Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2016 financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A., the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of November 15, 2016 and for the period from January 1, 2016 through November 15, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Emphasis of Matter – Plan Termination

As discussed in Note 1 to the financial statements, the Company approved the merger of the Plan into the iQor Retirement Savings Plan effective November 15, 2016, with all assets being transferred on November 15, 2016. As a result, the Plan changed its basis of accounting for periods after December 31, 2015 from the accrual basis of accounting to the liquidation basis. Our opinion is not modified with respect to this matter.

Other Matter – 2015 Financial Statements

The financial statements of the AMS 401(k) Retirement Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Bank of America, N.A., the custodian of the Plan. Their report, dated October 17, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the certified investment information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMS 401(k) Retirement Plan

Notes to Financial Statements

November 15, 2016 and December 31, 2015

1. Description of the Plan

The following description of the AMS 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan was established on March 1, 2014. The Plan is a defined contribution plan that covered substantially all eligible employees of Jabil Global Services, LLC (“Jabil” or the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

The Company approved the merger of the Plan into the iQor Retirement Savings Plan effective November 15, 2016. All investments and notes receivable from participants were transferred from the Plan into the iQor Retirement Savings Plan effective November 15, 2016.

Eligibility

Employees became eligible to participate in the Plan on the first day of the first pay period immediately following or coinciding with the attainment of 90 days of service. Non-resident alien employees, highly compensated employees (as defined), employees whose base pay at the beginning of the plan year is \$100,000 and above and leased employees were not eligible to participate in the Plan.

Contributions

The Plan provided each participant with an opportunity to make pre-tax contributions to the Plan, not to exceed 75% of eligible compensation, and subject to the limitations of the Internal Revenue Code (“IRC”). Effective January 1, 2016, the automatic enrollment feature was removed from the Plan.

The Plan provided for safe harbor matching contributions through December 31, 2015. Effective January 1, 2016, the Company could make discretionary non-elective contributions. For the 2016 plan year, the Company elected to match 100% on the first 3% of contributions and 50% match on the next 2% of contributions.

Participant Accounts

Each participant’s account was credited with their contributions, employer contributions and the earnings thereon. Contributions to the Plan were invested by the custodian as directed by the participants. Each participant could elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants hired prior to January 1, 2016 were 100% vested in their entire account balance at all times. Participants hired on or after January 1, 2016 were 100% vested at all times in their own contributions, plus actual earnings thereon, and vested in employer matching contributions based on years of service (as defined) as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than one year	0%
Less than two years	25%
Less than three years	50%
Less than four years	75%
Four years or more	100%

AMS 401(k) Retirement Plan

Forfeitures

Participants who terminate their employment with the Company forfeit the non-vested portion of the Company's contributions to their accounts. Plan participant's forfeitures may be used to pay plan expenses, reduce the employers' contribution for the year plan year or be allocated as a non-elective contribution for the plan year. No plan forfeitures were applied in conjunction with the payment of plan expenses for the period from January 1, 2016 through November 15, 2016. Forfeitures from employees approximated \$6,600 for the period from January 1, 2016 through November 15, 2016. The available balance of forfeitures as of December 31, 2015 was approximately \$1,500. Approximately \$8,100 of forfeitures was transferred to the iQor Retirement Savings Plan on November 15, 2016.

Benefits

A participants' vested interest in his or her account balance was distributable upon termination, disability, retirement or death. Participants could withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Notes Receivable from Participants

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, minus the highest outstanding loan balance in the previous 12 months. The maximum term of a loan was five years; or ten years, if the loan was for the purchase of a principal residence. The loans were secured by the balance in the participant's account and would bear interest at a rate of prime plus one percent (1%). Notes receivable from participants were repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants were measured at their unpaid principal balance, plus any accrued interest. Approximately \$1,169,000 of notes receivable from participants were transferred to the iQor Retirement Savings Plan on November 15, 2016.

Administrative Expenses

All transaction fees for loan and distribution requests and maintenance fees were paid out of the participants' accounts. Substantially all administrative expenses were paid by the Plan through forfeitures, if available; otherwise they were paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Presentation

In November 2016, the Company approved the merger of the Plan into the iQor Retirement Savings Plan effective November 15, 2016. As a result, the Plan's basis of accounting is the liquidation basis effective January 1, 2016.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were report at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

AMS 401(k) Retirement Plan

Payment of Benefits

Benefits were recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 7, 2017 the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Custodian

The following is a summary of the investments and notes receivable from participants prepared by or derived from information furnished by Bank of America, N.A. (the “Custodian” or “BOA”) as of November 15, 2016 and December 31, 2015 and for the period from January 1, 2016 through November 15, 2016, and included in the Plan’s financial statements. The plan administrator has obtained a certification from the Custodian that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the Custodian at November 15, 2016 and December 31, 2015, is as follows:

	2016	2015
Mutual funds, at fair value	\$ -	\$ 34,749,643
Guaranteed interest account, at contract value	-	1,501
Notes receivable from participants	-	1,238,233
Total	<u>\$ -</u>	<u>\$ 35,989,377</u>

The following was also certified by the Custodian for the period from January 1, 2016 through November 15, 2016:

Net appreciation in fair value of investments	<u>\$ 1,523,146</u>
Interest and dividend income	<u>\$ 163,043</u>
Interest income on notes receivable from participants	<u>\$ 42,249</u>

4. Fair Value Measurements

The Plan’s investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

AMS 401(k) Retirement Plan

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used from December 31, 2015 to November 15, 2016.

- *Mutual funds*: valued at quoted prices reported in an active market for each share held by the Plan.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation method was appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial statements could have resulted in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2015 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 34,749,643</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,749,643</u>

5. Tax Status

The Plan terms have been drafted in requirement with the Internal Revenue Service Revenue Procedure 2007-44. The Plan is required to operate in accordance with the Internal Revenue Code ("IRC") to maintain the tax exempt status for the Plan. Plan management believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes was included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan's management analyzed the tax positions taken by the Plan, and concluded that as of November 15, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party Transactions

Certain plan investments and notes receivables from participants were managed by Merrill Lynch and, therefore, these transactions qualify as party-in-interest transactions. During 2016, the Plan paid \$104,138 to Merrill Lynch for recordkeeping services provided.

7. Risks and Uncertainties

The Plan's investments were concentrated in mutual funds. Such securities were subject to various risks such as interest rate, market and credit risks, which determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it was at least reasonably possible that changes in market conditions in the near term could have materially affected participants' account balances and the value of investments reported in the financial statements.
