INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Hayward Quartz Technology, Inc.
401(k) Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Hayward Quartz Technology, Inc. 401(k) Profit Sharing Plan and Trust (the 'Plan'), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting

policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hayward Quartz Technology, Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2016 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

HAYWARD QUARTZ TECHNOLOGY, INC.
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 and 2015

Note 1 – Description of Plan

The following description of the Hayward Quartz Technology, Inc. ('Company') 401(k) Profit Sharing Plan and Trust ('Plan') provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and was established on January 1, 1998 for the benefit of all eligible employees of the Company. Employees can enroll into the Plan after completion of three consecutive months of service. Generally, the Plan covers all employees of the Company who are at age 21 or older, except for employees who are:

- included in a unit of employees covered by the terms of a collective bargaining agreement; or
- non-resident aliens who received no earned income from the Company; or
- employees as a result of an asset or stock acquisition, merger, or similar transaction.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Participants' contributions

Participants may contribute up to $18,000 of the pre-tax annual compensation for the year ended December 31, 2016. Participants who have attained age 50 before the end of plan year are eligible to make additional catch up contribution with an amount up to $6,000 for the year ended December 31, 2016. Participants may also contribute amounts representing distribution from other qualified defined benefit or contribution plans.

c. Employer's contributions

Each plan year, the Company may contribute, as determined by the Board of Directors, to the Plan based on the total compensation of all the participants eligible to receive an allocation. The Company may, at its discretion, make qualified non-elective contributions to participants who are not highly compensated employees. The Company may also make profit sharing contributions to all qualified participants at its discretion.

Note 1 – Description of Plan (continued)

c. Employer's contributions (continued)

Both qualified non-elective and profit sharing contributions will be allocated to the participants according to the ratio that the participant's compensation for the plan year bears to the total compensation of all participants for such plan year. For the year ended December 31, 2016, no employer's qualified non-elective and profit sharing contributions was made.

d. Participant accounts

Each participant's account is credited with the participant's and employer's contributions, and allocations of gains or losses from investments. The allocations are based on terms as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately and fully vested in their contributions and gains or losses thereon allocated to their accounts. Participants vest in the employer's discretionary contributions according to the following schedule:

Years of Employment	Vested Percentages
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants will be fully vested with the employer's discretionary contributions in the event of death, disability, attainment of normal retirement age or complete or partial termination of the Plan. Forfeitures are allocated to the qualified participants in the ratio that the participant's compensation for the plan year bears to the total compensation of all participants for such plan year. For the year ended December 31, 2016, no forfeitures were allocated to the participants' accounts.

f. Investment options

Participants can direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-two pre-selected mutual funds and a money market fund as investment options for the participants. Participants may change their investment options and allocations at any time.

Note 1 – Description of Plan (continued)

g. Rollovers

With the approval of the plan administrator, the Plan may receive any amounts received by an employee as distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

h. Notes receivable from participants

All participants with a vested balance of at least $2,000, except stockholders who own 5% or more stock of the Company, may borrow from their accounts. Loan fees and interest due are paid by the participant. Each participant may have only one loan outstanding at any given time. The minimum loan amount is $1,000, but not exceeding the lesser of:

- one-half of the participant's vested account balance; or
- $50,000 (reduced by the highest outstanding loan balance during the one year period ending on the day the loan agreement is executed).

The maximum repayment period is generally 4½ years for a general purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the maximum repayment period is 10 years. The loan will bear interest at a fixed rate of 1% above the prime rate as published on the first business day of the month. Principal and interest are paid ratably through payroll deductions on a per pay period basis. Borrower may prepay all or a portion of the outstanding loan without penalty. All loans are secured by 50% of the participant's vested account balance. On August 26, 2009, the Plan was amended to disallow new loans to participants, but the amendment does not affect any loans that were issued prior to August 26, 2009.

i. Payment of benefits

Upon separation from employment due to termination of employment, death, disability, retirement or attainment of the age of 59½, the participant has three options concerning the account balance when a distribution is made:

- The participant may elect to roll the vested account balance to another qualified retirement plan or to an individual retirement account;
- The participant may elect to have the vested account balance distributed and income taxes will be withheld accordingly; or

Note 1 – Description of Plan (continued)

i. Payment of benefits (continued)

- If the account balance is greater than $5,000, the participant can leave the vested account balance in the Plan until the participant authorizes a distribution.

The Plan allows participants to take an in-service withdrawal even if they are actively employed with the Company upon attainment of the age of 59½, employer profit sharing and contributions may be withdrawn from the account.

The Plan does not allow for hardship withdrawals.

j. Administration and costs of plan administration

The Company and the Plan trustee are responsible for administering the Plan.

The Company absorbs all costs of Plan administration. Accordingly, such expenses are not reported in the Plan's statement of changes in net assets available for benefits.

k. Plan amendment

The Plan was amended on January 1, 2015 to incorporate the language and provisions from the Pension Protection Act (PPA) of 2006 and other law changes listed in the 2010 Cumulative List of Changes in Retirement Plan Qualification Requirements. In accordance to the PPA restatement period, pre-approved defined contribution plans must be rewritten for new laws and regulations and submitted for review every six years. The Internal Revenue Service has issued an opinion letter dated on April 10, 2014 signifying that the restated Plan has been approved and that plan sponsors may reply on them.

l. Date of management review

The Plan has evaluated subsequent events through August 7, 2017, the date which the financial statements were available to be issued.

Note 2 – Summary of Significant Accounting Policies

a. Basis of accounting and use of accounting estimates

The Plan maintains its accounting records on the accrual method of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

b. Investment valuation and income recognition

Investments in mutual funds are stated at fair market value. Shares of mutual funds are valued at quoted market prices, which represent the net asset of value of shares held by the Plan at the end of the plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of investments, which consists of realized gain or losses and unrealized appreciation (depreciation) on those investments.

c. Net appreciation (depreciation) in fair value of investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

d. Risks and uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Note 2 – Summary of Significant Accounting Policies (continued)

e. Participant distributions

Benefits paid to participants are recorded when paid.

f. Recent accounting pronouncements

In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. This pronouncement is not applicable to this Plan.

In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts II early. Accordingly, the amendments were retrospectively applied resulting in prior-period information that has been adjusted. Parts I and III are not applicable to this Plan.

Note 3 – Fair Value Measurements

That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table lists the fair value of investment assets as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 203,095	$0	$0	$ 203,095
Mutual funds	3,886,383	0	0	3,886,383
Total investments at fair value	$4,089,478	$0	$0	$4,089,478

The following table lists the fair value of investment assets as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 178,520	$0	$0	$ 178,520
Mutual funds	3,392,632	0	0	3,392,632
Total investments at fair value	$3,571,152	$0	$0	$3,571,152

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

Note 4 – Notes Receivable from Participants

Subsequent to August 26, 2009, the Plan disallows its participants to obtain loans against their account balance. The change does not impact previously issued loans. The value of notes receivable was measured at their unpaid principal balances plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. As of December 31, 2016 and 2015, total loans outstanding were $30 and $839, respectively. For the year ended December 31, 2016, interest earned on such loans was $41.

Note 5 – Excess Contribution Payable

Amounts payable to participants for contributions in excess of amount allowed by the IRC are recorded as a liability with a corresponding deduction to the net assets available for benefits. At December 31, 2016 and 2015, excess contribution payable amounted to $5,296 and $6,719, respectively.

Note 6 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits recorded on the financial statements at December 31, 2016 and 2015 to Form 5500:

	2016	2015
Net assets available for benefits per financial statements	$4,084,212	$3,565,272
Add excess contributions payable	5,296	6,719
Net assets available for benefits per Schedule H of Form 5500	$4,089,508	$3,571,991

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2016 to Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 518,940
Add excess contributions payable as of 12/31/2016	5,296
Less excess contributions payable as of 12/31/2015	(6,719)
Net increase in net assets available for benefits per Form 5500	$ 517,517

Note 7 – Party-in-Interest Transactions

Certain plan investments are shares of money market funds managed by Merrill Lynch, and therefore, these transactions are classified as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

The Plan also has outstanding notes receivable from participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest and are exempted from prohibited transaction regulations.

Note 8 – Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan and the related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 9 – Plan Termination

Presently, the Company has no intention to terminate the Plan but it reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Hayward Quartz Technology, Inc.
401(k) Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Hayward Quartz Technology, Inc. 401(k) Profit Sharing Plan and Trust (the 'Plan'), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting

policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hayward Quartz Technology, Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2016 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

HAYWARD QUARTZ TECHNOLOGY, INC.
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 and 2015

Note 1 – Description of Plan

The following description of the Hayward Quartz Technology, Inc. ('Company') 401(k) Profit Sharing Plan and Trust ('Plan') provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and was established on January 1, 1998 for the benefit of all eligible employees of the Company. Employees can enroll into the Plan after completion of three consecutive months of service. Generally, the Plan covers all employees of the Company who are at age 21 or older, except for employees who are:

- included in a unit of employees covered by the terms of a collective bargaining agreement; or
- non-resident aliens who received no earned income from the Company; or
- employees as a result of an asset or stock acquisition, merger, or similar transaction.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Participants' contributions

Participants may contribute up to $18,000 of the pre-tax annual compensation for the year ended December 31, 2016. Participants who have attained age 50 before the end of plan year are eligible to make additional catch up contribution with an amount up to $6,000 for the year ended December 31, 2016. Participants may also contribute amounts representing distribution from other qualified defined benefit or contribution plans.

c. Employer's contributions

Each plan year, the Company may contribute, as determined by the Board of Directors, to the Plan based on the total compensation of all the participants eligible to receive an allocation. The Company may, at its discretion, make qualified non-elective contributions to participants who are not highly compensated employees. The Company may also make profit sharing contributions to all qualified participants at its discretion.

Note 1 – Description of Plan (continued)

c. Employer's contributions (continued)

Both qualified non-elective and profit sharing contributions will be allocated to the participants according to the ratio that the participant's compensation for the plan year bears to the total compensation of all participants for such plan year. For the year ended December 31, 2016, no employer's qualified non-elective and profit sharing contributions was made.

d. Participant accounts

Each participant's account is credited with the participant's and employer's contributions, and allocations of gains or losses from investments. The allocations are based on terms as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately and fully vested in their contributions and gains or losses thereon allocated to their accounts. Participants vest in the employer's discretionary contributions according to the following schedule:

Years of Employment	Vested Percentages
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants will be fully vested with the employer's discretionary contributions in the event of death, disability, attainment of normal retirement age or complete or partial termination of the Plan. Forfeitures are allocated to the qualified participants in the ratio that the participant's compensation for the plan year bears to the total compensation of all participants for such plan year. For the year ended December 31, 2016, no forfeitures were allocated to the participants' accounts.

f. Investment options

Participants can direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-two pre-selected mutual funds and a money market fund as investment options for the participants. Participants may change their investment options and allocations at any time.

Note 1 – Description of Plan (continued)

g. Rollovers

With the approval of the plan administrator, the Plan may receive any amounts received by an employee as distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

h. Notes receivable from participants

All participants with a vested balance of at least $2,000, except stockholders who own 5% or more stock of the Company, may borrow from their accounts. Loan fees and interest due are paid by the participant. Each participant may have only one loan outstanding at any given time. The minimum loan amount is $1,000, but not exceeding the lesser of:

- one-half of the participant's vested account balance; or
- $50,000 (reduced by the highest outstanding loan balance during the one year period ending on the day the loan agreement is executed).

The maximum repayment period is generally 4½ years for a general purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the maximum repayment period is 10 years. The loan will bear interest at a fixed rate of 1% above the prime rate as published on the first business day of the month. Principal and interest are paid ratably through payroll deductions on a per pay period basis. Borrower may prepay all or a portion of the outstanding loan without penalty. All loans are secured by 50% of the participant's vested account balance. On August 26, 2009, the Plan was amended to disallow new loans to participants, but the amendment does not affect any loans that were issued prior to August 26, 2009.

i. Payment of benefits

Upon separation from employment due to termination of employment, death, disability, retirement or attainment of the age of 59½, the participant has three options concerning the account balance when a distribution is made:

- The participant may elect to roll the vested account balance to another qualified retirement plan or to an individual retirement account;
- The participant may elect to have the vested account balance distributed and income taxes will be withheld accordingly; or

Note 1 – Description of Plan (continued)

i. Payment of benefits (continued)

- If the account balance is greater than $5,000, the participant can leave the vested account balance in the Plan until the participant authorizes a distribution.

The Plan allows participants to take an in-service withdrawal even if they are actively employed with the Company upon attainment of the age of 59½, employer profit sharing and contributions may be withdrawn from the account.

The Plan does not allow for hardship withdrawals.

j. Administration and costs of plan administration

The Company and the Plan trustee are responsible for administering the Plan.

The Company absorbs all costs of Plan administration. Accordingly, such expenses are not reported in the Plan's statement of changes in net assets available for benefits.

k. Plan amendment

The Plan was amended on January 1, 2015 to incorporate the language and provisions from the Pension Protection Act (PPA) of 2006 and other law changes listed in the 2010 Cumulative List of Changes in Retirement Plan Qualification Requirements. In accordance to the PPA restatement period, pre-approved defined contribution plans must be rewritten for new laws and regulations and submitted for review every six years. The Internal Revenue Service has issued an opinion letter dated on April 10, 2014 signifying that the restated Plan has been approved and that plan sponsors may reply on them.

l. Date of management review

The Plan has evaluated subsequent events through August 7, 2017, the date which the financial statements were available to be issued.

Note 2 – Summary of Significant Accounting Policies

a. Basis of accounting and use of accounting estimates

The Plan maintains its accounting records on the accrual method of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

b. Investment valuation and income recognition

Investments in mutual funds are stated at fair market value. Shares of mutual funds are valued at quoted market prices, which represent the net asset of value of shares held by the Plan at the end of the plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of investments, which consists of realized gain or losses and unrealized appreciation (depreciation) on those investments.

c. Net appreciation (depreciation) in fair value of investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

d. Risks and uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Note 2 – Summary of Significant Accounting Policies (continued)

e. Participant distributions

Benefits paid to participants are recorded when paid.

f. Recent accounting pronouncements

In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. This pronouncement is not applicable to this Plan.

In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts II early. Accordingly, the amendments were retrospectively applied resulting in prior-period information that has been adjusted. Parts I and III are not applicable to this Plan.

Note 3 – Fair Value Measurements

That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table lists the fair value of investment assets as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 203,095	$0	$0	$ 203,095
Mutual funds	3,886,383	0	0	3,886,383
Total investments at fair value	$4,089,478	$0	$0	$4,089,478

The following table lists the fair value of investment assets as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 178,520	$0	$0	$ 178,520
Mutual funds	3,392,632	0	0	3,392,632
Total investments at fair value	$3,571,152	$0	$0	$3,571,152

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

Note 4 – Notes Receivable from Participants

Subsequent to August 26, 2009, the Plan disallows its participants to obtain loans against their account balance. The change does not impact previously issued loans. The value of notes receivable was measured at their unpaid principal balances plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. As of December 31, 2016 and 2015, total loans outstanding were $30 and $839, respectively. For the year ended December 31, 2016, interest earned on such loans was $41.

Note 5 – Excess Contribution Payable

Amounts payable to participants for contributions in excess of amount allowed by the IRC are recorded as a liability with a corresponding deduction to the net assets available for benefits. At December 31, 2016 and 2015, excess contribution payable amounted to $5,296 and $6,719, respectively.

Note 6 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits recorded on the financial statements at December 31, 2016 and 2015 to Form 5500:

	2016	2015
Net assets available for benefits per financial statements	$4,084,212	$3,565,272

Note 7 – Party-in-Interest Transactions

Certain plan investments are shares of money market funds managed by Merrill Lynch, and therefore, these transactions are classified as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

The Plan also has outstanding notes receivable from participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest and are exempted from prohibited transaction regulations.

Note 8 – Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan and the related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 9 – Plan Termination

Presently, the Company has no intention to terminate the Plan but it reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.
