Independent Auditors' Report

Plan Administrator
Satisloh North America, Inc.
Employee Savings & Retirement Plan and Trust
Germantown, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Satisloh North America, Inc. Employee Savings & Retirement Plan and Trust ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 which was certified by Fidelity Management Trust Company (Fidelity), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Fidelity as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by Fidelity is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2016 and 2015

1. Description of the Plan & Summary of Significant Accounting Policies

The following description of Satisloh North America, Inc. Employee Savings & Retirement Plan and Trust, provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan. The Plan is sponsored by Satisloh North America, Inc., ("Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Sponsor is the plan administrator. Fidelity Management Trust Company (Fidelity) holds the Plan assets, makes distributions and is responsible for the Plan's recordkeeping.

Eligibility

Employees of the Sponsor are eligible to participate in the Plan when all of the following requirements are met:

- (a) Completed three months of service
- (b) Attained the age of 21

Eligible employees may enter the Plan on the first day of the Plan Year quarter coinciding with or immediately following the attainment of these requirements.

Contributions

Participants may elect to make voluntary tax-deferred or after-tax contributions up to 100% of their annual wages, subject to limitations imposed by the Internal Revenue Code (IRC). Participant contributions made with tax-deferred dollars under Section 401(k) of the IRC are excluded from the participants' current wages for federal income tax purposes.

The Sponsor makes safe harbor matching and may make a discretionary profit sharing contribution. Participants of the Plan receive a matching contribution equal to 100% of their deferral up to 5% of their compensation. Sponsor matching contributions were \$474,753 and \$468,462 in 2016 and 2015, respectively. There were no discretionary profit sharing contributions made in 2016 or 2015. Sponsor contributions are presented as Employer contributions on the statement of changes in net assets available for benefits.

Funding

Participant contributions and Sponsor matching contributions are remitted to the Plan as soon as practical after the participant contributions have been withheld from the participant's wages. The Sponsor's discretionary profit sharing contributions, if any, are remitted to the Plan annually.

Investment Options

Participants direct how their own and Sponsor contributions are invested between several investment fund choices that cover a range of fund objectives, risks and returns. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participants may receive a note from their account balance not to exceed the lesser of \$50,000 or one-half of the participant's vested account balance. Interest rates and repayment schedules are determined by the Plan Sponsor and were between 4.25% and 4.50% at December 31, 2016. Principal and interest are paid through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's matching and allocated profit sharing contributions, and allocations of Plan earnings thereon. Allocations of the Sponsor's discretionary profit sharing contributions are based on participant earnings, as defined in the Plan. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, Sponsor safe harbor matching contributions and actual earnings thereon. Vesting in the Sponsor's discretionary profit sharing contributions, plus actual earnings thereon, is based on the number of years of continuous service according to the following schedule:

Years of Service	Percent Vested
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeitures of nonvested amounts are allocated as additional discretionary safe harbor matching contributions, additional discretionary nonelective contributions, or to offset plan expenses. Forfeitures were not used to offset plan expenses in 2016. Forfeitures in the amount of \$136 were used to offset plan expenses in 2015. There were \$7,089 and \$6,854 of unallocated forfeitures at December 31, 2016 and 2015, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a designated beneficiary may elect to receive either a lump-sum payment equal to the value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Upon reaching age 59 ½, participants qualify to receive an in-service distribution from their vested account balance.

Benefits are recorded when paid.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Plan and may include audit fees, transaction fees paid to a third party administrator, and investment broker advice fees.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks of loss such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment Valuation and Income Recognition (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses and unrealized appreciation and depreciation of plan assets are reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

New Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, Fair Value Measurement, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for annual reporting periods beginning on or after December 15, 2016. Early adoption is permitted. Management has elected to adopt ASU 2015-07 early.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively.

Subsequent Events

Management of the Plan has evaluated subsequent events through the date the financial statements were available to be distributed, September 6, 2017, for possible inclusion as a disclosure in the notes to the financial statements. The Plan has no subsequent events that require disclosure in the notes to the financial statements.

2. Information Certified by Outside Party

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's independent public accountants, Reilly, Penner & Benton LLP, did not perform any auditing procedures generally accepted in the United States of America with respect to the Plan's investments, income accruals, realized and unrealized gains and losses, or other investment income certified by Fidelity as of December 31, 2016 and 2015.

3. Income Tax Status

Effective October 1, 2013, the Plan adopted a non-standardized form of prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments

The following summarizes the classification of investments at December 31, 2016 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

Description	Totals	Fair Value Measurement at Reporting Date Using			
		Level 1	Level 2	Level 3	
Mutual funds	\$ 11,296,226	\$ 11,296,226	\$ ---	\$ ---

Total	\$ 12,018,632	\$ 11,348,586	\$ 670,046	\$ ---	

The following summarizes the classification of investments at December 31, 2015 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

Description	Totals	Fair Value Measurement at Reporting Date Using			
		Level 1	Level 2	Level 3

5. Termination of Plan

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions, regardless of their years of service.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions involving participant loans are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Satisloh North America, Inc. Employee Savings & Retirement Plan and Trust ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 which was certified by Fidelity Management Trust Company (Fidelity), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Fidelity as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by Fidelity is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeitures of nonvested amounts are allocated as additional discretionary safe harbor matching contributions, additional discretionary nonelective contributions, or to offset plan expenses. Forfeitures were not used to offset plan expenses in 2016. Forfeitures in the amount of \$136 were used to offset plan expenses in 2015. There were \$7,089 and \$6,854 of unallocated forfeitures at December 31, 2016 and 2015, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a designated beneficiary may elect to receive either a lump-sum payment equal to the value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Upon reaching age 59 ½, participants qualify to receive an in-service distribution from their vested account balance.

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Plan and may include audit fees, transaction fees paid to a third party administrator, and investment broker advice fees.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks of loss such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment Valuation and Income Recognition (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses and unrealized appreciation and depreciation of plan assets are reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

New Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, Fair Value Measurement, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for annual reporting periods beginning on or after December 15, 2016. Early adoption is permitted. Management has elected to adopt ASU 2015-07 early.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively.

Subsequent Events

Management of the Plan has evaluated subsequent events through the date the financial statements were available to be distributed, September 6, 2017, for possible inclusion as a disclosure in the notes to the financial statements. The Plan has no subsequent events that require disclosure in the notes to the financial statements.

2. Information Certified by Outside Party

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's independent public accountants, Reilly, Penner & Benton LLP, did not perform any auditing procedures generally accepted in the United States of America with respect to the Plan's investments, income accruals, realized and unrealized gains and losses, or other investment income certified by Fidelity as of December 31, 2016 and 2015.

3. Income Tax Status

Effective October 1, 2013, the Plan adopted a non-standardized form of prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments

The following summarizes the classification of investments at December 31, 2016 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

Description	Totals	Fair Value Measurement at Reporting Date Using			
		Level 1	Level 2	Level 3	
Mutual funds	\$ 11,296,226	\$ 11,296,226	\$ ---	\$ ---

5. Termination of Plan

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions, regardless of their years of service.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions involving participant loans are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.
