NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the Ciena Healthcare Management, Inc. 401(K) Plan (the "plan") provides only general information. Participants should refer to the plan's summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by Ciena Healthcare Management, Inc. (the "company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management is responsible for oversight of the plan and determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the Board of Trustees. All employees who have completed at least 3 months of service with the company, as defined in the plan, and are age 21 or older, are eligible to participate. Upon enrollment in the plan, a participant may direct employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The company has the option to make a discretionary employer contribution to the plan. During 2015 and 2014, the company elected to match 50% of a participant's contribution up to the first 5% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations of plan earnings are based on a participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants who leave the plan because of death, early or normal retirement, or disability retirement, as defined in the plan, are considered 100% vested. Company discretionary contributions and earnings thereon vest based on years of service (as defined in plan), as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 or more years	100%

CIENA HEALTHCARE MANAGEMENT, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2015 and 2014, forfeited nonvested account balances totaled \$24,923 and \$20,802, respectively. These accounts will be used to reduce future company contributions. During 2015, \$112,532 in forfeitures was used to reduce employer contributions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 59.5. The total vested portion of a participant's account balance is distributed in the form of lump-sum payment in cash. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the plan.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standards

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the plan for years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements*. ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (or depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application and management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly these provisions were retrospectively applied.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Subsequent Events

The plan has evaluated subsequent events for recognition or disclosure through August 31, 2017, the date the financial statements were available to be issued, for events requiring recording or disclosure in the plan's financial statements.

NOTE 3 - Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, John Hancock Life Insurance Company (U.S.A), the custodian of the plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

NOTE 4 - Fair Value Measurements (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 16,465,915	\$ -	\$ 16,465,915
Investments at fair value	\$ -	\$ 16,465,915	\$ -	\$ 16,465,915
Assets at Fair Value as of December 31, 2014

NOTE 5 - Fully Benefit Responsive Investment Contracts

The plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the plan as of December 31:

	2015	2014
Traditional investment contract	\$ 264,167	\$ 2,598

CIENA HEALTHCARE MANAGEMENT, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 5 - Fully Benefit Responsive Investment Contracts (cont.)

The traditional investment contract held by the plan is a guaranteed interest contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The plan's ability to receive amounts due to accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the plan's prohibition of competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or signoffs of a subsidiary) that significantly affect the plan's normal operations.

No events are occurring that might limit the ability of the plan to transact a contract value with the contract issuers and that also would limit the ability of the plan to transact a contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

CIENA HEALTHCARE MANAGEMENT, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 6 - Administration of Plan Assets

The plan's assets are administered under a contract with John Hancock Life Insurance Company (U.S.A), the custodian of the plan. The custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 7 - Related Party and Party In Interest Transactions

Certain transactions of the plan's investments are managed by the custodian as defined by the plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the investment manager services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the plan are performed by officers or employees of the company. No such officer or employee receives compensation from the plan.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the company has the right to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their company contributions.

NOTE 9 - Tax Status

The IRS has determined and informed the company by a letter dated March 29, 2012, that the plan and related trust are designed in accordance with applicable sections of the IRC. The plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the plan's qualified status.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CIENA HEALTHCARE MANAGEMENT, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 10 - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2015 and 2014, the plan had investments that accounted for 32% and 44%, respectively, that were concentrated in three funds and four funds, respectively.

NOTE 11 - Delinquent Participant Contributions

For the year ended December 31, 2015, the company did not remit certain participant contributions to the plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled \$149,640, were corrected and the company has compensated participants for lost earnings resulting from the delay in contributions.
