INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Trustee
Pinnacle Architectural Lighting 401(k) Plan:

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Pinnacle Architectural Lighting 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by United of Omaha, the Custodian for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as listed in the accompanying Table of Contents as of and for the year ended December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, as of and for the years ended December 31, 2016 and 2015 other than that derived from the information certified by the Custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Pinnacle Architectural Lighting 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan, under which participants may direct their contributions into various investment options (generally mutual funds held in a pooled separate account) offered by the Plan. An employee may participate at age 21 with three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). United of Omaha Life Insurance Company (an affiliate of Mutual of Omaha, hereafter "Mutual") serves as the Plan custodian. The Board of Trustees is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may generally defer annual compensation to a specified limit ($18,000 in 2016 and 2015) as defined in the Plan and by statute. Annual additions to the plan are also limited to the lesser of annual compensation or a statutory limit ($53,000 in 2016 and 2015). Participants may also transfer in amounts representing distributions from other qualified plans (rollovers). Contributions are also subject to other statutory limitations, with certain "catch-up" adjustments also permitted for participants age 50 or older.

The company can contribute matching or discretionary profit-sharing contributions, and has accrued a matching contribution equal to 50% of participants' first 6% in deferrals ($122,313) at December 31, 2015, and equal to 100% of participants first 6% in deferrals at December 31, 2016 ($258,739). Any contributions necessary to correct administrative errors are so indicated in the financial statements.

Participants may designate all or a portion of their elective deferrals as Roth elective deferrals.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

1. Description of plan (continued)

Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in Company contributions and earnings thereon is based on total years of service. A year of service is a 12 consecutive month period ending on the anniversary of an employee's employment commencement date. The vesting schedule is as follows:

Total years of service	% Vested
Less than 2	- 0 -
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon death or total and permanent disability.

Participant Allocations

Participants have no service requirement to be allocated match or a discretionary contribution, but must have made deferrals in that year.

Payment of Benefits

Distributions under the Plan are generally to be made in lump sums. Hardship distributions are permitted, and in-service distributions may be made if the participant has reached age 59 ½. Distributions of less than $5,000 do not require participant consent.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $9,827 and $2,163, respectively. Forfeitures are used to reduce employer contributions. $9,481 was used in 2015, primarily to fund employer matching contributions accrued at December 31, 2014, and $1,964 was used in 2016 to fund match accrued at December 31, 2015.

2. Summary of significant accounting policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

(Continued)

2. Summary of significant accounting policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies based on input from the Custodian. See note 11 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is reported on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2016 and 2015 excess contributions to the applicable participants in 2017 and 2016, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Company pays for certain direct Plan administrative and other expenses, but this is discretionary, and such expenses are excluded from these financial statements. Additionally, Company employees provide certain administrative duties at no charge to the Plan. Participants are charged directly for certain distribution fees. Certain fees are also paid through revenue sharing from plan investments to the Custodian and to the plan's investment advisor, and these and other administrative fees are generally included in investment appreciation.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value (NAV) per Share (or Its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The ASU is effective for non-public entities for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt ASU 2015-07 at December 31, 2015 and has determined based on the expanded definition of Readily

 (Continued)

2. Summary of significant accounting policies (continued)

Recent Accounting Pronouncements (continued)

Determinable Fair Value, (RDFV) per ASU 2015-10, Technical Corrections and Improvements, that NAV of the pooled separate accounts does not qualify as a practical expedient and such investments should continue to be included in the fair value hierarchy. Adoption and application of the Update therefore has no effect on the Plan's financial statements or disclosures.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit- responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management elected to adopt Parts I and II at December 31, 2015, via retrospective application.

3. Investments

At December 31, 2015 and 2016, investments in mutual funds (held in a pooled separate account) amounted to $1,887,871 and $2,238,674, respectively. The following presents summarized major investments in mutual funds sponsored by Mutual at December 31:

	2016	2015
Mutual Directions Funds	$ 1,013,716	$ 828,856
Glide Path Funds	$ 420,448	$ 191,872

Mutual may also sponsor other funds in which the Plan invests.

4. Tax Status

The Plan has not obtained a determination letter. However, the Plan Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The IRS issued a favorable opinion on the acceptability of the form of the prototype plan adopted in 2015 dated March 31, 2014.

(Continued)

4. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Because plan management believes that the Plan had no taxable income, no income tax returns have been filed for 2016 or prior years.

5. Subsequent Events

Management has conducted a review of subsequent events for possible disclosure in or correction of these financial statements through August 26, 2017, the date the financial statements were available to be issued.

6. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified as complete and accurate by the custodian:

Investments
Investment income (loss)

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. Related Party and Party in Interest Transactions

The custodian and the plan's investment advisor receive 12(b)(1) and similar fees from mutual funds in which the Plan has invested. See note 3 for additional related party and party in interest disclosures.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

10. Form 5500 Reconciliation

Form 5500 Schedule H is prepared on a modified cash basis, and in 2014 included the contribution receivable. A reconciliation of the statement of net assets available for plan benefits to Form 5500 as reported at December 31, 2016 and 2015 follows:

	2016	2015
Net assets per Form 5500	$ 2,535,994	$ 2,023,701
Excess contributions payable	(9,617)	(30,538)
Net assets, reported herein	$ 2,526,377	$ 1,993,163

11. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Section 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

11. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015, from those used in the prior year and within the separate account sponsored by the Custodian.

Mutual Funds: Valued at the daily unit price of the pooled separate account sponsored by the Custodian, based on the closing net asset values of the underlying funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015.

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds (in pooled separate account)		$2,238,674		$2,238,674

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds (in pooled separate account)		$1,887,871		$1,887,871

12. Guaranteed Interest Contract (GIC)

The Guaranteed Interest Account is a traditional GIC, guaranteed by United of Omaha. It meets the fully benefit-responsive contract criteria and is presented at contract value. Contract value represents contributions made plus earnings, less participant withdrawals and plan expenses.

(Continued)

12. Guaranteed Investment Contract (GIC) (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The Plan Trustee does not believe that any events which would limit the Plan's ability to transact at contract value with participants, such as termination of the plan, bankruptcy of the sponsor, termination of the contract, and other matters are probable at present. No significant adjustment to market value would have been required at December 31, 2016 or 2015.

Interest rates are adjusted and are guaranteed for a five year period for deposits during that month.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

This information is only a summary of certain key provisions of the GIC, and participants should refer to the GIC for a complete review of its provisions, including the impact of events such as mergers, layoffs, bankruptcy, full or partial Plan termination, and early retirement incentive programs as defined therein.

13. Prohibited Transaction – Delinquent Deposits

In 2015, the Plan received contributions for certain payrolls which, although subjectively determined, were considered to have been delinquent.In August,2016 management used the VFCP to deposit lost earnings for all delinquent deposits. These deposits are as follows:

2015

Date of Payroll	Amount of Contributions	Date Remitted (2015)
January 16	$11,148	February 2
July 17	$12,655	July 30
