Notes to Financial Statements

1. Description of Plan

The following description of the Premier Attractions Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Premier Attractions Management and affiliated companies who have adopted the Plan (collectively the "Company"). Employees are eligible after completing one year of service and attaining age 21 or older. Certain members of Company management serve as trustees and manage the operation and administration of the Plan. Charles Schwab Bank serves as custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan document, subject to Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company may make match contributions or additional discretionary profit sharing contributions. No employer match or profit sharing contributions were made for the year ended December 31, 2016. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after 4 years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2016, outstanding loans bore interest rates ranging from 3.25% to 4.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Hardship distributions are available from participant salary deferrals upon demonstration of financial hardship, with limitations as defined in the Plan.

Forfeitures

At December 31, 2016 and 2015, there were no forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are paid by the Plan and charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through August 22, 2017, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2016 and 2015. The following is a description of the valuation methodologies used for assets measured at fair value:

Interest-bearing cash

Valued daily at its closing cash balance as reported by the custodian.

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by the custodian as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

Premier Attractions Management 401(k) Plan
Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2016 and 2015.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 253	\$ -	\$ -	\$ 253
Mutual funds	<u>4,534,214</u>	<u>-</u>	<u>-</u>	<u>4,534,214</u>
Total assets in the fair value hierarchy	<u>\$ 4,534,467</u>	<u>\$ -</u>	<u>\$ -</u>	<u>4,534,467</u>
Investments measured at NAV (a)				<u>55,885</u>
Investments at fair value				<u>\$ 4,590,352</u>

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 1,121	\$ -	\$ -	\$ 1,121
Mutual funds	<u>3,723,369</u>	<u>-</u>	<u>-</u>	<u>3,723,369</u>
Total assets in the fair value hierarchy	<u>\$ 3,724,490</u>	<u>\$ -</u>	<u>\$ -</u>	<u>3,724,490</u>
Investments measured at NAV (a)				<u>8,850</u>
Investments at fair value				<u>\$ 3,733,340</u>

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2015	Fair Value at December 31, 2014	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	\$ 55,885	\$ 8,850	None	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by the Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian.

	<u>2016</u>	<u>2015</u>
Investments at fair value	<u>\$ 4,590,352</u>	<u>\$ 3,733,340</u>
Net appreciation in fair value of investments	<u>\$ 178,907</u>	
Interest and dividends	<u>\$ 113,436</u>	

5. Exempt Party-In-Interest Transactions

Certain plan investments are managed by affiliates of the custodian. Charles Schwab Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid \$24,470 to WESPAC for administrative services and investment advisor fees during 2016. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2015 financial statements to Schedule H of Form 5500 as of December 31, 2015:

Net assets available for benefits per the financial statements	\$ 3,843,014
Liability not reflected on the financial statements	<u>(732)</u>
Net assets available for benefits per the Form 5500	<u>\$ 3,842,282</u>

The following is a reconciliation of the net change in assets available for benefits per the financial statements for the year ended December 31, 2016 to Schedule H of Form 5500.

Net change in net assets available for benefits per the financial statements	\$ 855,505
Add prior year liability accrued on tax return	<u>732</u>
Net income per Form 5500	<u>\$ 856,237</u>

Communication with Those Charged with Governance

August 22, 2017

Those Charged with Governance
Premier Attractions Management 401(k) Plan

We have completed a Department of Labor ("DOL") limited-scope audit of the financial statements of Premier Attractions Management 401(k) Plan (the "Plan") as of and for the year ended December 31, 2016 and have issued our report thereon dated August 22, 2017. As permitted by regulation 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities in accordance with auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated February 1, 2017.

Professional standards also require that we communicate to you the following information related to our audit:

Qualitative Aspects of Accounting Practices

Plan management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we have advised management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2016.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from management's current judgments. There were no particularly sensitive accounting estimates to report.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter which is included in Appendix A.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We are pleased to report that no misstatements were noted as a result of audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of the audit.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those financial statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. During the course of our audit, we noted the following:

Bonus Compensation Deferrals

The Plan restatement effective January 1, 2016, included bonuses in the definition of compensation eligible for deferrals, however 401(k) is not being withheld from bonuses. We recommend the Company consult with the third-party administrator regarding corrective action and consider changing the Plan provisions to match operation or change the policy for withholding on bonuses to match the Plan provisions.

This information is intended solely for the use of Those Charged with Governance and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Dixon Hughes Goodman LLP

Norfolk, Virginia

This representation letter is provided in connection with your audits of the financial statements and supplemental schedules of Premier Attractions Management 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements. As permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Charles Schwab Bank, the custodian, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are

presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter, the following representations made to you during your audits.

We have evaluated the Plan's tax positions, including its status of being qualified under the appropriate section of the IRC and have determined that the Plan does not have any material uncertain tax positions.
 - 35. We are responsible for determining whether an employee is eligible to participate in the Plan and informing that employee of their opportunity to participate in the Plan.
