NOTE 1 - DESCRIPTION OF THE PLAN

Description of Plan

The following description of The Argen Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan established as of January 1, 1993 and restated in November 2015, to provide retirement benefits for substantially all employees of The Argen Corporation (the "Company" or "Employer"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws.

Eligibility

The Plan covers all employees of the Company who have attained age twenty-one and those that are eligible for Company benefits after three months of service. The enrollment date following eligibility is the first day of each month as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute from 1% to 100% of their compensation on a pretax basis, as defined in the Plan, up to $18,000 for the year ended December 31, 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of $6,000. Total contributions that participants may contribute for 2016 are $24,000. For the year ended December 31, 2016, there are no contributions that exceeded the maximum allowable amounts as described in the Plan.

Employer Contributions

The Employer may make an annual discretionary matching and non-elective contribution in an amount determined at the end of the prior Plan year end. Participants are eligible for Employer contributions upon eligible enrollment into the Plan. For the year ended December 31, 2016, the Employer made discretionary matching contributions of 33% of the employee's eligible compensation up to a maximum of $950 per participant. There were no non-elective contributions for the year ended December 31, 2016. Employer contributions are made on a pay period by pay period basis.

Rollover Contributions

The Plan provides for rollover contributions, which represents contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

DRAFT

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's salary reduction, rollover contributions, the Employer's matching contribution, the participant's share in the Plan's earnings and losses, and charged with an allocation of administrative expenses which are allocated proportionately among all participants based on their investment in each fund. Plan earnings and losses are allocated proportionately based on each participant's investment in each fund. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions to the Plan plus actual earnings thereon. Participants become vested in the Company's contributions and earnings thereon at a rate of 25% vesting after 1 year of credited service, 50% vesting after 2 years of credited service, 75% vesting after 3 years of credited service and 100% vesting after 4 years of credited service. A participant automatically becomes fully vested in the entire balance of his or her account upon retirement, death, disability or termination of the Plan.

Forfeited Accounts

Upon termination of employment, the unvested portion of a participant's Employer contribution account is forfeited. Amounts representing forfeitures of Employer matching contributions shall be used to pay administrative expenses or reduce Employer contributions to the Plan. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $669 and $1,014, respectively. In 2016, no forfeitures were used to reduce Employer contributions and $1,542 was used to pay administrative expenses.

Notes Receivable from Participants

Participants may request to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans have a term of up to 5 years for general loans. Since July 1, 2009, loans have a term of up to 15 years for the purchase of a primary residence. The loans are secured by the balance of the participant's account and bear interest at rates set forth by the Plan administrator which approximate the prevailing market rates of interest. The interest rates on outstanding participant loans was 4.25% at December 31, 2016 and 2015. Principal and interest is paid ratably through monthly payroll deductions.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 31, 2017.

DRAFT

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon disability, retirement, termination, death, or hardship, participants may elect to receive a distribution of their account (as defined) in lump sum, or defer distribution if the account exceeds $5,000. However, if such a participant's vested account balance is less than $5,000, but greater than $1,000, the Plan administrator may roll the balance into an individual retirement account. Also, at its discretion, the Plan administrator may elect to distribute vested account balances of less than $1,000. Generally, initial distributions must begin the later of the April 1 of the calendar year following the year in which the participant attains the age of 70 ½ or retires.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement. If a hardship withdrawal is made, all voluntary employee contributions to the Plan must be suspended for six months.

Administrative Expenses

The Company pays expenses incurred for the administration and operation of the Plan. Other administrative fees associated with distributions and loans are paid by the participants. For the year ended December 31, 2016, administrative expenses paid by the Plan was $32,072.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contribution accounts. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

Subsequent Events

The Plan administrator has evaluated subsequent events, as defined by Financial Accounting Standards Board (''FASB'') Accounting Standards Codification (''ASC'') 855, *Subsequent Events,* through the date that the financial statements were available to be issued on September 11, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

DRAFT

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 5 and 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation, or depreciation on those investments bought and sold during the year.

Accounting Changes

In May 2015, FASB issued Accounting Standard Update (“ASU”) No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU No. 2015-07 additionally removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU No. 2015-07 is effective for interim and annual reporting periods beginning after December 15, 2015. The Plan has adopted this standard in 2016. Accordingly, the presentation of 2015 investments has been changed to comply with this new standard.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

DRAFT

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Benefits Due to Terminated Participants

Funds due to employees that have terminated employment, but have not yet been distributed are not presented as liabilities in the statement of net assets available for plan benefits. They are reflected in the statements of changes in net assets available for plan benefits when paid. As of December 31, 2016 and 2015, there were no amounts payable to the Plan participants.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by a trustee need not be audited or reported on by an independent auditor. Pursuant to that regulation, the Plan administrator has instructed the independent auditors not to perform any auditing procedures with respect to information certified by the Trustee, Reliance Trust, as of December 31, 2016 and 2015 and for the year ended December 31, 2016. All Plan assets are held by the Plan's Trustees, who is responsible for the maintenance of all accounting records and the preparation of reports of activity related to those assets.

The Trustee has certified to the Plan administrator that this information is accurate and complete as of December 31, 2016 and 2015 and for the year ended December 31, 2016:

Valuation statements detailing the fair value of net assets available for benefits as of December 31, 2016 and 2015.

Financial summary detailing earnings on investments for the Plan for the year ended December 31, 2016.

Investments reflected on the supplemental schedule of assets (held at year end).

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, accounting rules for fair value measurements establish a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

DRAFT

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Level 3: Unobservable inputs are used when little or no market data is available.

The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Mutual Funds

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Stable Value Fund

The stable value funds are valued at net asset value and are exempt from the requirement to categorize within the fair value hierarchy in accordance with ASU No. 2015-07. See Note 6.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There was no change in the fair value methodology used at December 31, 2016.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following summarizes the investments by classification and method of valuation, within the fair value hierarchy as of December 31, 2016 and 2015:

		Fair Value Measurements at Reporting Date Using		
	December 31, 2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 10,628,157	$ 10,628,157	$ -	$ -

		Fair Value Measurements at Reporting Date Using		
	December 31, 2015	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 9,883,431	$ 9,883,431	$ -	$ -

NOTE 5 – STABLE VALUE FUNDS

The Putnam Stable Value Fund, invests in guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions; security-backed investment contracts, including separate account products of insurance companies; and in money-market, cash, cash equivalents and short-term bonds. The objective of the Putnam Stable Value Fund is to deliver intermediate bond like returns with money market liquidity. There are no unfunded commitments, withdrawal restrictions, redemption notice requirements or other redemption restrictions. The funds may be redeemed daily. The funds fair value is based on its net asset value of $1 per share.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - TAX STATUS

The Plan has received its determination letter from the Internal Revenue Service dated July 16, 2014 indicating that the Plan, as then designed, was in compliance with the applicable requirements of the Code and therefore exempt from federal income taxes under Section 501(a) of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.
