**BUXTON COMPANY 401(k) SAVINGS PLAN**
Notes to Financial Statements

**1 - Description of Plan**

The following description of the Buxton Company 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution 401(k) plan covering substantially all employees of Buxton Company (the "Sponsor"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to be a qualified retirement plan under the Internal Revenue Code.

B. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 100% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended December 31, 2016 is $18,000 with an additional $6,000 catch-up provision for participants age fifty or older. The Sponsor's discretionary matching contribution for the year ended December 31, 2016 is based on a percentage of pretax employee contributions subject to a maximum of 50% of 5% of participants' eligible compensation. The participants direct the investment of the employee deferral and the Sponsor discretionary matching contributions to the various investment options offered by the Plan.

C. Expenses of Administering the Plan - Administrative expenses recorded in the financial statements represent expenses that were absorbed by participants related to the administration of the Plan.

D. Participants' Accounts - Each participant's account is credited with the participant's contributions, the Sponsor's discretionary matching contributions and an allocation of Plan gains and losses. Allocations for Plan gains and losses are based upon the ratio of each participant's account to the total participants' accounts. The benefit to which a participant is entitled is the vested amount in the participant's account.

E. Eligibility and Vesting - Employees of the Sponsor become eligible to participate in the Plan after they have attained the age of twenty-one and have completed six months of service with the Sponsor.

Participants' contributions plus actual earnings thereon are 100% vested at all times. Vesting of Sponsor contributions plus earnings thereon is based upon five full years of credited service allowing for various severance periods as follows:

| Years of Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 25% |
| 3 | 50% |
| 4 | 75% |
| 5 | 100% |

A participant is 100% vested upon termination by reason of retirement, death, or disability. Upon termination, any amount in which the participant is not vested shall be forfeited. Forfeitures may be applied to reduce future Sponsor contributions or to pay Plan expenses.

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance. The loans bear interest at variable rates and are secured by the balances in the participants' accounts. Principal and interest payments are redeposited in the participants' accounts based on their current allocation elections within the Plan. Participants may have no more than one loan outstanding at any one time.

**BUXTON COMPANY 401(k) SAVINGS PLAN**
Notes to Financial Statements

**1 - Description of Plan (continued)**

G. Payment of Benefits - Upon termination of service or retirement, participants entitled to payment under the Plan will have the option of receiving a lump sum distribution equal to their vested account balance or rolling their distribution over to an IRA or other qualified retirement plan.

H. Forfeited Accounts - As of December 31, 2016, there were no forfeited non-vested accounts. During the year ended December 31, 2016, forfeited non-vested accounts in the amount of $3,869 were used to reduce Sponsor contributions.

**2 - Summary of Significant Accounting Policies**

A. Basis of Presentation - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recognized when the obligation is incurred.

B. Valuation of Investments - Investments are stated at fair value as determined and certified by Capital Bank and Trust Company (the "Trustee"). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

C. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

D. Payment of Benefits - Benefits are recorded when paid.

E. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

F. Change in Accounting Policies - In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard.

**BUXTON COMPANY 401(k) SAVINGS PLAN**
Notes to Financial Statements

**2 - Summary of Significant Accounting Policies (continued)**

F. Change in Accounting Policies (continued) - In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II. Parts I and III are not applicable to the Plan.

G. Subsequent Events - The Sponsor has evaluated subsequent events through August 22, 2017, the date the financial statements were available to be issued.

**3 - Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

**4 - Income Tax Status**

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

**5 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

**6 - Fair Value Measurements**

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of December 31, 2016 and 2015:

| | Assets at Fair Value as of December 31, 2016 | | | | |

**6 - Fair Value Measurements (continued)**

Interest in registered investment companies and the self-directed brokerage account include money market funds, mutual funds and common stocks that are valued using quoted prices on nationally recognized securities exchanges.

Common collective investment trust consists of collective investment funds that are valued daily using models developed by the Plan's trustee. The units of these pooled funds are not traded on an exchange or over-the-counter.

The preceding methods described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**7 - Parties-In-Interest Transactions**

The Plan pays fees for various administrative and custodial services provided during the year. Fees paid using Plan assets during the year ended December 31, 2016 for these services totaled $1,219. These fees were based on customary and reasonable rates for such services.

The Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged and pays annual auditing fees on behalf of the Plan.
