Sun Mountain Sports, Inc. 401k & Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan

General

The Plan is a defined contribution plan covering substantially all full-time employees of Sun Mountain Sports, Inc. (the "Company") who have six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established by the Company on January 1, 1998 , and was most recently restated effective January 1, 2016.

Eligibility

Eligible employees include substantially all regular full-time employees of the Company over the age of 21. Employees are eligible to participate in the Plan on the first day of the Plan year, or the first day of the seventh month subsequent to completing six months of service with 500 hours.

Investment Options

Participant contributions and Company matching and profit sharing contributions are allocated among the available investment options as directed by each participant. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's profit sharing contribution, (b) plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Each year, participants may contribute up to 75% pre-tax or post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of the first 4% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may also be contributed at the discretion of the Company. During the years ended December 31, 2016 and 2015, the Company made matching contributions of $146,890 and $134,990, respectively. There were no profit sharing contributions to the Plan for those years. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a set number of years. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Vesting

Participants are vested immediately in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in any additional employer discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are fully vested in any additional employer discretionary contributions by the second year of service.

Forfeitures

At December 31, 2016 and 2015, there were no forfeited nonvested accounts. These accounts can be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. Also, during the years ended December 31, 2016 and 2015, no Company contributions were reduced by forfeited nonvested accounts.

Administrative Expenses

The primary administrative expenses of the Plan are paid by the Plan. Participants bear certain ancillary expenses, as defined by the Plan. A majority of administrative of the Plan are paid by the Company.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). Contributions are recorded when earned and distributions are recorded when paid.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan could be paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Change in Accounting Policy

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net change in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. This ASU is effective for fiscal years beginning after December 31, 2016, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

Note 3: Information Prepared and Certified by Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held and net changes in fair value of investments, interest and dividends was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank & Trust Company, (the trustee of the Plan) for the year ended December 31, 2016 and MG Trust Company for the year ended December 31, 2015. Information certified by the trustees includes the following:

Information Prepared and Certified by Trustees (Continued)

- Investments presented in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Interest and dividends and changes in fair value of investments as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.
- Investments as listed in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4: Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,231,770	$ -	$ -	$ 6,231,770
Total investments in fair value hierarchy	$ 6,231,770	$ -	$ -	$ 6,231,770

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,598,090	$ -	$ -	$ 5,598,090
Total investments fair value hierarchy	$ 5,598,090	$ -	$ -	5,598,090

Transfers between Levels

For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Tax Status

The Company adopted a nonstandard proto-type document with an IRS notification letter, which states the proto-type plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles (GAAP) requires an assessment for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Plan has determined that it is subject to examination of its income tax filings in the United States and state jurisdictions for the prior three tax years. In the event that the Plan is assessed penalties and/or interest, penalties and interest will be charged to administrative expense.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 8: Party-In-Interest

The plan administrator and other investment committee members are all employees of the Company and are also participants in the Plan. There are no transactions between the parties other than contributions to the Plan and payment of plan expenses.

Note 9: Reclassification

Certain reclassifications have been made to the 2015 financial statements to conform to the 2016 classifications. The changes were related to the classification of investments and had no effect on the total net assets available for benefits or net changes in net assets available for benefits.

Note 10: Subsequent Events

In accordance with ASC 855, Management has evaluated all subsequent events through August 16, 2017, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
