1. DESCRIPTION OF PLAN:

The following description of the Omya Industries Inc. 401(k) Savings Plan (formerly the Pluess-Stauffer Industries, Inc. 401(k) Savings Plan and herein after referred to as the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan effective January 1, 1987 covering all employees of Omya Industries Inc. (formerly known as Pluess-Stauffer Industries, Inc. and herein after referred to as the "Company" or "Employer") and its U.S. subsidiaries not covered under a collective bargaining agreement who have either 1) attained age 18, been hired before December 31, 1986, and been regularly scheduled to work 20 or more hours per week or 2) attained age 18, been hired after December 31, 1986 or previously not regularly scheduled to work 20 or more hours per week, been employed by the employer for at least 12 months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning the week of June 6, 1994, Bargaining Unit members of Vermont Marble Power Division of Omya Inc. were eligible to participate in the Plan. As of June 6, 1994, all Bargaining Unit members, 18 years or older, are eligible for Plan participation regardless of their length of service but any new hires after that date are subject to the eligibility requirements stated above. On September 2, 2011, the Vermont Marble Power Division of Omya Inc. was sold and all Bargaining Unit members ceased participation in the Plan as of that date.

Effective January 1, 1999, the Plan was amended to allow regular employees participation without meeting the minimum service requirement; thereby permitting entry on the first day of the calendar month following employment.

Effective August 7, 2000, Omya Alabama Inc. (formerly known as Alabama Carbonates, L.P.) adopted the Plan for all of its eligible employees.

Contributions

Participants may authorize the Employer to reduce their compensation by a percentage and to have such amount deposited to their contribution accounts. In no event, however, will the contribution exceed federally mandated limits. Unless electing otherwise, new entrants to the Plan have an automatic pre-tax wage deferral rate of 3%, increasing annually by 1% to a maximum deferral rate of 6%. Effective November 30, 2016, the Plan was amended to allow after-tax Roth contributions for all eligible employees.

The Company matches 50% of the first 6% of the employee pre-tax contributions for those participants who were employed on the last day of the Plan year.

The Company provides a Security Savings contribution of 4% of compensation up to the social security wage base plus an additional 8% of compensation in excess of the social security wage base.

In addition the Company may make a discretionary profit sharing contribution as determined by the Board of Directors. For 2016, the contribution was 4.3% of compensation up to the social security wage base plus an additional 6% of compensation in excess of the social security wage base.

Rollovers

With the approval of the Company, the Plan may receive pre-tax amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant accounts

Participants determine the allocation of their contributions to the various investment alternatives offered by the Plan. Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings. Allocations of Company matching contributions are based on deferrals, as defined by the Plan. Allocations of Company profit sharing and security savings contributions are based on the participant's eligible compensation and are credited only to participants employed by the Company on the last day of the plan year, as defined by the Plan. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits

Upon death, disability, retirement, or any other type of termination a participant may elect to receive a lump-sum amount equal to the value of his or her account. In-service distributions are permitted for participants who are age 59 ½ or older. Participant account balances less than \$1,000 may be distributed without consent upon termination of service. Participants with a total vested account balance in excess of the threshold may elect to receive a lump sum cash payment, an annuity or take installment payments. All distributions are subject to the applicable provisions of the plan agreement.

Notes receivable from participants

Participants may borrow from their deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants are also 100% vested in related Company matching contributions. Additionally, participants vest in Company profit sharing and security savings contributions in increments of 20% over six years, starting with the second full year of service.

Forfeitures

Forfeitures may be used to reduce future employer contributions and pay plan administrative fees. The balance in the forfeiture account available for employer contributions and plan administrative fees was \$58,049 and \$85,470 at December 31, 2016 and 2015, respectively. Forfeitures used in 2016 to reduce employer contributions were \$85,470.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent notes receivable from participants are recorded as distributions based on the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Accounting changes

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to adopt ASU 2015-12 in 2015. This change has no impact on net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date that the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds: Money market funds are valued at cost which approximates fair value.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement:

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the supplemental schedule of assets (held at end of year) as of December 31, 2016; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment. The Company provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. TAX STATUS:

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Services (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan was amended and restated as of August 7, 2015 to bring it into compliance with current regulations. While the Company has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
