1. Description of the Plan

Effective January 1, 2015, the Plan's name changed from Logos Technologies, Inc. Employees' Retirement Plan to Logos Technologies LLC (the Company) 401k Plan (the Plan).

The following description of the Plan provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all full-time employees of the Company who have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligible participants may contribute between 1% and 90% of their eligible compensation, not to exceed the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution and/or a profit sharing contribution to the Plan. For the year ended December 31, 2016, the Company made a discretionary match contribution of each participant's eligible contribution up to 3% of qualified eligible compensation. Employer match contributions, net of forfeitures, totaled $60,304 for the year ended December 31, 2016. The Company made no discretionary profit sharing contributions for the year ended December 31, 2016.

Participants direct the investment of their contributions and discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, allocations of the Company's profit sharing contribution, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant's interest in employer contributions allocated to their account

vests ratably over four years of credited service or in the event of death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance less the highest outstanding loan balance during the previous year. The notes are secured by the balance in the participant's account and bear interest at rates that range from 6% to 8%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from one to five years or up to twenty years for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may receive an amount equal to the value of their vested interest in the form of a lump sum payment. Upon termination of service, if the vested value of a participant's account is less than or equal to $1,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds $1,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term, elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Forfeited Accounts

The Company maintains a separate forfeiture account with Fidelity Management Trust Company (Fidelity), the Plan custodian and trustee. When an employee terminates employment prior to full vesting, the Plan's cumulative, unvested matching and profit sharing contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Company's forfeiture account. Employees who have had breaks in service with the Company are eligible to restore forfeited employer contributions to their account, subject to the Plan provisions. Forfeited accounts are utilized to reduce employer contributions. As of December 31, 2016 and 2015, the Plan had a total of $77,211 and $204,445, respectively, in forfeitures available to offset future employer contributions. Forfeitures totaling $282,615 were used to reduce employer contributions during the year ended December 31, 2016. The remaining balance at December 31, 2016 is expected to be utilized in 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 5 further information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

3. Concentrations of Significant Investments

As of December 31, 2016, the Plan's investment in the Fidelity Retirement Money Market Fund accounted for 12% of the Plan's total assets. As of December 31, 2015, there were no concentrations of significant investments.

4. Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2016	2015
Mutual funds	$ 16,687,722	$ 18,121,955
Money market funds	2,221,810	1,286,093
Notes receivable from participants	138,289	215,062

Year ended December 31, 2016	
Investment income:	
Net appreciation in fair value of investments	$ 811,182
Interest and dividends	578,738
Interest on notes receivable from participants	$ 11,401

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the NAV of shares held by the Plan at year end based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
		Fair Value Hierarchy Level		
	Total	Level 1	Level 2	Level 3

Total assets at fair value	$ 18,909,532	$ 18,909,532	$ -	$ -

	Assets at Fair Value as of December 31, 2015

Money market funds	1,286,093	1,286,093	-	-
Total assets at fair value	$ 19,408,048	$ 19,408,048	$ -	$ -

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, transactions with Fidelity qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

7. Income Tax Status

The Plan adopted a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balances.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 15, 2017 the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
