## Note 1 - Plan Description

The following description of Omnicare Employees' Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all full-time employees of Omnicare, Inc. (the "Company"). Effective August 18, 2015, the Company was purchased by CVS Health Corporation (CVS). Effective that same date, CVS assumed sponsorship of the Plan. The Plan was restated effective August 18, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective December 31, 2016, the Plan merged into the 401(k) Plan and the Employee Stock Ownership Plan of CVS Health Corporation and Affiliated Companies (the "Future Fund"). See Note 6 for more information.

**Administration** - CVS has delegated to the Benefit Plans Committee (the "Committee") the responsibility to manage the operation and administration of the Plan. The Committee further named an Administrative Subcommittee and an Investment Subcommittee and delegated certain fiduciary duties to each of these Subcommittees.

**Contributions** - The Plan provides that participants may contribute up to 75 percent of their base compensation, as defined by the Plan. Employee contributions are subject to the limitations set forth by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. In addition, prior to October 15, 2016, participants could direct contributions to self-directed brokerage accounts (the "Personal Choice Retirement Accounts" or PCRA).

The Plan provides for employer matching contributions equal to 50 percent of the participant's contribution not to exceed 6 percent of the employee's deferred compensation. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company based on the participant's compensation. There were no additional profit-sharing contributions made in 2016.

Certain participant contributions in 2015 were paid after the timeframe required by the Department of Labor. The Company remitted these contributions and related lost earnings to the Plan during 2016.

Certain participant contributions in 2016 were paid after the timeframe required by the Department of Labor. The Company remitted these contributions and related lost earnings to the Plan during 2016.

## Note 1 - Plan Description (Continued)

**Participant Accounts** - Employee contributions are made through regular payroll deductions and paid into the Plan on a biweekly basis. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan. The Plan allowed participants to invest in self-directed brokerage accounts prior to October 15, 2016. The self-directed brokerage accounts include various investments in publicly traded securities.

**Participant Notes Receivable** - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

**Benefit Payments** - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount or annuity equal to the vested balance of a participant's account.

**Vesting** - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. For original participants in the Plan, vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. These participants vest in contributions made by the Company 20 percent after one year of service and another 20 percent per year thereafter until they become fully vested after five years of service. For former participants of the Acquisition Plan whose balances were merged into the Plan in 2014, vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is in accordance with the Acquisition Plan's plan document and is generally based on years of service.

**Forfeitures** - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions and pay Plan administrative expenses. At December 31, 2016 and 2015, forfeited account balances totaled $647,286 and $187,018, respectively. On December 31, 2016, the forfeiture balance was transferred to the Future Fund as part of the merger described in Note 6.

**Party-in-interest Transactions** - Certain plan assets are in investment funds managed by Charles Schwab Bank or its affiliates. Charles Schwab Bank is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

## Note 1 - Plan Description (Continued)

**Termination** - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances. On December 31, 2016, the Plan merged into the Future Fund, as described in Note 6.

## Note 2 - Summary of Significant Accounting Policies

**Investment Valuation and Income Recognition** - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

**Benefit Payments** - Benefits are recorded when paid.

**Administrative Expenses** - Various administrative costs are paid by the Plan. Other administrative costs are paid by the Company on behalf of the Plan.

**Participant Notes Receivable** - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

**Excess Contributions Payable** - Excess contributions payable represent amounts received from participants in excess of the IRS deferral limitations that have been refunded to those participants.

**Use of Estimates** - The preparation of Financial Statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## Note 2 - Summary of Significant Accounting Policies (Continued)

**New Accounting Pronouncement** - During 2016, the Plan adopted Accounting Standards Update (ASU) No. 2016-01, *Financial Instruments - Overall Recognition and Measurement of Financial Assets and Financial Liabilities*. ASU No. 2016-01 amended Accounting Standard Codification (ASC) 825, *Financial Instruments*, and eliminated the requirement to disclose the fair value of financial instruments not recorded at fair value required under ASC 825. This standard was adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

**Subsequent Events** - The Financial Statements and related disclosures include evaluation of events up through and including September 7, 2017, which is the date the Financial Statements were available to be issued, and no events were noted that require disclosure.

## Note 3 - Unaudited Information

Charles Schwab Bank (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying Financial Statements are based solely on information certified by the Trustee.

## Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the IRS indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

## Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the Financial Statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

There were no assets held as of December 31, 2016 due to the merger described in Note 6. The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015.

**Level 1** - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

**Level 2** - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

## Note 5 - Fair Value Measurements (Continued)

**Level 3** - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

**Mutual Funds** - Mutual funds are valued at closing quoted prices reported in active markets.

**Money Market Fund** - The money market fund is valued at closing quoted prices reported in active markets.

**Common Collective Trust Funds** - The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

**Self-directed Brokerage Account** - The Plan allowed participants to invest in a self-directed brokerage account prior to October 15, 2016. The self-directed brokerage account includes various investments in publicly traded securities which are valued at the closing quoted prices reported in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Note 5 - Fair Value Measurements (Continued)

**Assets Measured at Fair Value on a Recurring Basis at December 31, 2015**

| | Investments (at Fair Value) | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Mutual funds | $ 397,335,604 | $ 397,335,604 | $ - | $ - |
| Money market fund | 8,011,558 | 8,011,558 | - | - |
| Self-directed brokerage account | 12,844,031 | 12,844,031 | - | - |
| Total | 418,191,193 | $ 418,191,193 | $ - | $ - |
| Investments measured at NAV - Common collective trust funds | 99,014,980 | | | |
| Total investments at fair value | $ 517,206,173 | | | |

## Note 6 - Plan Merger

Effective December 31, 2016, the Plan merged and combined with the 401(k) Plan and the Employee Stock Ownership Plan of CVS Health Corporation and Affiliated Companies ("Future Fund"). Accordingly, all assets, participants, and their related account balances were transferred to Future Fund in 2016.
