Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cat-i Manufacturing 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Capital Bank and Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Cat-i Manufacturing 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Cat-i Manufacturing, Inc. (the "Company") for employees that meet specific age and service eligibility requirements as defined in the Plan document. The Plan, designated as a safe harbor defined contribution plan, was established on January 1, 2016. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company are eligible to enter the Plan on the first day of the quarter coinciding with or next following the date the employee has met the eligibility requirements, provided the participant is at least 18 years of age and have obtained 500 hours of credited service within a 6-month time period. The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Trustee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Eligible participants may elect to contribute pre-tax deferred compensation and/or after-tax Roth compensation, as defined in the Plan, to the Plan by means of a salary deferral agreement up to the maximum amount as permitted by law. Annually, the Company makes safe harbor contributions to the Plan in accordance with Plan provisions. All contributions are subject to certain limitations as provided in the Code and as described in the Plan. Salary deferral contributions are funded proximate to the withholding date. Safe harbor matching contributions are funded along with salary deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans. Additional contributions, designated as "catch-up" contributions, may be deferred by those participants who have attained the age of fifty, before the end of the Plan year, which are subject to a maximum limit as provided in the code.

The safe harbor matching contribution of the Company is based upon a uniform percentage of each participant's elective salary deferral and total compensation. The uniform percentage for the safe harbor matching contributions is equal to 100% of participant salary deferrals that do not exceed 3% of the participants compensation plus 50% of salary deferrals between 3% and 5% of the participants compensation. The participants are immediately 100% vested in the safe harbor matching contributions. Additional amounts may be contributed by the Company under qualified non-elective contribution provisions of the Plan.

All contributions are participant-directed into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited or charged, as applicable, with the participant's contribution and allocations of (a) the Company's safe harbor contributions, (b) the Plan's net earnings or losses, (c) the Plan's administrative expenses and (d) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances or compensation, as defined in the Plan agreement or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A--DESCRIPTION OF PLAN-continued

Vesting

Participants are immediately vested in their voluntary contributions, Company safe harbor contributions and qualified non-elective Company contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions such as regular matching contributions, additional matching contributions and other non-elective contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service, in accordance with the following vesting schedule:

Vesting Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability, are 100% vested in their account balances.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time. During any period in which there is not participant direction on file with the custodian as to the investment of a participant's account, 100% of the participant's account will be invested in the investment option designated from time to time by the Trustee as the default investment. The Plan currently offers various mutual funds as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. The $50,000 maximum loan amount is reduced by the participants highest outstanding loan balance in the previous 12 months over the existing loan balance, if any, on the date a new loan is made. The loans are secured by the nonforfeitable balance in the participant's account and bear interest at the prime rate published in The Wall Street Journal on the first business day of each month, plus 2%. Loan terms may not exceed 5 years unless the loan is obtained for the purchase of a participant's residence, in which case the loan term may not exceed 15 years. Principal and interest are typically paid ratably through periodic payroll deductions. The interest rate applied to current outstanding loans is 5.50%.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments for certain distributions as defined in the Plan.

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits-continued

All distributions will be made as soon as administratively feasible after the participant's separation from service. However, those account balances in excess of $5,000 (not including rollover account balances), will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Participants may also elect to receive hardship withdrawals prior to termination of employment from the vested portion of their account, subject to Plan provisions. Participants who have not separated from service may receive an in-service distribution provided the participant has attained age 59 ½ .

Forfeitures

Forfeited non-vested accounts totaled $1,159 at December 31, 2016. Forfeited accounts can be used to reduce the employer's non-elective contributions, as applicable, or be used to pay any administrative expenses. For the Plan year ended December 31, 2016, forfeitures were not used to reduce employer's non-elective contributions or Plan expenses.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants, as defined in the Plan document. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient for Plans with fiscal year end that does not coincide with a month-end. Parts I and II are effective for fiscal years beginning after December 15, 2015 to be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 to be applied prospectively, with early application permitted.

Plan management adopted Part II and applied to the current year disclosures. As a result, the Plan does not disclose individual investments greater than 5% of net assets, disclosed the net depreciation in investments only in aggregate, not by investment type, and does not disclose investments in the ASC 820 hierarchy table by the nature, characteristics, and risk of the investment, but only by general type of investment, does not include assets reported at contract value in the hierarchy table. Parts I and III is currently not applicable to this Plan. There was no impact on the Plan's changes in net assets available for benefits or net assets available for benefit upon adoption of the new standard.

Date of Management's Review

Subsequent events were evaluated through September 7, 2017, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value.

The fair value of registered investment companies ("mutual funds") are valued at the daily closing price as reported by each mutual fund, which are open-ended mutual funds registered with the Securities and Exchange Commission. Each fund is required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C--FAIR VALUE MEASUREMENTS-continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016.

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Registered investment companies	$ 1,711,398	$ -	$ -	$ 1,711,398
Total assets at fair value	$ 1,711,398	$ -	$ -	$ 1,711,398

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule held at December 31, 2016, and net depreciation in the fair value of investments and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital Bank and Trust Company, the Custodian. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian.

Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following represents information certified by the Custodian as of December 31, 2016:

Registered investment companies	$ 1,711,398
Notes receivable from participants	1,373
Dividends - registered investment companies	49,226
Net depreciation in fair value of registered investment companies	(15,569)
Interest income on notes receivable from participants	8

NOTE E--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for these investment management services are included in net depreciation of fair value of registered investment companies on the accompanying statement of changes in net assets.

A third party administrator also performs administrative and recordkeeping services for the Plan and receives fees paid by the Company for these services.

Certain employees of the Company provide administrative services for the Plan and the Company is not reimbursed for their services.

NOTE E--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS-continued

The Custodian provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the Custodian. The Custodian receives revenue from the Plan for performance of these services. This revenue is also used to offset certain amounts owed to the financial advisors, authorized representatives and other third party administrators for the services they provide the Plan.

NOTE F--PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants' account balances would become fully vested in their employer contributions.

NOTE G--TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under the Code section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is still subject to income tax examinations for the Plan year ending December 31, 2016.

NOTE H--RISKS AND UNCERTANTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain of these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the loans could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic situation of the Company itself.
