Notes to Financial Statements

Note 1. Plan Description

The following description of Westman Freightliner – River Valley truck Centers 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all employees who are at least twenty-one years of age and have completed one year of service (as defined) at Westman Freightliner, Inc., River Valley Truck Centers and Westman Collision & Detail Center, Inc., (the Company). Employees may enter the Plan on January 1 or July 1 after meeting their service requirements. Participants must complete 1,000 hours of services and be employed at the Plan year end to share in matching and profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, individual participants may elect to contribute a portion of their annual compensation as defined in the Plan Agreement limited to the maximum amount allowed by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer makes a matching contribution, based on a discretionary percentage, determined by the Employer, which was equal to 50% of the first 4% of each participant's contribution to the Plan for 2016 and 2015. The Plan provides for Company discretionary profit sharing contributions as determined by the Company annually. The Company made contribution of approximately \$78,000 for the Plan period ending December 1, 2016. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's contribution, (b) the Employer's profit sharing contribution, (c) Plan earnings, (c) forfeitures of terminated participant's non-vested accounts not used to reduce administrative expenses or Company matching contributions and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the vested participant's account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participant loans are collateralized by participant's vested account balance and bear interest at a reasonable rate of interest by reviewing the interest rates changed for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions. Interest rates applicable to outstanding loans were between 5.25 and 5.50 percent as of December 1, 2016. All loans were transferred into another plan on December 1, 2016.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service, as defined by the Plan Agreement. The Plan's vesting provisions start after two years of service at 20 percent and increase ratably until six years of service when participants are 100 percent vested. As defined in the Plan Agreement, a participant is entitled to 100 percent of his or her total account balance upon retirement, death or disability regardless of years of service.

Westman Freightliner – River Valley truck Centers 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service, a participant may elect to receive either a lump-sum or direct rollover amount equal to the vested value of his or her account, or upon death, disability or retirement, receive periodic installments over a period not to Westman Freightliner the life expectancy of the participant or joint lives of the participant and spouse. Participants may withdraw portions of their vested account (other than voluntary contributions) at any time after reaching 59½.

During the period ended December 1, 2016, no forfeitures were used to reduce matching contributions. The balance of forfeited nonvested accounts total \$4,541 as of December 31, 2015.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with the accounting principles generally accepted in the United States of America.

Financial statement period: The statement of net assets available for benefit and statement of changes in net assets available for benefit covers the period from January 1, 2016 through December 1, 2016.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and disclosure through September 11, 2017, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 4. Information Certified by the Nationwide Financial Services, Inc.

The following is a summary of the Plan's asset information as of December 1, 2016 and December 31, 2015, and for the period ended December 1, 2016, included throughout the Plan's financial statements that was prepared or derived from information provided by Nationwide Financial Services, Inc., the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian of the Plan that the information provided to the Plan Administrator by the custodian of the Plan related to the following assets is complete and accurate. Accordingly, as permitted 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	December 1, 2016	December 31, 2015
Investments, at fair value:		
Mutual funds	\$ -	\$ 5,201,605

The custodian, Nationwide Financial Services, Inc., also certified to the completeness and accuracy of interest income on notes receivable from participants of \$5,258 and \$354,116 of net appreciation of investments (including investments bought, sold and held during the year) for the period ended December 1, 2016.

Note 5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and required the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an assets or liability.

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 1, 2016 compared to December 31, 2015. There were no transfers between Level 1, 2, or 3 assets during the period ended December 1, 2016.

Note 6. Related Party

Certain Plan investments are managed by Nationwide Financial Services, Inc., the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Risks and Uncertainties

Investments securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Tax Status and Uncertain Tax Positions

The Plan adopted a Tax Sheltered Compensation, Inc. (TSC) volume submitter plan which the Internal Revenue Service determined and informed TSC by letter dated March 31, 2014, that the form of the plan was acceptable in accordance with applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.
