NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Scott Fetzer Hourly Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible hourly employees of the companies listed in the next paragraph. Employees covered by the Plan become eligible to enter the Plan immediately upon completion of 60 days of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Scott Fetzer Company Administrative Committee oversees governance of the Plan. The Scott Fetzer Company Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

An eligible employee must be an hourly employee of the SFEG Inc./Scott Fetzer Company; Cleveland Wood Products/Scott Fetzer Company; Douglas/Quikut/Scott Fetzer Company; Adalet/Scott Fetzer Company (Houston, Texas and Cardington, OH locations); Kirby/Scott Fetzer Company; Meriam Instrument, Division of Adalet/Scott Fetzer Company; Stahl/Scott Fetzer Company; Western/Scott Fetzer Company; Western Plastics, Division of Western/Scott Fetzer Company; Halex/Scott Fetzer Company; Carefree/Scott Fetzer Company; Altaquip LLC or United Consumer Financial Services Company (collectively, the Companies). The employee must also not be a member of a unit of employees covered by a collective bargaining agreement and may not be a nonresident alien.

Contributions

Each year, participants may contribute to the Plan up to 50% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Employer contributions are made only if a participant is an eligible employee of an employer that has chosen to participate as a "Matching Employer." Employer contributions to the Plan (made each pay period) equal 50% of the first 4% of credited compensation that is contributed pre-tax to the Plan (6% for Adalet Texas, Division of Adalet in Houston, Texas/Scott Fetzer Company), or 35% of the first 6% of eligible compensation for the Altaquip/Scott Fetzer Company. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, allocations of the employer's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged a portion of administrative expenses that are paid by the Plan. The portion of administrative expenses charged to participants are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. When a participant leaves the employer due to retirement, death, or disability, the participant's employer contribution becomes fully vested and will be paid to the participant, along with the voluntary contribution accounts. If a participant leaves the employer for any other reason, the participant will be entitled to his or her voluntary contribution accounts and any vested employer contributions.

Payment of Benefits

Upon attaining age 59 ½ or termination of service, whether voluntary or involuntary, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. In the absence of a different election by a participant, and if the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Regardless of account balance, participants that have terminated and reached age 70 ½ must take a full distribution of their vested account balance in the form of a rollover or cash distribution, and must also take required minimum distributions in accordance with IRS regulations. Active participants that have reached age 70 ½ are not required to take full or required minimum distributions. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or to reduce administrative expenses. At December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately \$56,000 and \$117,000, respectively. During 2016, approximately \$54,000 was transferred to the forfeiture account and approximately \$75,000 was used to offset employer contributions and approximately \$42,000 was used to offset administrative expenses.

Transfers Out of the Plan – Net

During 2016, approximately \$553,000 was transferred into and \$214,000 out of the Plan from/to a related plan based on changes in eligibility criteria of the participants, as defined. Also during 2016, approximately \$2,300,000 was transferred out of the Plan to a related plan for a division which is now eligible to participate in a related plan.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Wells Fargo Bank, N.A. (Wells Fargo), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Scott Fetzer Company Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Wells Fargo as of December 31, 2016 and 2015, representing investments in mutual funds, a stable value collective trust fund, and self-directed brokerage accounts consisting of common stocks.

Investments of participants' contributions and the employer contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2016 and 2015, and for the year ended December 31, 2016, the Plan did not have a liability for unrecognized tax benefits.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through August 28, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Wells Fargo, the trustee.

Wells Fargo has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A bank collective trust fund that is composed primarily of a stable value fund that primarily invests in fully benefit-responsive investment contracts which is valued at the NAV of units of the bank collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

Self-directed brokerage accounts (SDB Accounts): Valued at the appraised values of the underlying individual assets within the brokerage accounts. The brokerage accounts primarily include common stocks which are traded on an active market and valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2016, totaling \$9,961,434 and a stable value collective trust fund measured at NAV as a practical expedient which totaled \$3,503,705 at December 31, 2016.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,526,718	\$	\$	\$10,526,718
Self-directed brokerage accounts	<u>10,143</u>			<u>10,143</u>
Total assets in the fair value hierarchy	10,536,861			10,536,861
Stable value collective trust fund measured at NAV				<u>4,138,841</u>
Investments at fair value	<u>\$10,536,861</u>	<u>\$</u>	<u>\$</u>	<u>\$14,675,702</u>

The Plan did not hold any Level 3 assets during the year.

NOTES TO THE FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Wells Fargo provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is remitted to the Plan's trust on a quarterly basis and is allocated to the accounts of the participants. During 2016, such amounts totaled approximately \$24,000 and are included in net appreciation of fair value of investments on the accompanying statement of changes in net assets available for benefits.

6. PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The IRS has determined and informed the Companies by a letter dated March 29, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and the related trust were tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Scott Fetzer Hourly Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible hourly employees of the companies listed in the next paragraph. Employees covered by the Plan become eligible to enter the Plan immediately upon completion of 60 days of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Scott Fetzer Company Administrative Committee oversees governance of the Plan. The Scott Fetzer Company Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

An eligible employee must be an hourly employee of the SFEG Inc./Scott Fetzer Company; Cleveland Wood Products/Scott Fetzer Company; Douglas/Quikut/Scott Fetzer Company; Adalet/Scott Fetzer Company (Houston, Texas and Cardington, OH locations); Kirby/Scott Fetzer Company; Meriam Instrument, Division of Adalet/Scott Fetzer Company; Stahl/Scott Fetzer Company; Western/Scott Fetzer Company; Western Plastics, Division of Western/Scott Fetzer Company; Halex/Scott Fetzer Company; Carefree/Scott Fetzer Company; Altaquip LLC or United Consumer Financial Services Company (collectively, the Companies). The employee must also not be a member of a unit of employees covered by a collective bargaining agreement and may not be a nonresident alien.

Contributions

Each year, participants may contribute to the Plan up to 50% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Employer contributions are made only if a participant is an eligible employee of an employer that has chosen to participate as a "Matching Employer." Employer contributions to the Plan (made each pay period) equal 50% of the first 4% of credited compensation that is contributed pre-tax to the Plan (6% for Adalet Texas, Division of Adalet in Houston, Texas/Scott Fetzer Company), or 35% of the first 6% of eligible compensation for the Altaquip/Scott Fetzer Company. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, allocations of the employer's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged a portion of administrative expenses that are paid by the Plan. The portion of administrative expenses charged to participants are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. When a participant leaves the employer due to retirement, death, or disability, the participant's employer contribution becomes fully vested and will be paid to the participant, along with the voluntary contribution accounts. If a participant leaves the employer for any other reason, the participant will be entitled to his or her voluntary contribution accounts and any vested employer contributions.

Payment of Benefits

Upon attaining age 59 ½ or termination of service, whether voluntary or involuntary, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. In the absence of a different election by a participant, and if the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Regardless of account balance, participants that have terminated and reached age 70 ½ must take a full distribution of their vested account balance in the form of a rollover or cash distribution, and must also take required minimum distributions in accordance with IRS regulations. Active participants that have reached age 70 ½ are not required to take full or required minimum distributions. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or to reduce administrative expenses. At December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately \$56,000 and \$117,000, respectively. During 2016, approximately \$54,000 was transferred to the forfeiture account and approximately \$75,000 was used to offset employer contributions and approximately \$42,000 was used to offset administrative expenses.

Transfers Out of the Plan – Net

During 2016, approximately \$553,000 was transferred into and \$214,000 out of the Plan from/to a related plan based on changes in eligibility criteria of the participants, as defined. Also during 2016, approximately \$2,300,000 was transferred out of the Plan to a related plan for a division which is now eligible to participate in a related plan.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Wells Fargo Bank, N.A. (Wells Fargo), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Scott Fetzer Company Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Wells Fargo as of December 31, 2016 and 2015, representing investments in mutual funds, a stable value collective trust fund, and self-directed brokerage accounts consisting of common stocks.

Investments of participants' contributions and the employer contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2016 and 2015, and for the year ended December 31, 2016, the Plan did not have a liability for unrecognized tax benefits.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through August 28, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Wells Fargo, the trustee.

Wells Fargo has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A bank collective trust fund that is composed primarily of a stable value fund that primarily invests in fully benefit-responsive investment contracts which is valued at the NAV of units of the bank collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

Self-directed brokerage accounts (SDB Accounts): Valued at the appraised values of the underlying individual assets within the brokerage accounts. The brokerage accounts primarily include common stocks which are traded on an active market and valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2016, totaling \$9,961,434 and a stable value collective trust fund measured at NAV as a practical expedient which totaled \$3,503,705 at December 31, 2016.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO THE FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Wells Fargo provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is remitted to the Plan's trust on a quarterly basis and is allocated to the accounts of the participants. During 2016, such amounts totaled approximately \$24,000 and are included in net appreciation of fair value of investments on the accompanying statement of changes in net assets available for benefits.

6. PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The IRS has determined and informed the Companies by a letter dated March 29, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and the related trust were tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Scott Fetzer Hourly Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible hourly employees of the companies listed in the next paragraph. Employees covered by the Plan become eligible to enter the Plan immediately upon completion of 60 days of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Scott Fetzer Company Administrative Committee oversees governance of the Plan. The Scott Fetzer Company Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

An eligible employee must be an hourly employee of the SFEG Inc./Scott Fetzer Company; Cleveland Wood Products/Scott Fetzer Company; Douglas/Quikut/Scott Fetzer Company; Adalet/Scott Fetzer Company (Houston, Texas and Cardington, OH locations); Kirby/Scott Fetzer Company; Meriam Instrument, Division of Adalet/Scott Fetzer Company; Stahl/Scott Fetzer Company; Western/Scott Fetzer Company; Western Plastics, Division of Western/Scott Fetzer Company; Halex/Scott Fetzer Company; Carefree/Scott Fetzer Company; Altaquip LLC or United Consumer Financial Services Company (collectively, the Companies). The employee must also not be a member of a unit of employees covered by a collective bargaining agreement and may not be a nonresident alien.

Contributions

Each year, participants may contribute to the Plan up to 50% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Employer contributions are made only if a participant is an eligible employee of an employer that has chosen to participate as a "Matching Employer." Employer contributions to the Plan (made each pay period) equal 50% of the first 4% of credited compensation that is contributed pre-tax to the Plan (6% for Adalet Texas, Division of Adalet in Houston, Texas/Scott Fetzer Company), or 35% of the first 6% of eligible compensation for the Altaquip/Scott Fetzer Company. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, allocations of the employer's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged a portion of administrative expenses that are paid by the Plan. The portion of administrative expenses charged to participants are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. When a participant leaves the employer due to retirement, death, or disability, the participant's employer contribution becomes fully vested and will be paid to the participant, along with the voluntary contribution accounts. If a participant leaves the employer for any other reason, the participant will be entitled to his or her voluntary contribution accounts and any vested employer contributions.

Payment of Benefits

Upon attaining age 59 ½ or termination of service, whether voluntary or involuntary, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. In the absence of a different election by a participant, and if the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Regardless of account balance, participants that have terminated and reached age 70 ½ must take a full distribution of their vested account balance in the form of a rollover or cash distribution, and must also take required minimum distributions in accordance with IRS regulations. Active participants that have reached age 70 ½ are not required to take full or required minimum distributions. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or to reduce administrative expenses. At December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately \$56,000 and \$117,000, respectively. During 2016, approximately \$54,000 was transferred to the forfeiture account and approximately \$75,000 was used to offset employer contributions and approximately \$42,000 was used to offset administrative expenses.

Transfers Out of the Plan – Net

During 2016, approximately \$553,000 was transferred into and \$214,000 out of the Plan from/to a related plan based on changes in eligibility criteria of the participants, as defined. Also during 2016, approximately \$2,300,000 was transferred out of the Plan to a related plan for a division which is now eligible to participate in a related plan.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Wells Fargo Bank, N.A. (Wells Fargo), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Scott Fetzer Company Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Wells Fargo as of December 31, 2016 and 2015, representing investments in mutual funds, a stable value collective trust fund, and self-directed brokerage accounts consisting of common stocks.

Investments of participants' contributions and the employer contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2016 and 2015, and for the year ended December 31, 2016, the Plan did not have a liability for unrecognized tax benefits.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through August 28, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Wells Fargo, the trustee.

Wells Fargo has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A bank collective trust fund that is composed primarily of a stable value fund that primarily invests in fully benefit-responsive investment contracts which is valued at the NAV of units of the bank collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

Self-directed brokerage accounts (SDB Accounts): Valued at the appraised values of the underlying individual assets within the brokerage accounts. The brokerage accounts primarily include common stocks which are traded on an active market and valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2016, totaling \$9,961,434 and a stable value collective trust fund measured at NAV as a practical expedient which totaled \$3,503,705 at December 31, 2016.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,526,718	\$	\$	\$10,526,718
Self-directed brokerage accounts	<u>10,143</u>			<u>10,143</u>
Total assets in the fair value hierarchy	10,536,861			10,536,861

Investments at fair value	<u>\$10,536,861</u>	<u>\$</u>	<u>\$</u>	<u>\$14,675,702</u>

The Plan did not hold any Level 3 assets during the year.

NOTES TO THE FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Wells Fargo provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is remitted to the Plan's trust on a quarterly basis and is allocated to the accounts of the participants. During 2016, such amounts totaled approximately \$24,000 and are included in net appreciation of fair value of investments on the accompanying statement of changes in net assets available for benefits.

6. PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The IRS has determined and informed the Companies by a letter dated March 29, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and the related trust were tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
