CIC GROUP, INC. OFFICE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

November 30, 2016 And 2015

1. Description Of The Plan

The following description of the CIC Group, Inc. Office 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The purpose of the Plan is to provide participants the opportunity to defer a portion of their compensation for their retirement in accordance with Section 401(k) of the Internal Revenue Code (the Code).

During 2016 and 2015, CIC Group, Inc. (the Company) sold a division and transferred the participants out of the Plan. As a result, the account balances of those participants were transferred out of the Plan.

Vanguard Management Trust Company is the Plan's Custodian and recordkeeper.

Eligibility

All employees are eligible to participate in the Plan upon their employment.

Contributions

Employees are permitted to make elective deferrals in any amount up to 60% of compensation, not to exceed the annual permissible dollar limit under the Internal Revenue Code (the Code). Participants may direct the investment of elective deferral and matching contributions among the funds offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company will make a matching contribution for an amount equal to 50% of such participant's salary deferral contributions for such Plan year, which are not in excess of six percent of the participant's compensation for the Plan year.

CIC GROUP, INC. OFFICE 401(k) PLAN

Notes To Financial Statements *(Continued)*

Participant Accounts

Each participant's account is credited with participant contributions, Company matching contributions, and an allocation of the Plan's earnings. The allocation of earnings is determined by the earnings of the participant's investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment Of Benefits

Distributions from the Plan are made when a participant retires, becomes disabled, dies or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made as soon as administratively feasible following termination. Distributions are paid as a lump sum. For vested balances over \$5,000, installment and annuity payment options are available.

Hardship Withdrawals

A participant may withdraw from the Plan that portion of his or her 401(k) account resulting from his or her elective deferral contributions in the event of financial hardship.

Notes Receivable From Participants

A participant may borrow up to 50% of the vested account balance of his or her 401(k) account. The minimum amount of any loan is \$1,000 and a maximum loan amount is \$50,000. Repayments are made in accordance with the terms of the Plan, over no longer than five years unless used to acquire a personal residence, at an interest rate of 0.5% over the prime rate. Loans are secured by a portion of the participant's vested account. The notes are due in installment payments, through payroll withholding, including principal and interest at a reasonable rate determined by the Plan Administrator.

Vesting

Participants have a fully vested interest in their elective deferral contributions plus actual earnings thereon. Company contribution amounts are 20% vested after one year of service. Vesting in Company contributions increases at an annual rate of 20% for each year of service thereafter and are fully vested after five years of service. Participants attaining the age of 65, provided they are employed with the Company on or after that date, or participants terminating employment by reason of death or disability have a fully vested interest in their account balance.

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined in the Plan Document, represents a forfeiture. Forfeitures are applied to reduce the employer's contribution or pay Plan expenses. At November 30, 2016 and 2015, there were no available forfeitures unused. Forfeitures used to reduce Company contributions totaled \$334,622 and \$201,587 in 2016 and 2015, respectively.

Plan Administration

The Benefit Committee and the Plan Administrator oversee the Plan. The Company pays significant Plan expenses.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) - Disclosures For Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to include within the fair value hierarchy leveling table those investments that measure fair value using the practical expedient available for investments that calculate a net asset value (NAV) per share. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. Even though these investments are removed from the fair value hierarchy, plans should provide or disclose the total amount of investments measured using the NAV per share (or its equivalent) practical expedient in order to permit reconciliation of the fair value of investments included in the fair value hierarchy to the line items presented in the statement of net assets available for benefits. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 with early adoption allowed. ASU 2015-07 is to be applied retrospectively. Management has early adopted ASU 2015-07.

CIC GROUP, INC. OFFICE 401(k) PLAN

Notes To Financial Statements (*Continued*)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of Plan asset. Additionally, Part II permits plans to eliminate the disclosure of significant investment strategies for any investment measured using the net asset value per share (or its equivalent) practical expedient, provided that the investment fund files an annual report on Form 5500 as a direct filing entity. The ASU is effective for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively. Management has adopted Part II.

There were no impacts on the statement of net assets available for benefits or the statement of changes in net assets available for benefits as of or for the years ended November 31, 2016 or 2015.

Subsequent Events

Management has evaluated subsequent events through the Independent Auditors' Report date, which is when the financial statements were available for issue.

Effective December 1, 2016, the Plan Sponsor will begin making Safe Harbor Contributions.

3. Investments

Financial information related to the assets and earnings from investments as of and for the years ended November 30, 2016 and 2015 are included in the accompanying financial statements and are based on information provided by Vanguard Fiduciary Trust Company (the Custodian). This information, which has not been audited by the Plan's independent auditors, has been certified as complete and accurate by the Trustee.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical investments in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar investments in active markets;
- Quoted prices for identical or similar investments in inactive markets;
- Inputs other than quoted prices that are observable for the investment;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the investment has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the investment.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CIC GROUP, INC. OFFICE 401(k) PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund

Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no trading restrictions.

The Trust's underlying investments seek to preserve capital and provide a competitive level of income over time that is consistent with the preservation of capital. The Trust does not have any unfunded commitments relating to its investments or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CIC GROUP, INC. OFFICE 401(k) PLAN

Notes To Financial Statements *(Continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2016 and 2015:

	November 30, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 111,884,935	\$ —	\$ —	\$ 111,884,935
Investments measured at net asset value per share (a)				6,231,208
Total assets at fair value				<u>\$ 118,116,143</u>

	November 30, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 111,945,612	\$ —	\$ —	\$ 111,945,612
Investments measured at net asset value per share (a)				6,143,166
Total assets at fair value				<u>\$ 118,088,778</u>

There have been no changes in the valuation methodologies used to determine fair value at November 30, 2016 or 2015.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Income Tax Status

The Plan received a favorable letter of determination from the IRS dated August 20, 2012, indicating compliance with the Internal Revenue Code (Code). Thus, a provision for a federal income tax is not required in the accompanying financial statements. The Plan has been amended since the date of the determination letter; however, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Sponsor believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan's federal tax returns for tax years 2013 and after remain subject to examination by taxing authorities.

8. Party-In-Interest Transactions

Certain Plan investments consist of mutual funds and a stable value fund managed by The Vanguard Group. These transactions qualify as party in interest transactions allowable under ERISA.
