Report of Independent Auditors

To the Participants and Plan Administrator of
Sun Community Federal Credit Union 401(k) Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sun Community Federal Credit Union 401(k) Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Reliance Trust Company and CFMG Life Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust held the Plan's investment assets and executed investment transactions as of December 31, 2016 and from November 1, 2016 through December 31, 2016, and that CFMG Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period from January 1, 2016 through October 31, 2016. The trustees hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule of Assets (Held at End of Year) as of December 31, 2016, and the Schedule of Delinquent Contributions for the year ended December 31, 2016 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Sun Community Federal Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Sun Community Federal Credit Union 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sun Community Federal Credit Union (the Credit Union), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Credit Union is the Plan's sponsor and serves as plan administrator.

The Plan changed recordkeepers from CUNA Mutual Group to ADP effective October 31, 2016. The Plan also changed trustees from CMFG Life Insurance Company to Reliance Trust Company effective the same date; October 31, 2016. These changes resulted in a blackout period from October 3, 2016 to November 11, 2016. During the blackout period, participants were unable to direct or reallocate investments, obtain loans, or obtain distributions from the Plan.

Eligibility

Employees of the Credit Union are eligible to participate in the Plan upon reaching age 21 and after completing six months of service. Participants must complete at least 1,000 hours of service during the Plan year, to be eligible to receive any employer paid profit sharing contributions. The Plan was amended effective September 1, 2015, to waive the age and service requirements for employees of Palm Springs Federal Credit Union covered under the acquisition of that Credit Union by Sun Community Credit Union.

Contributions

Participant contributions – Each year, participants may contribute between 1–90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Credit Union may elect to make discretionary matching and profit sharing contributions to the Plan. The Plan automatically provides that Elective Deferrals up to 6% of Compensation are taken into account in applying the discretionary match and that the maximum discretionary match is set at 4% of compensation. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended December 31, 2016.

Employer safe harbor – The Company also makes safe harbor contributions equal to 3% of the participant's eligible compensation, regardless of the employee's hours of service or employment on the last day of the plan year. The safe harbor contribution for the year ended December 31, 2016 was \$164,627.

Contributions are subject to regulatory limitations.

Note 1 – Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and employer matching contributions as well as allocations of the Credit Union's profit sharing contribution and Plan earnings (losses). Participant accounts are charged with certain plan expenses based on use of a particular Plan feature. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after one year of credited service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2016, the rates of interest on outstanding loans ranged from 4.25%–4.50% with various maturities through June 2023.

Payment of benefits

On termination of service due to retirement, or prior to retirement, on death, disability, resignation, discharge, termination or proven hardship, a participant is eligible to receive the value of the participant's vested interest in his or her account. Effective April 15, 2015, the Plan was amended to allow in-service withdrawals from the participant's interest in the Plan for participants having reached 65 years of age. Participants may request a distribution from their Rollover Account at any time. Distributions may be made as a lump sum distribution, as substantially equal installments, or may be partial withdrawals.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used before year end and will be used to pay plan administrative expenses, or used to reduce Credit Union contributions. As of December 31, 2016 and 2015, there were no forfeited non-vested balances remaining in the Plan. For the year ended December 31, 2016, the Credit Union's matching contributions were reduced by \$1,652 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation

The investments are reported at fair value and contract value. The Plan's trustees, CMFG Life Insurance Company and Reliance Trust Company, certify the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 14, 2017, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation techniques used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

As the fund does not file as a Direct Filing Entity (DFE), the disclosure of fund investment strategy is required. The PSAs invest in the following categories of mutual funds:

Target date funds: includes investments with pre-built portfolios based on personal investment style and funds with strategies that change as they approach a specific retirement date. The target date of a target date mutual fund is the approximate date when an investor plans to begin withdrawing their money from the funds. The principal value of a target date fund is not guaranteed at any time, including at the target date.

Fixed income: Bonds and other debt obligations are affected by changes in interest rates and the creditworthiness of their issuers. High-yield, low rated (junk) bonds generally have greater price swings and greater default risks.

Value Funds: Value Style Risk-value investing style may go in and out of favor causing the Fund to sometimes underperform other equity funds that use different investing styles.

Index Fund: The S&P 500 Index is an unmanaged index containing common stocks of 500 industrial, transportation, utility and financial companies, regarded as generally representative of the U.S. stock market. The index reflects the reinvestment of dividends, if any, and capital gain distributions, if any, but does not reflect fees, brokerage commissions, or other expenses of investing. This index is used for comparison purposes. It is not possible to invest in an index.

Mid cap: Mid Cap risk-stocks of mid cap companies may be more volatile and less liquid than larger company stocks.

Small cap: Investing in micro and small companies involves greater risks not associated with investing in more established companies, such as business risk, significant stock price fluctuations and illiquidity.

Sun Community Federal Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Foreign/World Funds: Foreign investments involve greater risks and potential rewards than US investments, and investment return and principal value of the Fund will fluctuate with market conditions, currencies, and economic, social and political climates of the countries where the Fund invests. Emerging markets involve heightened risks related to the same factors, in addition to those associated with their relatively small size and lesser liquidity.

Collective trust: Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value 12/31/16	Fair Value 12/31/15	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Account	\$ -	\$ 1,713,102	Daily	N/A	N/A
Collective Trust	73,133	-	Daily	Up to 24 months	N/A
	<u>\$ 73,133</u>	<u>\$ 1,713,102</u>			

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2016:

	Fair Value Measurement at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy				
Registered investment companies	<u>\$ 2,361,444</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 2,361,444
Investments measured at NAV (practical expedient)				<u>73,133</u>
Investments at fair value				<u>\$ 2,434,577</u>

Sun Community Federal Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 4 – Guaranteed Investment Contract with Insurance Company

The Plan invested in a fully benefit-responsive investment contract (FBRIC) with CMFG Life Insurance Company (CMFG) through October 31, 2016 at the time the assets transferred. The Deposit Administration Contract was a fixed, deferred group annuity, providing protection of principal with a set rate of return.

The contract met the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustees, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 29, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. CMFG Life Insurance Company held the Plan's assets and executed investment transactions as of December 31, 2015 and from January 1, 2016 to October 31, 2016, and Reliance Trust Company held the Plan's assets and executed investment transactions as of December 31, 2016 and for the period from November 1, 2016 to December 31, 2016.

Accordingly, the trustees of the Plan have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015.
- Net appreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Investments reflected on the schedule of assets (held at end of year).

Note 8 – Party-in-Interest Transactions

Certain Plan investments were managed by Reliance Trust Company and CMFG Life Insurance Company, the trustees of the Plan and, therefore; transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Credit Union has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

There were no reconciling differences in the financial statements and the net assets reported on the Form 5500 as of December 31, 2016. The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31, 2015.

	December 31, 2015
Net assets available for benefits, per the financial statements	\$ 1,925,416
Less: amounts accrued for participant receivables	(9,056)
Less: amounts accrued for employer receivables	<u>(13,423)</u>
Net assets per the Form 5500	<u><u>\$ 1,902,937</u></u>

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on the Form 5500 for the year ended December 31, 2016:

	December 31, 2016
Change in net assets available for benefits per the financial statements	\$ 641,431
Add: prior year receivable	<u>22,479</u>
Net income per the Form 5500	<u><u>\$ 663,910</u></u>

Note 11 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts subsequent to year end.
