HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Harvey Industries, Inc. 401(k) Plan (formerly known as the Harvey Industries, Inc. Profit Sharing and 401(k) Plan and Trust) (the "Plan") is presented for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution pension plan covering substantially all employees of Harvey Industries, Inc. (the "Company") and consisting of voluntary participant contributions and discretionary employer profit sharing contributions. Employees of the Company who have completed one month of service and have attained age 18 are eligible to make deferral contributions. Temporary employees, seasonal workers, and interns who have attained age 18 and completed a 12-month period of employment with the Company where they are credited with at least 1,000 hours of service are eligible to participate in the plan. All employees who have attained age 18 and have completed one year (at least 1,000 hours) of service and are employed on the last day of the plan year are eligible to receive an allocation of any profit sharing contributions made by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2016, the Company amended the Plan which allowed for three (3) significant changes. The Plan Year was changed to end effective December 31. The Company Profit Sharing contributions which had been invested at the discretion of the Plan's trustee are now participant-directed. The funds directed by the Plan's trustee were transferred into participant-directed accounts in December 2016. Finally, effective January 1, 2017, the Company intends to make Employer Matching Contributions to participants and to cease making Profit Sharing contributions on a regular basis.

Participant Contributions - 401(k) Component

Participants may elect to defer up to 100% of their compensation, as defined by the Plan, on a pre-tax or after-tax ("Roth") basis subject to IRS limitations. Each newly hired employee shall be automatically enrolled in the Plan at a pre-tax contribution rate of 3% of compensation after meeting eligibility requirements. The participant may elect to cease or change the amount of these contributions at any time. Participants who are at least age 50 may also make additional catch-up contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Contributions from Company - Profit Sharing Component

The Company may elect to make discretionary profit sharing contributions to the Plan. The Company elected to contribute \$1,500,000 for the period from March 1, 2016 through December 31, 2016. Allocation to participants of the profit sharing contribution is based on a formula which considers length of service and current year compensation.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which relates to their contributions and the income earned thereon. Participants become 100% vested in Company profit sharing contributions upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in Company contributions and earnings thereon vests as follows:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of profit sharing contributions are allocated to participants based on the same formula used to determine the allocation of profit sharing contributions to participants. They may also be used to pay administrative expenses. For the period from March 1, 2016 through December 31, 2016, \$21,804 of forfeitures were used to pay administrative expenses and \$53,212 were allocated to participants. Total unapplied forfeitures were \$0 at December 31, 2016 and February 29, 2016, respectively.

Unallocated Account

New York Life Trust Company credits the Plan with an amount equal to a percentage of each participant's assets which is accrued daily. This credit is held in an unallocated expense budget account and is an asset of the Plan that may be used to pay plan expenses. Credits of \$4,654 were used to pay plan expenses for the period from March 1, 2016 through December 31, 2016. Unallocated assets were \$20,512 and \$4,650 at December 31, 2016 and February 29, 2016, respectively.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Notes Receivable from Participants

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may take a loan from their account for any reason and may have no more than two loans outstanding at any one time.

Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums, partial withdrawals or periodic installment payments.

A participant may also request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Benefits

Benefit payments to participants are recorded when paid.

Expenses

Substantially all of the Plan's expenses are paid by the Company except for participant initiated transaction fees and expenses paid with Plan forfeitures, as provided by the Plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The assets of the Plan are primarily financial instruments which are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than do the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. The Plan's investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2016 and February 29, 2016.

Mutual funds and exchange traded funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Pooled separate account - Valued at net asset value of units of the pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and February 29, 2016:

Description:	31-Dec-16

- (1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The pooled separate account consists of the New York Life Insurance Company Anchor Account I. There are no unfunded commitments. The account is subject to a 12 month redemption notice period.

There are no unfunded commitments for the common collective trust held by the Plan. The account requires a 15 days' notice to redeem.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity ("DFE"). The following table discloses investment strategies for such common collective trust investments:

- (a) Large cap common collective trusts invest primarily in stocks and bonds with a focus on current income and capital appreciation.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

D. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions.

E. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by letter dated April 25, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has not been amended since receiving the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by John Hancock Trust Company LLC, ("John Hancock") were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. John Hancock has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2016 and February 29, 2016, the plan investment earnings and other investment related transactions of the Plan for the period from March 1, 2016 through December 31, 2016, and the supplemental information contained in the Schedule of Assets (Held at Year End).

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through August 29, 2017, the date these financial statements were available for issuance.
