTMENT CONTRACT:

The Plan has a benefit-responsive investment contract with Principal Financial Group (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 was $3,773,025. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are revised on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(6) INVESTMENT CONTRACT: (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

| | 2016 | 2015 |
|---|---|---|
| Average yields - | | |
| Based on actual earnings | 1.55% | 1.80% |
| Based on interest rate credited to participants | 1.55% | 1.80% |

(7) ADMINISTRATION COSTS:

The Employer has chosen to absorb certain costs of administering the Plan.

(8) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account.

(9) TAX STATUS:

The Plan has adopted a Principal Trust Company Prototype Plan, which has received a favorable opinion letter from the Internal Revenue Service (IRS) stating that the written form of the prototype plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC) and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan administrator believes the Plan has been operating in compliance with the applicable requirements of the IRC and, therefore, the Plan and the related trust are exempt from taxation. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

(10) CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company (the Trustee of the Plan).

(11) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(12) PARTIES-IN-INTEREST:

Certain Plan investments are shares of mutual funds managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Participants covered under the Plan are considered to be parties-in-interest. Participant notes receivable in the amounts of $472,822 and $417,285 at December 31, 2016 and 2015, respectively, are considered to be party-in-interest investments.
