### Independent Auditors' Report

To the Trustees of the  
Boston Capital 401(k) Plan

#### Report on the Financial Statements

We have audited the accompanying financial statements of Boston Capital 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2016, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2(a); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan (modified cash basis) as of December 31, 2016 and 2015, and the changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2016, in accordance with the modified cash basis of accounting described in Note 2(a).

## **Basis of Accounting**

We draw attention to Note 2(a) of the financial statements, which describes the basis of accounting. The financial statements are presented on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

## **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at year end), December 31, 2016, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## **BOSTON CAPITAL 401(K) PLAN**

### **Notes to Financial Statements**

December 31, 2016 and 2015

#### **(1) Description of the Plan**

The following description of the Boston Capital 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

##### ***(a) General***

The Plan is a defined contribution plan covering all full time employees of Boston Capital Holdings Limited Partnership (the Company), who prior to May 1, 2013, have three months of service and are age twenty-one or older. As of May 1, 2013, the Plan was amended to remove the service requirement and cover all full time employees who are age twenty-one or older. After May 1, 2013, employees are automatically enrolled with a 3% deferral rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

As of March 26, 2015, the Plan's assets were transferred from State Street Bank and Trust Company to Fidelity Management Trust Company.

##### ***(b) Contributions***

Each year, participants may contribute up to the maximum percentage of compensation and dollar amount permissible under Section 402(a) of the Internal Revenue Code (IRC) not to exceed the limits of Code Section 401(k), 404 and 415. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trusts and a self-directed brokerage account as investment options for participants. In addition to the participant contributions under the Plan, the Company shall make a matching employer contribution on behalf of each eligible participant in an amount equal to 25% of eligible contributions. The Company may also make an additional matching employer contribution at their discretion at the Plan year end. All contributions are subject to certain limitations.

##### ***(c) Participant Accounts***

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings. Additionally, participants are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **BOSTON CAPITAL 401(K) PLAN**

### **Notes to Financial Statements**

December 31, 2016 and 2015

#### **(1) Description of the Plan - continued**

##### ***(d) Notes Receivable from Participants***

Participants may borrow from their fund accounts an amount that does not exceed the lesser of \$50,000 or 50% of the vested value of their account. The notes receivable are secured by the balance in the participant's account and bear interest at rates, not less than the prevailing rate of interest charged on similar commercial loans by persons in the business of lending money and shall be determined by the Plan Administrator. Interest rates for notes receivable from participants vary from 5.25% to 9.5% as of December 31, 2016. Notes receivable from participants mature on various dates through June 2024. Principal and interest is paid ratably through payroll deductions.

##### ***(e) Vesting***

Participants are immediately vested in their contributions plus their actual earnings. Vesting in the Company's contribution portion of their accounts plus their actual earnings is based on years of service. A participant is 100% vested after five years of credited service.

##### ***(f) Payment of Benefits***

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a rollover distribution into a qualified plan. Benefits and any corrective distributions are recorded when paid to the participant or their beneficiaries.

##### ***(g) Forfeitures***

Forfeitures of amounts not vested will occur upon a five-year break in service and will be used as (1) restoration of participants forfeitures, (2) offset Plan expenses and (3) used to reduce the employer's matching contribution. For the years ended December 31, 2016 and 2015, \$80,623 and zero, respectively, were used to reduce employer's matching contributions. Unused forfeitures as of December 31, 2016 and 2015 were \$6,399 and \$69,195, respectively.

## **BOSTON CAPITAL 401(K) PLAN**

### **Notes to Financial Statements**

December 31, 2016 and 2015

#### **(2) Summary of Significant Accounting Policies**

##### ***(a) Basis of Accounting***

The financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. Investments are recorded at fair value. Dividend, interest income and routine contributions are recorded when received rather than when earned and delinquent contributions are accrued when not received timely by the Plan. Unrealized appreciation or depreciation in the fair value of investments is recognized currently. Modifications to the cash basis of accounting include investments recorded at fair value and notes receivable from participants. Income is recognized when received and expenses are recognized when paid.

##### ***(b) Use of Estimates***

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### ***(c) Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Capital gain distributions are included in dividend income. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income is recognized when received and expenses are recognized when paid.

##### ***(d) Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are recorded as a distribution based upon the terms of the Plan Agreement.

##### ***(e) Payment of Benefits***

Benefits are recorded when paid.

## **Notes to Financial Statements**

December 31, 2016 and 2015

### **(2) Summary of Significant Accounting Policies - continued**

#### ***(f) Mutual Fund Fees***

Investments in registered investment companies are subject to sales charges in the form of front-end loads, back-end loads, 12b-1 fees, and other investment/custodian management fees. 12b-1 fees, which are ongoing fees allowable under section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

#### ***(g) Administrative Expenses***

Recordkeeping, account maintenance fee and administrative expenses of maintaining the Plan are shared by the Plan, Plan participants and the Company. During the year ended December 31, 2016, the Plan paid \$62,402 for recordkeeping and investment advisory services and the Company paid for auditing services.

### **(3) Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

**Level 2:** Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs that are unobservable inputs for the asset or liability.

### (3) Fair Value Measurements - continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Investments in self-directed brokerage accounts are valued at quoted market prices.

The methods described above may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

|                                             | Assets at fair value as of December 31, 2016 |         |         |               |

| Total assets in the fair value hierarchy    | \$ 31,216,499                                | \$ -    | \$ -    | 31,216,499    |
| Investments measured at net asset value (a) |                                              |         |         | 3,200,848     |
| Total investments at fair value             |                                              |         |         | \$ 34,417,347 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### *Transfers between Levels*

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2016 and 2015, there were no transfers in or out of level 3.

#### *Investments Measured Using the Net Asset Value per Share Practical Expedient*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

Investments in common/collective trusts are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by units outstanding at year-end.

#### (4) Tax Status

The Plan has adopted a prototype plan which has been determined by the Internal Revenue Service, in an opinion letter dated March 31, 2014 to be in accordance with applicable sections of the Code. The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

#### (5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## **BOSTON CAPITAL 401(K) PLAN**

### **Notes to Financial Statements**

December 31, 2016 and 2015

#### **(6) Party-In-Interest Transactions**

Effective March 26, 2015, certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company, a related entity to Fidelity Investments, is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

#### **(7) Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

#### **(8) Subsequent Events**

The Plan has performed an evaluation of subsequent events through September 7, 2017, which is the date the Plan's financial statements were available to be issued. No material subsequent events, have occurred since December 31, 2016 that required recognition or disclosure in these financial statements.
